RESOLUTION FOR THE SALE AND ISSUANCE OF $13,170,000 (ESTIMATED) PARKING SYSTEM REVENUE REFUNDING BONDS, SERIES S.U.I. 2013

Action Requested: Consider adopting the following resolution, subject to receipt of acceptable bids:

A Resolution providing for the sale and authorizing and providing for the issuance and securing the payment of $13,170,000 (estimated) Parking System Revenue Refunding Bonds, Series S.U.I. 2013, for the purpose of advance refunding the $18,250,000 Parking System Revenue Bonds, Series S.U.I. 2004, paying the costs of issuance, and approving a Refunding Trust Agreement.

(ROLL CALL VOTE)

Executive Summary: The Board is asked to consider adoption of a resolution providing for the sale, award, authorization, and issuance of Parking System Revenue Refunding Bonds for the University of Iowa. When the calendar year 2012 bond issuance schedule was approved by the Board in October 2011, it authorized such refunding bonds as the Executive Director determines advisable.

A review of possible refundings by Springsted, Inc., the Board’s Financial Advisor, has determined that interest rate savings could occur by refunding the 2014 - 2025 maturities of the $18,250,000 Parking System Revenue Bonds, Series S.U.I. 2004. These bonds were issued to provide for construction of the Melrose Avenue Parking Facility Expansion at the University. The University’s parking system is a self-supporting operation and receives no state appropriations.

Interest on the refunding bonds would be exempt from federal and state taxes (double tax-exempt) for Iowa residents who purchase the bonds. Interest on the bonds to be refunded has also been double tax-exempt.

The refunding of the Parking System Revenue bonds would be an advance refunding as the refunding would occur prior to the initial call date of July 1, 2014. The proceeds from the sale of the refunding bonds, net of issuance expenses, would be invested in U.S. Treasury Obligations or other permitted investments to fund an escrow account which would be used to redeem the 2014 - 2025 maturities. The University will deposit into the escrow account the principal and interest due on July 1, 2013. The refunding would not extend the maturity of the bonds beyond the last scheduled maturity of the 2004 Series bonds.

Interest rates on the refunding bonds are anticipated to be lower than the interest rates on the refunded bonds for the same years. (Rates on the 2004 Series bonds range from 4.6% in 2014 to 5.0% in 2025.) Springsted, Inc. has projected that the refunding would result in a present value savings of approximately $1,600,000. Annual cash flow savings are estimated at approximately $170,000.
The refunding issuance amount is estimated at $13,170,000. This amount will be adjusted up or down, depending upon the bid received, but not to exceed $13,750,000, in order to provide sufficient funds to call and redeem the Series 2004 Refunded Bonds and to pay costs of issuance, which are estimated at $91,300.

**Additional Information:** Under the provision of Iowa Code Chapter 262, the Board is authorized to construct, equip, maintain and operate self-liquidating and revenue producing facilities at the universities; the Board is also authorized to borrow money to construct or improve these facilities.

The sources of repayment are the income and revenues to be derived from the operation or use of the facility and from any fees or charges implemented by the Board to students for whom the facilities are made available.

The receipt and opening of bids is scheduled for 10:00 a.m. on Wednesday, December 5, 2012, and the award is scheduled for later that day. A representative of Springsted, Inc. will report on the bids received and make a recommendation to the Board for award of the bonds.
