 - ◆ University of Northern Iowa <http://auditor.iowa.gov/reports/1261-8030-B000.pdf>

Executive Summary: The Code of Iowa requires the State Auditor to conduct audits on all state entities, including the Regents institutions and the Board Office. The Comprehensive Annual Financial Report (CAFR) and the State Audit Report (SAR) are released annually and contain information regarding the five Regents institutions, the Board Office, and the rest of state government. The State Auditor also provides an opinion on the university financial reports, which are issued annually.

State Auditor David Vaudt is scheduled to make brief comments on these reports.

STATE OF IOWA REPORTS

- The CAFR provides a broad perspective of the state of Iowa's financial activity with a general overview of the condition of the state, audited financial statements of the state, and a statistical section containing financial and demographic information.
 - ◆ The financial statements were prepared in accordance with governmental accounting principles generally accepted in the United States. The report noted that the financial statements present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the state of Iowa as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, for the year then ended.
 - ◆ The net assets of the state primary government as of June 30, 2011, totaled \$13,326.1 million, an increase of \$734.9 million over the \$12,591.2 million (restated) as of June 30, 2010.
- The SAR, required by federal law, covers the disbursement of federal funds by all state agencies, institutions, and universities, as well as a review of internal controls, compliance with federal laws and regulations, and follow-up on prior year federal comments. No findings were reported on the Regents institutions or the Board Office.

UNIVERSITY FINANCIAL REPORTS (includes Auditor of State opinion and internal control letter)

The auditors identified significant deficiencies in internal control over financial reporting at the University of Iowa with respect to donated land and early retirement liability. The auditors did not identify any deficiencies in internal control over financial reporting considered to be material weaknesses at Iowa State University or the University of Northern Iowa.
