(ROLL CALL VOTE)

Executive Summary: The Board is asked to consider adoption of a resolution authorizing and approving various lease documents, a supplemental indenture, a bond purchase agreement and various certificates related to the issuance of University of Iowa Facilities Corporation Revenue Refunding Bonds for the Roy J. and Lucille A. Carver Biomedical Research Building (CBRB).

A review of possible refundings by Springsted, Inc., the Board’s and Corporation’s Financial Advisor, has determined that significant interest rate savings could occur by refunding the 2013 – 2028 maturities of the $17,000,000 University of Iowa Facilities Corporation Revenue Bonds, Series 2002A. These bonds were the second of three bond issues sold to finance a portion of the cost of the CBRB.

The proposed refunding of the bonds would be a current refunding as the refunding would occur less than 90 days prior to the initial call date of June 1, 2012. The June 1, 2012 principal payment would be made with available resources; the 2013-2028 maturities of the bonds would be called and the principal payments made on the redemption date. The refunding would not extend the maturity of the bonds beyond the last scheduled maturity of the 2002A Series bonds.

Interest rates on the refunding bonds are anticipated to be lower than the interest rates on the refunded bonds for the same years. (Rates on the 2002A Series bonds range from 3.50% in 2013 to 4.75% in 2028.) Springsted, Inc. has projected that the refunding would result in a present value savings of approximately $930,000. Annual cash flow savings are estimated at approximately $80,000.

The refunding issuance amount is estimated at $12,980,000. This amount will be adjusted up or down, depending upon the bid received, but will not exceed $13,500,000. This flexibility will provide sufficient funds to call and redeem the Series 2002A Refunded Bonds and to pay costs of issuance, which are estimated at $88,000.
Facilities Corporation: The University of Iowa Facilities Corporation was incorporated in 1967 as a not-for-profit supporting organization of the University of Iowa Foundation to assist in maintaining, developing, increasing, and extending the facilities and services of the University.

Although the bonds would be issued by the Facilities Corporation, they are deemed by Internal Revenue Service rulings to be issued “on behalf” of the Board of Regents and the State of Iowa. The Board of Regents must, therefore, approve the sale and terms of the bonds. The bonds would be single tax-exempt (exempt from federal, but not state taxes).

The bond structure for the University of Iowa Facilities Corporation bond issues differs from the structure used for Board of Regents bonds. The Corporation issues the debt and leases the facility to the Board for use by the University during the term of the bonds. Upon retirement of the bonds, the facility is conveyed to the University.

Additional Information: The receipt and opening of bids is scheduled for 10:00 a.m. on Tuesday, February 7, 2012. The Executive Committee of the Board of Directors of the Facilities Corporation is expected to approve the sale and terms of the bonds based on the best bid at a meeting scheduled for that date. The Board of Regents, at its regularly scheduled meeting, will be asked to approve the previously referenced resolution, which was prepared by Ahlers & Cooney, P.C.

The official statement for the bond sale may be found on the website of Springsted, Inc., at http://www.springsted.com/.
