Background:

The Iowa Code [68B]:
- Does not alleviate the requirement for institutions to obtain competitive bids and provide public notice.
- Prohibits an official or employee of a regulatory agency from selling, either directly or indirectly, goods or services to the agency of which the individual is an official or employee, except when certain conditions are met.
- Requires all regulatory agencies to adopt rules specifying the method by which employees may obtain agency consent for exception.

The Iowa Administrative Code [681-8.9]:
- Precludes individuals with potential conflicts from being directly involved in the purchasing decisions or authorizing of any such contracts making material changes to such contracts.
- Requires Board authorization when a single purchase from a conflict of interest vendor (Regents employee) exceeds $2,000 unless the sale is made after public notice and competitive bidding.

Once a vendor with a potential conflict of interest is approved by the Board, any Regents institution is authorized to purchase from that vendor.
