

LETTER OF TRANSMITTAL

Hon. John Hammill, Governor.

Sir: As provided by law, I herewith submit to you and to the Members of the Forty-third General Assembly, the Tenth Biennial Report of the Iowa State Board of Education for the period July 1, 1926, to June 30, 1928. This report contains the observations and conclusions of the Board respecting the State University of Iowa, the Iowa State College of Agriculture and Mechanic Arts, the Iowa State Teachers College, the Iowa School for the Blind, and the Iowa School for the Deaf. It also contains the statistical reports of the executives of these five educational institutions.

Geo. T. Baker, President.

Des Moines, Iowa, July 11, 1928.

Tenth Biennial Report of the Iowa State Board of Education

In submitting its tenth biennial report the Iowa State Board of Education would in its preamble confine itself to just a few general statements. The needs of the institutions for the next biennium are presented in detail in this report, and the arguments supporting the same by the presidents and superintendents of the several institutions in the reports they have made to the Board are made a part hereof and you are respectfully referred to them for detailed information.

We would like to call your attention to the following things:

1. That the State Board of Education, like other boards created by the Legislature, has as its chief duty the study of the whole situation and presenting the results of that study to the Governor and the General Assembly. We are bound to confess that the development which has taken place during the last nineteen years has been beyond any expectations that any of us have had from one biennium to another. More than once we have said to ourselves, "The peak has been reached; we will not have to ask the next Legislature for any more money", but each time the demands of the people of the state for higher education and for extension service have increased and there has been nothing for this Board to do but to bring these facts to your attention and estimate the amount of money that would be needed to carry on the work—not the work which we outline and create and promote, but the work which the people of the State of Iowa demand of these institutions. We are inclined to think that it runs in the minds of some people that the reverse of the above statement is true—that organizations like our own Board and the Board of Control are animated by the spirit of the promoter, that we look toward and work for expansion for expansion's sake. Nothing could be further from the truth.

We exert no special urge upon anyone to enter these institutions except the institutions for the deaf and the blind, where the law compels the searching out of those who need this service, that it may be given. The attendance upon the state's institutions of higher learning is voluntary; the ever-increasing number is simply evidence of the aspirations of the parents and the young people of Iowa. We venture to say, if someone should be stationed at some vantage point and stop the first twenty fathers or mothers who should pass

that way and ask them, "Are you looking forward to higher education for your children", that nearly all of them would answer in the affirmative. This is the situation we have to recognize, plan for, and for which we come to you asking the necessary funds; this, and nothing more. In the detailed requests which we have submitted to the Director of the Budget and, through him, to you, will be found all necessary information.

In no field of educational endeavor has there been greater expansion than in the field of research, and it may be said that nothing has paid larger dividends. Proportionately, the number of graduate students in each of the major institutions under the control of the Board, is increasing more rapidly than the number of under graduate students. The field of service research that is carried on by the Experiment Station at Ames; by the Hospital at Iowa City; and the work that is done by the study centers conducted by the faculty of the Iowa State Teachers College, is so manifestly in the interest of public welfare that it needs no comment.

2. We want to call your attention to the fact that this service, like any other service rendered, has to be dealt with in terms of the open market. We have to pay for materials which enter into the buildings, for the construction of buildings, for coal, and for everything else which enters into the material side of the growth and maintenance of these institutions, the market price. We have to do the same thing when we come to the employment of administrators, professors, and clerical help. We are less free in this field than we are in the material field. We can and do let contracts for buildings to the lowest responsible bidder; but no one would employ administrators and faculty members on any such basis as this. A poor administrator, or a poor teacher is like a poor workman and poor materials—the poorest thing in the world in the long run. The Iowa schedule of salaries for executives, members of the faculties and employees is about midway among state institutions. If we are going to maintain our institutions on the plane we know the people wish them to be maintained, we shall without doubt be obliged to slightly increase salaries during the next biennium.

3. If anything has been demonstrated more clearly than another since the last report of this Board was made, it is that state supported institutions of higher learning are going to have an increasing burden of responsibility placed on them by reason of the fact that all of the larger privately endowed institutions of learning, and some of the smaller ones, are limiting their freshmen to an average

of about sixty, and this principle applies to the colleges of arts and sciences. The great universities of the East and on the Pacific Coast are making drastic limitations as to the number of students they will admit. So are technical schools, law schools, and all the rest.

The State Institutions cannot follow the precedents set by these privately endowed schools. Public opinion will support them in reasonable entrance requirements, and public opinion will support them still more unanimously in sending home those who show that they have not the ambition or earnestness to continue their work. But, the public would not for one moment submit to an arbitrary limitation upon entrance to any one of the institutions under the control of this Board. To nothing is the general public more sympathetic than it is to education; for nothing will the people willingly make greater sacrifices than in this field of human endeavor. They look upon it as the great opportunity and the great hope for their children and for their country.

4. The Board of Education has given careful consideration to the requests of the several institutions in the manner prescribed by law, through its Finance Committee and by itself, and the Board has unanimously agreed that the askings herewith submitted are just and reasonable.

5. During the past year about 25,000 different persons enrolled in the state educational institutions. At the present time every indication is that the attendance next year will be increased considerably. Advanced registration at one of the major institutions shows an increase of nine per cent.

SUMMARY OF INCOME AND REQUESTS RECOMMENDED BY IOWA
STATE BOARD OF EDUCATION

The following table shows the amount of state appropriations that were made by the 42nd General Assembly for the state educational institutions during each year of the biennial period that began July 1, 1927; and the requests that the Iowa State Board of Education has submitted to the Governor and the Director of the Budget for each year of the biennial period that will begin July 1, 1929:

Purpose of the Appropriation	Appropriated Annually, 42nd General Assembly	Requests Annually 43rd General Assembly
STATE UNIVERSITY		
Support	\$1,882,538.00	\$2,328,038.00
Extension and Public Service Work....	137,963.60	164,963.60
New Buildings and Land.....	525,000.00	1,020,296.00
IOWA STATE COLLEGE		
Support	1,655,000.00	\$1,886,000.00
Extension, Experiment Stations, and Other Kinds of Industrial and Pub- lic Service Work.....	640,000.00	751,000.00
New Buildings and Improvements....	375,000.00	300,000.00
IOWA STATE TEACHERS COLLEGE		
Support	\$ 603,500.00	\$ 630,000.00
Extension	30,000.00	50,000.00
New Buildings and Improvements....	10,000.00	197,500.00
IOWA SCHOOL FOR THE BLIND		
Support	\$ 88,200.00	\$ 97,000.00
New Buildings and Improvements....	28,500.00	3,500.00
IOWA SCHOOL FOR THE DEAF		
Support	\$ 206,300.00	\$ 215,000.00
New Buildings and Improvements...	18,000.00	165,500.00
SUMMARY		
Support	\$4,435,538.00	\$5,156,038.00
Extension, Experiment Stations and Other Kinds of Industrial and Pub- lic Service Work	807,963.60	965,963.60
New Buildings, Land, and Improve- ments	956,500.00	1,724,296.00
Total	\$6,200,001.60	\$7,808,797.60
Future Growth and Development....		500,000.00

ADDITIONAL

The Iowa State Board of Education has recommended the following additional appropriations, for each year of the biennial period that will begin July 1, 1929, which in reality should not be charged to the state educational institutions:

State Medical Service:		
Perkins and Haskell-Klaus Law.....		\$1,250,000.00
State Psychopathic Hospital Law.....		108,000.00
Bacteriological Laboratory		14,555.00

SUMMARY

Total requests for appropriations for the five state educational institutions for each year of the biennium that will begin July 1, 1929, submitted by the Iowa State Board of Education to the Governor, the 43rd General Assembly and the Director of the Budget (Absolute needs).....\$7,808,797.60

Total requests for additional appropriations to provide for future growth and development at the State University,

for each year of the biennial period that will begin July 1, 1929, that the Iowa State Board of Education submitted to the Governor, the 43rd General Assembly and the Director of the Budget (Desirable)	500,000.00
Total requests for appropriations for future medical service for each year of the biennial period that will begin July 1, 1929, submitted by the Iowa State Board of Education to the Governor, the 43rd General Assembly and the Director of the Budget.....	1,372,555.00
TOTAL AMOUNT OF REQUESTS.....	\$9,681,352.60

EMERGENCY APPROPRIATIONS

The 41st General Assembly made an appropriation "for the purpose of aiding students who are blind and who are regularly enrolled students taking any course of study, profession, art or science in any university, college, conservatory of music, normal, professional or vocational school, approved by the state board of education and who are residents of the state of Iowa, and to assist them in defraying their necessary expenses, including the expenses of a reader or assistant," with the understanding that the money "shall be granted only to worthy students who are not able, or whose parents are not able, to provide the means for continuing their study in any of the institutions above mentioned".

The 42nd General Assembly made an appropriation of \$2,000 for each year of the biennial period that began July 1, 1927, for the same purpose.

During the present biennium the following number of young people have taken advantage of the law:

Year	Number of Students
1927-1928	7
1928-1929	8

The total cost of tuition, room, board, books and supplies, and readers during the year that ended July 1, 1928, was \$3,426.48, which was paid out of funds as follows:

The State Appropriation entitled "Aid to Blind Students"....	\$1,999.62
Transferred from Other Funds.....	1,000.00
Bequest Fund at the Iowa School for the Blind.....	426.86

Total\$3,426.48

During the year 1927-1928, claims for tuition have not been paid, as follows:

Institution	Amount Unpaid
State University of Iowa.....	\$90.00
Iowa State Teachers College.....	80.00

The amount of \$1,000 that was transferred from other funds having been returned during the month of July, 1928, the net appropriation that is available for the present year is \$1,000. On November 1, 1928, the status of that fund was as follows:

Balance on hand, June 30, 1928.....	\$.38
Appropriation Available, July 1, 1928.....	1,000.00
Amount Transferred from Other Funds.....	1,000.00

Total\$2,000.38

Amount of expense incurred by seven pupils from July 1, 1928 to November 1, 1928.....\$1,239.57

Balance available November 1, 1928.....\$ 760.81

If those eight young people are to continue in college during the remainder of the present year, an emergency appropriation amounting to not less than \$2,000 must be available on or before February 1, 1929.

UNIVERSITY HOSPITAL FINANCES

For many years the Iowa Legislature has devoted earnest attention to the upbuilding of the College of Medicine and the University Hospital. To the credit of this long-time interest there stands progressive legislation which has given to Iowa the highest order of medical education.

Attention of the Forty-third General Assembly is respectfully called to the fact that insufficient funds have been available to carry out the provisions of the Indigent Hospital Act, Chapter 199, Code 1924. The new hospital has been completed. It represents a large investment. It belongs to the state. It is dedicated to the service of the Iowa people. It draws no state funds for operation except as it serves the state in the treatment, at cost, of indigent patients committed to it. (Chapter 199, Code 1924).

The University Hospital is an integral part of the College of Medicine. It has two equally indispensable functions to perform. It must insure adequate clinical material for the training of competent physicians and surgeons, and it must render service to the entire state if it is to be true to its obligations as a state institution. To meet this two-fold requirement, the Thirty-sixth General Assembly passed the Perkins Act. It provided for the commitment to the University Hospital, by the district courts, of all indigent children under the age of 16 years who were afflicted with a deformity or suffering from a malady that could probably be remedied. The vote on the Perkins Act was 34 to 6 in the Senate and 102 to 1 in the House. This law has been in operation since July 4, 1915. Its record of benevolent service is known to every Iowa community and to all parts of the world where there is interest in the care and treatment of crippled children. Its service in the providing of adequate clinics has undoubtedly had much to do with the advancement of the Iowa College of Medicine to a place of equality among the four or five foremost medical colleges of the United States.

Recognizing the soundness of the Perkins Act, in the light of actual experience, the Thirty-eighth General Assembly passed the Haskell-Klaus Law without a dissenting vote in either house. It took effect July 1, 1919, and provided for the commitment to the University Hospital, by the courts, of indigent adult patients afflicted with maladies or deformities which could probably be remedied. Later the Perkins and Haskell-Klaus Acts were combined in the 1924 Code of Iowa under University Hospital, Chapter 199.

It was not possible, of course, to foresee how many indigent patients would be presented for treatment or how many commitments would be made by the courts. Hence no provision was made for specific appropriations. Safeguards looking toward wise administration of the law, in the matter of cost to the state, were provided in the designation of the district courts as the sole committing power, and in the setting up of a plan whereby all bills for this service would be subjected to audit. Having thus provided for security against excessive cost, the legislature specified that the money for this purpose should be drawn from the general funds of the state not otherwise appropriated. For ten years this plan prevailed and the record shows that the Iowa people and their official representatives were well satisfied with it. This financing clause, representing the judgment of an overwhelming majority in several sessions of the Iowa Legislature, still stands upon the statute books.

The Forty-first General Assembly, for the first time, attempted a definite appropriation, specifying in advance how much money would be available during the biennium, for the care and treatment of indigent patients. No change whatsoever was made in the manner of commitment, or in the obligation of the University Hospital to accept for treatment all persons properly committed by the courts. Figures are submitted in this report showing the amount of the appropriation and its relation to the cost actually incurred. In this explanatory statement it is sufficient to say that the actual cost to the University Hospital as a result of the state commitments, exceeded the specific appropriation to the amount of \$238,198.26 during the biennium which ended June 30, 1927. This could not have been escaped by the University Hospital except by violation of the law requiring it to admit and care for patients committed to it by the courts, under the Perkins and Haskell-Klaus Acts.

Imagine the dilemma of the Board of Education when the opinion was rendered that the law providing for full reimbursement of the hospital, for service rendered, was in conflict with the Budget law! The University Hospital had no authority to close its doors to committed indigent patients, yet commitments were in no way restricted to balance the restricted appropriation. Obviously the extent of human maladies cannot be fixed by legislative enactment; nor can it be anticipated with any high degree of accuracy.

The problem is now well defined. Complete figures for the biennium ending June 30, 1927, are available for consideration by the

Forty-third General Assembly. These figures are set forth fully in reports immediately following this statement. The deficiency of \$238,198.26 remains and refunding in one way or another is necessary or the hospital must close its doors to indigent patients. This deficiency represents money expended by the hospital under definite statutory provisions for hospital admission of legally committed cases on the one hand and for reimbursement from the state treasury on the other.

The appropriation made by the Forty-first General Assembly was exhausted by the middle of April, 1927, with two and a half months remaining in that biennium. Commitments by the courts did not cease. Judges continued to send indigent patients to the University Hospital, and there was no legal provision whereby these patients could be denied admission. During the biennium ending June 30, 1927, the University Hospital was compelled to expend \$238,198.26 in excess of the \$1,800,000 appropriated by the Forty-first General Assembly. During the single year ending June 30, 1927, more than 8,800 cases received treatment at the University Hospital under commitments by the district judges. A complete analysis of these cases appears later in this report.

The attention of the Attorney General was called to the conflict between the appropriation and the provisions of Chapter 199 of the 1924 Code. An official opinion on ways and means of meeting this situation was requested. The ruling of the Attorney General, dated June 21, 1927, was to the effect that the amount of the deficiency for the biennium ending June 30, 1927, should be advanced from the general fund of the state treasury, but that a like amount should then be taken from the subsequent hospital appropriation. The Forty-second General Assembly had appropriated \$1,850,000 for the biennium ending June 30, 1929; hence this ruling meant that the amount remaining for indigent patients for the present biennium was reduced to \$1,611,801.74. Thus the emergency was merely prolonged; for the elimination of \$238,198.26 from the current appropriation left the total sum insufficient to reimburse the hospital at the present rate of admission beyond March 1, 1929.

In making its plans for the present biennium the Board of Education made every effort to limit hospital costs under the Perkins and Haskell-Klaus Laws to the amount appropriated by the Forty-second General Assembly. At a meeting of the board during the early part of the present biennium, the president of the university was instructed to prepare a budget which should not exceed the

amount of the current appropriation with the old deficiency subtracted. Such a budget was drawn on the basis of \$805,900.87 for each year of the biennium, but this was accomplished only by withdrawing 338 beds from service; viz., deferring admission to patients who had been regularly committed by the courts of the state beyond the capacity of the restricted number of beds. This soon disturbed the even flow of patients so that not only was there great indignation on the part of the people for failure in Hospital service, but the supply of clinical material for the College of Medicine was reduced to the point where instruction was seriously impaired. Consequently, the Board voted to proceed under the strict interpretation of the statute and to continue to admit patients until such time as the funds would be exhausted (around March 1, 1929), at which time the whole matter could be laid before the 43rd General Assembly for solution.

The Iowa State Board of Education respectfully asks that \$238,198.26 be made available to enable the Board to carry out the provision governing indigent service (Chapter 199, Section 4028 of the Code), so that the service may be maintained during the remainder of this biennium.

It is also urgently requested that sufficient funds be provided so as to prevent a repetition of this occurrence. The reorganization and readjustments necessary in the attempt to meet the situation which has arisen out of this financial embarrassment is a source of constant jeopardy not only to the teaching of Medicine and Nursing, but to the hospital itself.

ESTIMATED NEEDS FOR THE HOSPITAL AND MEDICAL SERVICE
INCLUDING THE BACTERIOLOGICAL AND SEROLOGICAL
LABORATORIES FOR THE BIENNIAL PERIOD
ENDING JULY 1, 1931

I. The Iowa State Board of Education asks that provision be made for operating the Hospital at its present level until the close of the present biennial period, which will require a reimbursement appropriation of \$238,198.26.

This amount, upon authority of the Attorney General, was charged to the present biennial appropriation for which reimbursement is now asked.

II. The Board estimates that it will require \$1,250,000 each year of the biennium to reimburse the Hospital for this service, as outlined in Chapter 199 of the 1927 Code of Iowa.

The growth in the number of students in the College of Medicine who are dependent upon clinical material for adequate instruction

permits an increase in the number of indigent patients cared for under the provision of the law. At the present time approximately 85 per cent of the total capacity of the University Hospital is devoted to indigent service. Of the remaining capacity 10 per cent is assigned to cost only patients and approximately 5 per cent is assigned to Private and Pay patients.

With the Board's proposed policy of limiting attendance in the College of Medicine it is the belief that the number of students will be kept at about the present level.

III. The Iowa State Board of Education asks for an annual appropriation of \$14,555 for operating the Bacteriological Laboratory in connection with the College of Medicine, as outlined in Chapter 196, Section 3952 of the 1927 Code of Iowa. This is no increase over the previous appropriation.

IV. Provision has been made during the biennium for an appropriation to the Serological Laboratory on a self-supporting basis. Consequently no request is made for an appropriation for this department.

EXHIBIT A

The ruling of the Attorney General

"June 21, 1927.

"J. W. Long,
"Auditor of State,
"Building.

"Dear Sir:

"You have advised us that there are charges amounting to \$238,198.26 for expenses incurred during the biennium closing June 30, 1927, against the appropriation for medical and surgical treatment of indigent persons committed for treatment to the hospital of the college of medicine of the state university, under the provisions of Chapter 199, which are in excess of the amount appropriated. You request the opinion of this department as to whether or not the auditor of state would be authorized to draw warrants to cover these charges out of the general fund, the amounts of the same to be charged against the appropriation for the biennium beginning July 1, 1927.

"It is the opinion of this department, reading the provisions of Section 4028 of the Code 1924, which is a part of Chapter 199 of the Code, and provides the methods by which warrants shall be issued to pay the costs, and Section 51 of Chapter 218 of the Laws of the Forty-first General Assembly, and paragraph 6 of Section 47 of the Laws of the Forty-second General Assembly, together, that the appropriations should be considered together and that the charges now against said appropriations should be paid by warrants drawn on the general fund, the amount thereof to be charged against the total appropriations, or in other words, deducted from the amount available for the next biennium ending June 30, 1929.

"Very truly yours,

"(Signed) John Fletcher,
"Attorney General."

The following additional opinion was received from the Attorney General:
 "July 19, 1927.

"Hon. J. W. Long,
 "Auditor of State,
 "Building.

Attention Mr. Porter.

"Dear Sir:

You have advised us that you have issued state warrants in the sum of \$238,198.26, on the general fund for the use of the University Hospital care and treatment of indigent persons, said amount having been expended by the hospital authorities during the biennium closing June 30, 1927, in excess of the available appropriation made for that purpose by the 41st General Assembly. This amount should be charged against the appropriation made by the 42nd General Assembly for the biennium commencing July 1, 1927, for the same purpose in accordance with our opinion dated June 21, 1927, and directed to you.

"In order to make the proper record entries thereon and to properly charge the new appropriation for this expenditure the Auditor of State should issue a warrant on the appropriation made in sub-section 6 of Section 47, of the Acts of the 42nd General Assembly in favor of R. E. Johnson, Treasurer of State, in the sum of \$238,198.26, the same to be credited to the State General Revenue to reimburse that fund.

"Very truly yours,
 "(Signed) Neil Garrett,
 "Assistant Attorney General."

EXHIBIT B

On July 12, 1927, the Board of Education passed resolutions, the closing paragraph of which is as follows:

"Therefore, be it resolved: That the President of the State University is hereby instructed and directed to prepare a budget for the hospital for each year of the biennial period that began July 1, 1927 that will not exceed the amount of the appropriation less the deficit of the year 1927, or \$1,611,801.74."

In accordance with this instruction, the President of the University prepared the Hospital Budget for 1927-28 upon a new basis with a fixed income available for the care of State patients of \$805,900.87. The new budget provided for a reduction in expenditures over the previous year of \$244,929.68, as follows:

EXHIBIT C—SUMMARIZED BUDGET OF THE UNIVERSITY HOSPITAL FOR 1927-1928 SHOWING THE CUT MADE IN THE BUDGET OF 1927-1928 OVER WHAT WAS ACTUALLY EXPENDED IN 1926-1927.

Net Amount 1927-1928 Budget was cut.....		<u>\$1,231,830.55</u>
		<u>\$1,231,830.55</u>

EXHIBIT D

On December 6th, 1927, President Jessup reported to the Board of Education:

1. That every effort had been made to reduce expenditures of the hospital as required by the resolution of the Board of Education on July 12, which instructed the hospital to operate upon a reduction of \$238,198.26 in income available for indigent patients.

2. That the reports from July 1, 1927 to December 1, 1927 indicate that in place of being able to reduce the expense \$244,000 per year it would only be reduced approximately \$150,000.

3. That the number of Indigent Patients had been reduced from 540 on July 1st to 388 December 1st; and that the faculty of the College of Medicine reported that this lack of clinical patients would impair the instruction of medical students.

EXHIBIT E

After hearing this report, the Board of Education appointed a Committee of five to present all matters on hospital to the Governor, Attorney General, and Budget Director. This committee reported on January 12th, as follows:

"The Board of Education has made every effort to reduce the total expenditures. It has cut off the use of 150 beds and it now has a waiting list, at the date of this report, of 253 patients who have been committed to the hospital. Those patients under the law of the State of Iowa have been sent to the University Hospital for treatment and care, and not withstanding the fact that the University Hospital has 150 beds which might be devoted to the care of this waiting list it is required to refuse entrance to 253 committed persons.

"The Board of Education is commanded by the statutes of this state, and on the other hand it is denied the means with which to render this service.

"It is suggested by the Budget department and many interested persons in recent interviews that patients with minor ailments are sent to the hospital. This is a matter over which the Board of Education has no control, even if it were true. An analysis of committed cases shows this complaint to be without any substantial foundation. There are no more of such cases than are necessary. From the nature of the case the largest student body in the history of the School needs to see many cases in the earlier stages if they are to be trained to intelligently cope with the problems of active practice on the day of graduation. The Board has endeavored in every possible way to keep the expenditures down and has sent to the committing officers of the state within the last few months a letter, copy of which is hereto attached, in the hope that the Board might be relieved of the embarrassment of having a duty imposed by statute to care for patients on the one hand and no means provided to render such care on the other.

"The following statutes are still contained in the Code of Iowa:

"Section 4626, Code of 1927, provides: 'The superintendent of said hospital shall keep a correct account of all medicine, care and maintenance furnished to said patients, and shall make and file with the State Board of Audit an itemized, sworn statement of all expenses thereof incurred in said hospital.'

"Section 4027 of the Code, 1924, provides: 'All accounts shall be so adjusted and paid as to reimburse the funds of the hospital for the purposes of this chapter.'

"Section 4028 of the Code, 1927, provides: 'Warrants issued under the preceding section shall be promptly drawn on the treasurer of the state * * * and be paid by the treasurer of the state from the general funds of the state not otherwise appropriated.'

"Notwithstanding these express provisions of the law, requiring payment to be made out of the treasury of the state, a large deficit incurred in obedience to the command of the statute cannot be met.

"During the biennium ending June 30, 1927, 17,271 patients were committed to the hospital. Each patient was there an average of 26 days. The average expense to the state of each patient was \$118.00. The services rendered included medicines, nursing, surgery and food and hospital room. The cost per day has not changed for seven years. The average cost of food for each patient was approximately fifty cents per day. In view of this record, it is difficult to conceive of any just criticism of the management of the hospital.

"We feel that the public should understand these things: First, that the Board has acted with absolute frankness in regard to the College of Medicine from the very beginning. It was a question in 1909 whether or not the College of Medicine could be maintained because of an inadequate clinic. This question was taken to the 34th General Assembly (see Board's first biennial report, page 10). The 34th General Assembly gave the Board every dollar it asked for, for the support of this institution, and by its action emphatically directed the Board to maintain and develop a first class college of medicine. Every forward step additional to this initial one has been taken with full and free legislative sanction.

"Second, that the whole matter was brought up before the people of the state and the General Assembly at the time of the gift of two and a quarter millions, contingent upon the appropriation of a like sum over a period of five years, in order to develop adequate hospital and laboratory facilities to take care of the number of Iowa students who wished to study medicine. The vote was emphatic and decisive after full and free consideration lasting throughout almost the entire session of the Assembly.

"If the policy which restricts the admission of patients duly and lawfully committed to the hospital is carried out, the people of the state should understand that it practically means throwing away not only all the money that was given to the state in good faith but also the money that was appropriated contingent to that gift. It means that the State of Iowa is going to abandon the beneficent policy that has made it known and honored throughout the world. It means that we care less for the life and health of a child and for that of indigent adults not able to provide adequate medical and surgical attention for themselves than we do for the beasts of the field or the fowls of the air. It means that we are going to take the most drastic step backward any state has ever taken.

"Your committee has carefully considered the entire situation. It has held conferences with the Governor, the Budget Director, the Attorney General, the President of the University and others interested in the situation.

"It has been suggested to your committee that the Board of Education go ahead and take care of these indigent persons, as commanded under the provisions of the original statute, which has not been repealed. If this policy was pursued, your committee estimates that by January 1, 1929, all appropriated funds would have been expended, and one of the first matters the 43rd General Assembly would have to handle would be a deficiency appropriation to pay for the State's indigent patients in the sum of approximately a half million dollars. Your committee does not feel, however, that this is the proper way to handle this situation.

"It has been further suggested to your committee that the Board of Education proceed under the provisions of the original statute so long as the money is available and when exhausted the University Hospital be closed. Your committee does not feel that this is a practical solution for the reason that the closing of the hospital automatically closes the College of Medicine, as this College is dependent upon the clinical material furnished through the hospital. The Board of Education, to adopt this policy, would have to dis-

continue receiving medical students for the second semester of the year 1928-1929.

"Other suggestions have been made to your committee which are of so trivial a nature that they need not be considered here.

"Your committee feels that the Board of Education is an administrative body charged under the law, among other things, with the operation of the University Hospital and Medical College. The University Hospital is a self-supporting unit operated by the Board. The State of Iowa makes no specific appropriation to the support of this hospital and the operation of the hospital is dependent upon the fees received for services rendered. Your committee does not feel that even in the face of many hardships and in the face of the criticisms hurled at it, which apparently are difficult to explain, that it can receive and hospitalize more indigent persons than the State of Iowa is willing to pay it for. To do so means that it must necessarily curtail other departments of the University.

"To deliberately exhaust the appropriations given by the Legislature and pile up a deficit, does not seem to your committee to be the proper manner for the Board to handle its affairs. At the same time, in order to operate the University Hospital for the entire biennium and serve as many indigent patients as the state will pay for under the existing appropriation, it will be necessary to further cut off the number of beds in use and put in force economies which will reduce the expenditure approximately \$6,000.00 a month.

"Your committee realizes that the present curtailment of hospital service has already brought down on the head of the Board of Education a storm of criticism, and that recommending further curtailment at this time will bring further criticism. At the same time, your committee feels that the Board has no other alternative but to accept and serve only such indigent persons as the State itself is willing to pay for, even though it entails hardship and suffering upon deserving children and adults.

"The Board is confronted with a situation not of its own making and over which it has absolutely no control. The basic question is clearly one for the people of Iowa, and the only manner in which it should be asked is "What are you going to do about it?"

"Your committee, therefore, recommends at this time, that the budget for the University Hospital be based upon a biennial basis, instead of an annual basis as heretofore; that the Board immediately reduce service to a point that it will fall within the amount of money appropriated by the 42d General Assembly for payment of indigent service at the University Hospital; and that the Board authorize the Finance Committee to take immediate action, in conjunction with the proper officials at the University of Iowa, to cut off further beds and discharge personnel and effect economies which will in their judgment permit the operation of the Medical College and the University Hospital through the present biennium ending June 30, 1929, within the money appropriated for said purposes."

Thus, the Board is faced with an impossible situation:

1. An un repealed statute sends indigent sick to its doors by order of the local courts.

2. The new ruling fixes the payment for this service on a basis wholly at variance with the statute and without regard to the cost of the service.

EXHIBIT F

On February 20, 1928, a called meeting of the Board of Education was held at Iowa City. Part of a letter from Dr. H. S. Houghton, Dean of the College of Medicine, was read, as follows:

"(1) The Medical College has approximately two hundred (191) students registered in the two final years of the medical course. Their studies are almost entirely clinical, and to a great extent, depend on the use of patients. To take Medicine as a typical example, it appears that the Department has 400 hours teaching, all of which require the use of ward patients; this excludes the hours devoted to physical diagnosis, clinical laboratory and therapeutics. It likewise takes no account of such allied subjects as pediatrics and neurology, which in this institution are independent departments. It is manifestly im-

possible to give two hundred students four hundred hours of exercises in practical medicine with a daily census of sixty patients. One scarcely needs to press the question further, but it may be added that the minimum called for by the council of Medical Education of the A. M. A. as far back as 1910 was 100 beds for the use of combined classes numbering 200. Any institution falling below this requirement failed of recognition as a Class A College. In other words, it may be questioned whether this College at the present moment would qualify either under the Council of the American Medical Association or of the American Association of Medical Colleges as an approved and acceptable institution. What I have indicated with regard to the Department of Medicine is equally true of other departments, with the possible exception of orthopedics and otolaryngology, but these departments are under special pressure for the care of indigent patients, particularly sick and crippled children.

"A comparison of six of the large Class A Medical colleges, three of which are state institutions and three private, makes apparent the deficiency to which I have directed your attention in the preceding paragraph:

University	Students		Hours of Clinical Instruction requiring Ward Patients		Hospital Beds under Faculty Control
	3 Yr.	4 Yr.	Med.	Surg.	
Minnesota	100	100	300	217	1,000
			288	432	
Harvard	134	134	432	288	2,000
Hopkins	71	77	330	297	1,000
Michigan	118	116	324	250	1,162
Western Reserve	59	36	480	600	2,000
Iowa	91	100	408	338	346

"(2) There are certain legal aspects involved in this program of reduction which require your consideration.

"The University Hospital had available on July 1, 1927, 768 beds for State Patients. On November 12, 1927, the number was reduced to 590. If we are to meet the present financial limitations, there will be a further reduction to approximately 430. This does not mean that beds are not available, but that 338 beds are idle because of lack of funds to operate them. The Hospital authorities, in an effort to keep the level of indigent patients as low as possible, have deferred the admission of those for which the time element is not an urgent one. But can we, under the law, deny admission to any properly certified patient when a bed is available? Or can we legally set an arbitrary limit of daily admissions? If a patient on the waiting list does not appear when called for, and appears a week or ten days later, can he be denied admission, provided the daily complement has already been filled? These questions concerning the application of the statutes we find it very difficult to answer; the problem with which they are involved arises almost daily, and a failure of accord between hospital routine and State enactment may open the University to serious legal controversy.

"(3) There is another facet of the problem which has serious implications for the members of the clinical staff. It is a fact that any applicant for hospital service, if denied admission as an indigent may be admitted on payment of costs, or as a private patient. This is so because even though beds for State patients may be available a limit has been set on these admissions, whereas there are practically always beds open to cost and private patients. It is assumed by many who do not know the actual facts, that patients legally entitled to care at the expense of the State are being put under pressure to pay something, either to the Hospital or to the clinical teachers connected with it, or to both. The imputation is unfair and unwarranted, but under the peculiar conditions which exist, criticisms of the kind will continue until the profession at large and the public are fully informed of the actual conditions which exist.

"I submit, in the light of the foregoing facts that the critical condition of the teaching and medical service responsibilities entrusted to the University by the State, should promptly be made known to the members of the Board

of Education and that they be asked to deal with the difficulties involved, all of which are outside of the province or powers of the Medical Faculty.

Yours sincerely,

(Signed) Henry S. Houghton,
Dean."

EXHIBIT G

"The Board of Education made a careful review of its action during the current biennium dealing with the hospitalization of indigent patients and the requirements of the medical school under the following heads:

1. "The ruling of the Budget Director with respect to the limitation of the total appropriation.

2. "The ruling of the Attorney General that the deficits incurred during the biennium 1925-27 should be charged against the appropriation of the state for the biennium 1927-29.

3. "The instructions given by the Board of Education to the hospital authorities so to limit the admission of state patients that the total expenditures of the biennium should not exceed the net figure above indicated.

4. "The earnest effort made by the administration of the medical college to reduce the available beds without impairment either to the medical service afforded indigent patients or crippling the facilities for adequate instruction to medical students pursuing clinical courses.

5. "The results of a survey of the educational implications involved in a reduction of utilizable beds to 400.

"Whereupon, after full consideration and discussion it was resolved,

"WHEREAS, the indigent service which provides clinical material for the College of Medicine and at the same time extends remedial service to the entire state has been in operation many years under the Perkins and Haskell-Klaus laws, which required that the State reimburse the University for the actual cost of the hospitalization of these patients, the rate for which has been \$3.50 per day for seven years; and

"WHEREAS, all these years it has been no part of the duty of the Board of Education to ask for a specific appropriation for this payment; and

"WHEREAS, the Budget Director did not ask for any estimate on the part of the Board of Education for the cost of this service in his report which he made to the 41st General Assembly, it was assumed by this Board and its counsel that this service would be paid for in accordance with the statute Chapter 199, Section 4028, of the Code.

"WHEREAS, it was found near the close of the last fiscal year that it would require \$238,198.26 to reimburse the University for the hospitalization during the biennium closing July 1, 1927. However, the Budget Director had only asked for \$1,800,000 in his estimates to the 41st General Assembly; consequently, the money was not available. Under the ruling of the Attorney General, these bills were paid by drawing upon the biennium appropriation of \$1,850,000 for the period ending July 1, 1929, the amount of this transfer being \$238,198.26.

"WHEREAS, the Budget Director asked the Board of Education for an estimate of the money needed to meet the cost of the hospitalization during the current biennium. The Board's estimate was \$2,000,000 which the Budget Director cut to \$1,850,000.

"AND WHEREAS, the Board of Education found itself faced with the dilemma of accepting patients on the one hand with the restricted appropriation on the other, efforts were immediately made to work out a new system of hospitalization which would meet the demands of hospitalization on the one hand and clinical teaching material on the other. The Board directed that the Finance Committee and the hospital authorities reduce the cost of operation to the minimum. They were directed also to cut out 150 beds. The hospital authorities proceeded to carry out this plan. After a few months it was found that the demand for this service was in excess of the income, so that a still further cut was made. On January 12th the Board directed the hospital authorities to make an additional cut of \$6,000 a month, in the sincere attempt to meet the exigencies which had arisen as a result of the

events just recited. The hospital authorities attempted to carry out this program in all sincerity, but on the arrival of Dean Houghton a most careful survey was made of all of the implications involved and it was found that these cuts would defeat the very purpose for which the hospital was established, namely, to provide an adequate amount of clinical material for the teaching of medicine and such state service as the facilities would permit. In view of the great growth of the medical school in recent years, this cut reduces the clinical material to a proportion less than obtained in the hospital for the past eighteen years, and below that required in a Class A medical school. He also found that the waiting list of upwards of 350 patients was leading to a serious amount of suffering and charges of neglect.

"AND WHEREAS, the Board of Education has determined that it is impossible to continue according to its original plan, namely, to render the hospital service required by the State during the biennium 1927-29 within the funds appropriated for that purpose by the 42nd General Assembly after deducting therefrom the amount of the deficit in the appropriation made by the 41st General Assembly for carrying on this hospital service; and

"WHEREAS, The Board has concluded that the failure of the State to pay for the services already rendered by the University Hospital during the biennium 1925-27 in the amount of approximately \$238,000 cannot be properly or legally deducted from the fund provided by the 42nd General Assembly for carrying on the hospital service during the biennium 1927-29, and that the next Legislature will necessarily be asked to enact legislation to reimburse the University Hospital for the services so rendered during the biennium 1925-27; and

"WHEREAS, at a special meeting of the Board called for February 20, 1928, a quorum being present, a full and complete discussion was held and the following adopted:

"THEREFORE, BE IT RESOLVED, that in order to protect and insure the teaching requirements of the College of Medicine at the State University of Iowa and to relieve the present congested condition in reference to patients already committed to the University Hospital under the Haskell-Klaus and Perkins laws who have been denied admittance, the President of the University and the faculty of the College of Medicine are hereby authorized and directed to administer the University Hospital with reference to the requirements of the Haskell-Klaus and Perkins laws during the biennium 1927-29 within the specific appropriation of the 42nd General Assembly made for that purpose, namely, \$1,850,000.

EXHIBIT H

The cost of operating the University Hospital for the two years ending June 30, 1928 is as follows:

			Decrease 1927-8 compared with
INCOME	1926-7	1927-8	1926-7
Medical and Surgical Treatment of			
Indigent Persons	\$1,066,485.84	\$ 932,915.54	
Private and Cost Patients.....	165,344.71	150,889.65	
Total.....	\$1,231,830.55	\$1,083,805.19	\$148,025.36
EXPENSES			
Administration	62,861.10	51,578.41	
Professional Care of Patients....	208,726.01	182,335.88	
Department Expense (Foods, Housekeeping, Drugs, Surgical Supplies, Braces, etc.)	559,699.64	498,838.75	
Contingent Expense (ambulance,			

and truck, laundry, freight, water, etc.)	106,302.23	86,059.29
Replacements	21,079.01	18,296.94
Heat, Light, Water	69,663.46	50,477.04
Refunds of deposits to private and cost patients	19,568.40	15,348.74
Transportation, Escorts' wages and doctors' examination fees for indigent patients	195,878.17	165,152.11

Total Expenditures.....\$1,243,778.02 \$1,068,087.16 \$175,690.86

Note that owing to the limited appropriation for indigent patients that the University Hospital has had an actual reduction in income for the past year over the previous year of \$148,025.36, with a corresponding reduction in expenditures of \$175,690.86. This reduction was fully explained in Section 1.

STATE BACTERIOLOGICAL LABORATORY

The work of this laboratory consists of examinations of patients with communicable diseases, or of animals with diseases which may be transmitted to humans. The prevention of Diphtheria, Rabies (hydrophobia), Typhoid and Tuberculosis is in large measure made effective by the activities of this laboratory. In addition, investigations are constantly being undertaken. During the past year, work done in this laboratory has resulted in the detection of Malta fever, a disease evidently at least as prevalent as Typhoid fever but which had previously passed unrecognized. Studies aiming to determine economical measures of prevention are being continued.

A continuation of the present appropriation of \$14,555 annually for the biennium ending June 30, 1929 is requested.

Financial reports and reports on the work of the department follow.

SEROLOGICAL LABORATORY

The work of this division consists of examinations of patients suspected of having syphilis or gonorrhea. The amount of work is shown by the tabulated report on the following pages.

A small fee is charged for specimen examinations, which enables the department to be self supporting. As a result, no appropriation is requested.

A financial report of this department is also shown on the following pages.

SUMMARY OF THE WORK OF THE BIENNIUM

State Hygienic Laboratories (Branch Laboratories not included)

	1926-7	1927-8	Summation	Total

SEROLOGY LABORATORY

Report on Income and Expense for the Year Ending June 30, 1928.

No appropriation was set out by the 42nd General Assembly for the Serology Laboratory. In order to continue the service, the Board of Education on July 12, 1927, approved the following plan:

1. "That, the fees for water examinations which have been paid to the laboratory and turned over to the general funds of the state be retained by the department to help carry the financial load of this Serological Laboratory.

2. That a small charge of fifty cents be made for individual cases, with a possible reduction for cases under the direction of the State Department of Health."

The Attorney General of Iowa has rendered an opinion to the effect that it is legal to use the fees for water analysis as stated above; and E. L. Hogue, Director of the Budget has consented that they be so used; and has suggested that the fifty cent fee be charged for blood tests.

Receipts from fees charged for year ended June 30, 1928 \$15,362.26

Expenditures—

Salaries:

Assistant serologist	\$1,200.00	
Technician	930.00	
Stenographer—part time	355.00	
Animal caretaker	240.00	
Animal caretaker	240.00	
Technician	630.00	
Stenographer—part time	560.00	
Total salaries	\$4,155.00	
Wages—by hour	\$ 225.65	
Office expense	43.93	
Printing	427.90	
Supplies	2,889.09	
Miscellaneous	7.75	
Equipment and replacements	125.00	\$ 7,874.32
Cash balance June 30, 1927.....		\$ 7,487.94

BRIEF ARGUMENTS IN SUPPORT OF RECOMMENDATIONS FOR APPROPRIATIONS FOR THE STATE EDUCATIONAL INSTITUTIONS

The absolute needs of the State University, the Iowa State College of Agriculture and Mechanic Arts, and the Iowa State Teachers' College, for the next biennial period, are not less than they were during the biennial period that began July 1, 1923. The truth is the needs are greater for the following reasons:

1. That during the past year the attendance was the largest in the history of the institutions, and that, as far as the State Board of Education can determine at the present time, the tendency indicates a continued increase in the enrollment.
2. That the larger part of the growth of the institutions is in the upper and more expensive classes. The reasons for this seem to be as follows:
 - a. The policy which has been adopted in quite a number of cities of the state to establish Junior Colleges in connection with their high schools, makes it possible for students to remain at home during the freshman and sophomore years. The result of this is to increase the number of students enrolled in the junior and senior years of the state institutions of higher learning.
 - b. Each year the number of students enrolling in the graduate colleges of the State University and the Iowa State College has increased.

Reports show that more than 100,000 boys and girls are attending the high schools of this state and that 25,000 of them will complete the course at the close of the present academic year. This year the total attendance at the state institutions of higher learning is considerably larger than it was two years ago. The statistics are given in another part of this volume.

Unless the appropriations are increased, the State Board of Education cannot expect to maintain the present standards of the three state institutions of higher learning. This is an important and vital situation, and it ought to be considered on its merits and in a most judicious manner.

BRIEF ARGUMENTS IN SUPPORT OF RECOMMENDATIONS FOR APPROPRIATIONS FOR THE STATE UNIVERSITY OF IOWA

The Askings of the Iowa State Board of Education for the use and benefit of the State University of Iowa for each year of the biennium that will begin July 1, 1929, are as follows:

General Funds:

Administration	\$ 50,000.00	
General University Expense.....	50,000.00	
Physical Plant Operation and Extension	405,038.00	
Building Repairs and Upkeep.....	100,000.00	
Liberal Arts	525,000.00	
Engineering	85,000.00	
Medicine	288,500.00	
Education	112,500.00	
Graduate	109,600.00	
Dentistry	108,500.00	
Commerce	93,500.00	
Law	59,500.00	
Pharmacy	14,000.00	
Summer Session	100,000.00	
University Library	115,000.00	
Bureau of Business Research.....	38,500.00	
Character Education Research....	20,000.00	
Medical Research	45,900.00	
Soldiers' Tuition	7,500.00	\$ 2,328,038.00

Extension and Public Service:

Extension	\$ 75,750.00	
Child Welfare	45,750.00	
Epidemiology	22,250.00	
Maternity and Infant Hygiene...	21,213.60	164,963.60

Capital Purposes:

New Library (First Unit).....	\$ 450,000.00	
Equipment for Departments.....	79,500.00	
Paving, Sidewalks and Sewers....	43,046.00	
Extension Steam, Water Mains....	9,250.00	
Remodeling Buildings	65,000.00	
Sites for Buildings.....	150,000.00	
Improvements in Tunnel System..	34,500.00	
Public Ground Improvements....	10,000.00	
Extension of Tunnel System.....	5,000.00	
Lighting and Electric Power System Extension	20,500.00	
Relocation of Engineering Shops..	25,000.00	
New Laundry Building and Equipment	36,000.00	
Hydraulic Plant Retaining Wall..	5,000.00	
New Shops Building and Equipment	25,000.00	
New Store House.....	25,000.00	
University Water Plant.....	37,500.00	1,020,296.00

GRAND TOTAL FOR ALL PURPOSES for each year of the biennial period

For Future Growth and Development

\$ 3,513,297.60

500,000.00

The 42nd General Assembly made an annual appropriation of \$2,020,501.60 to the University to meet partially the cost of operation and maintenance of the institution; also an annual appropriation of \$300,000.00 to meet special needs in capital expenditure. In addition to the foregoing, \$450,000.00 was appropriated for one year to carry out the provision of the 40th General Assembly in completing the Medical Plant, thus making an average annual grand total of \$2,545,501.60.

In connection with the necessity for estimating the needs of the University for the biennial period closing June 30, 1931, it is necessary to consider the SIZE of the job, the NATURE of the job, and the PREVAILING COSTS of doing the job.

Inasmuch as this is a state institution, it is equally open to all. Therefore, neither the institution nor the governing board can determine the size of the job. This is fixed by the law of supply and demand, and it is a well known fact that the demand for education on a university level is increasing beyond any expectation. The following table shows the total registration for each fiscal year as reported to the legislature:

37th General Assembly, 1917-18.....	3,303
40th General Assembly, 1922-23.....	6,837
43d General Assembly, this last year.....	9,249

This suggests that within the next five years the total registration may increase to a grand total of more than 12,000.

The September to June registration has expanded as follows:

37th General Assembly, 1917-18.....	2,800
40th General Assembly, 1922-23.....	5,445
43d General Assembly, this year.....	5,891

With the increase in the number of students and the inevitable change of forces playing upon society, the NATURE OF THE JOB becomes increasingly complex. The University must either keep up with these demands or play false to the parents who are depending upon the school to provide their children with satisfactory equipment. There can be no doubt that Iowa is as determined to provide adequately for her children as is any state in America. All the history and traditions of the Iowa people bear witness to this fact.

With the growth of junior colleges (there are upwards of thirty in Iowa now) and the continued prosperity of endowed schools, the NATURE OF THE JOB at the University has changed because of an increasing number of advanced and *graduate students*.

The annual graduate registration as shown in reports to the legislature has increased as follows:

37th General Assembly, 1917-18.....	475
40th General Assembly, 1922-23.....	902
43d General Assembly, this past year.....	1,912

All indications point to an attendance of around 3,000 graduate students within the next five years.

For many years the University practically closed all departments during the summer months. A six weeks' term was established in 1900. In recent years this has been extended to eleven weeks. The growth in registration in the Summer Session has been remarkable, as is shown by the following figures:

37th General Assembly, 1917-18.....	802
40th General Assembly, 1922-23.....	2,075
43d General Assembly, this year.....	4,085

Just as economic and social conditions have changed through the introduction of electricity, motors, roads, modern processes of construction, et cetera, so has the demand upon the University changed. The past few years mark the most dramatic changes the world has ever known. The state is now starting on the second quarter of the twentieth century. If the preparation for leadership and lives of usefulness in Iowa is to be comparable with similar preparation on the Atlantic seaboard and the Pacific seaboard and the neighboring states, notably Michigan, Illinois, Wisconsin, Minnesota, it is imperative that adequate provision be made for keeping Iowa higher education in step.

HOW IS THIS SITUATION BEING MET ELSEWHERE?

Cornell University, in co-operation with other educational agencies, has launched upon a \$60,000,000 set-up for medical education. Yale has just financed a \$20,000,000 set-up to enable her to change her salary level. Harvard has just financed a \$5,000,000 School of Commerce. Pittsburgh has just financed a \$25,000,000 program. The states of Illinois, Michigan, Minnesota, Wisconsin, Indiana, and Ohio have recently taken advanced positions in providing for a higher level of support for their educational institutions.

These changed conditions in the educational institutions in recent years, coupled with the tremendous demand for college education generally (the increase in Iowa has been duplicated all over America) plus the great attractiveness of jobs in industry and in the professions, have made a rising market for teaching and research work on college levels. The increase in college attendance

has followed directly the expansion of the high schools. More than 21,000 students were graduated from Iowa high schools this year. This means that within the next five years more than 100,000 Iowa high school graduates will be ready for colleges. An ever increasing proportion of these graduates actually go to college.

Within the past five years a change has taken place in the employment of academic service unparalleled in educational experience. Never in the history of higher education has it been so difficult to secure service as within this period. The University during this time has been faced with the demand not only for an increased amount of actual service, as demanded by growth, but this has been complicated by the fact that the growth has been chiefly in the upper and more expansive levels and in the professional fields.

Iowa faced this period with an inadequate plant, insufficient equipment, and a small staff. Thus, within this past five years it has been necessary to provide for additional housing, additional equipment, and increased staff. Since the actual money available has been relatively insufficient, it has been necessary to resort to all sorts of expedients. For example, repairs, replacements, painting of buildings, plumbing, et cetera, have been neglected because of the necessity of putting every possible dollar into the actual job of instruction. (A cut has been made this year of \$50,000.00 in this item.) For the same reason, the purchase of books and special equipment has been heavily curtailed.

The 40th General Assembly appropriated to the University, \$3,013,501.60 a year. The 41st and 42nd General Assemblies REDUCED THIS APPROPRIATION to \$2,553,405.60. Thus it may be seen that during this hectic period of expansion, general throughout the country, and the growth within the institution, the University has been less than normally well prepared to meet the competition and the exigencies of the situation. Fortunately, help has come from several quarters or the conditions would have been much worse. Were it not for this assistance the University would have dropped below the level heretofore maintained.

The earnings of the Athletic Department have been pledged to secure the erection of a new gymnasium suited to the needs of the increased attendance.

The 41st General Assembly authorized the building of dormitories out of dormitory earnings.

The alumni, students, faculty, and friends of the University,

donated a fund for the erection of a building suitable for caring for the social needs of the University.

The Finkbine brothers made a gift of a large tract of land for athletic and recreational purposes.

Certain philanthropic educational foundations of the East have made generous gifts for specific purposes.

Naturally, an indefinite continuation of these contributions from these supplementary resources cannot be expected, and it is apparent that this aid, at best, can touch only a small part of the interests and needs of the institution.

The necessity for increased appropriations for the University, in order to take care of the *present absolute needs*, is apparent. Unless more money is available the institution will be definitely forced to take a secondary position in the training of young people.

The fact that more than 90 per cent of these students are from the farms and towns means that the loss will definitely fall upon Iowa young people and directly affect the whole future of the state.

With 1,900 graduate students in the University (more than 700 during the year and more than 1,400 during the summer) and a prospect of at least 2,500 before the meeting of the next General Assembly, *it is absolutely essential that adequate library facilities be attained, and that additional educational resources be made available.* With the enlargement in plant necessary to care for this great increase in the number of students, it is imperative that if the plant is to be kept in good repair and upkeep, additional funds be made available. *The state spends its money for education on a competitive basis. Fuel, equipment, teaching service, are bought on the market, if at all. There is no way of escaping this law.* While it is true that many members of the staff are willing and do work at less than market rates, yet it should be borne in mind that on an average there are 200 vacancies each year. So that within the past five years it has been necessary to go out in the open market and secure the services of more than 1,000 different new persons to come in and teach or serve the institution in some capacity. *First class persons cannot be induced to come unless the pay is something like the going rate for such service.*

In the preparation of this budget, hundreds of conferences have been held with department chiefs and members of the staff responsible for the various types of service. The experience of the State University has been compared with experience elsewhere, and a

detailed study has been made of the demands upon the plant and service.

Thus, after a careful and painstaking analysis of the SIZE of the job, the NATURE of the job, the PREVAILING COSTS of doing the job, the Iowa State Board of Education is asking for increased appropriations to meet the *necessity* for increased support in certain departments, and for appropriations for special purposes, as well as a *renewal of the request for the library*.

DETAILS OF LEGISLATIVE ASKINGS

Administration and General Expense.....\$100,000 Annually

No increase is requested for this item, as it is believed that it will be possible for the expense incident to this department to be kept within the present limits.

Physical Plant Operation.....\$505,038 Annually

In this department an annual increase of \$92,500 is requested in order to do two things: First, provide the additional funds necessary to service (heat, light, water, janitor) the enlarged plant and campus, including the old hospital building, the cost of which service has heretofore been charged directly to the cost of operating the hospital (Statute Chapter 199, Code 1927); and, second, the replacement and repairs of roofs, painting, plumbing, et cetera, which have been neglected during the past five years. The departmental estimated budget this year *has been cut \$50,000* for this item alone. There is no real economy in neglecting repairs on a \$16,000,000 investment. Such a policy would be extravagant, not economical.

University Library and Museum.....\$115,000 Annually

An adjustment of \$15,500 is requested to care for the necessary growth in the demands of service necessitated by the increase in summer session and graduate work. This is less than half the departmental estimate of the need for upkeep. In order to meet the teaching budget, it has been necessary within the past few years to reduce actually the amount of money spent in the library, (which item *has been cut this biennium by \$54,000.*) Even with this slight increase the library will still be behind in its accumulation of teaching material.

Liberal Arts.....\$525,000 Annually

This is not only the largest college on our campus, but one of the largest colleges of Liberal Arts in America, with an annual budget the past three years of about \$750,000. The number of graduates in this department during the last four years has in-

creased almost 40 per cent. This is the service college for not only the whole University, but for hundreds of students who transfer from the junior colleges and foundation colleges of the state to take their junior and senior work at the University; so that money expended here is not only of importance in the University, but it serves every other college in the state. An annual increase of \$35,000 is requested for this College to care for the absolute needs of the service. This is, roughly, only one-fourth of the increase asked for by that College. It will provide only for the increased demand for supplies and current expense and, to a limited degree, improve the service in junior instruction. However, it will in no wise enable this faculty to carry out in full the program as desired.

Education\$112,500 Annually

An increase of \$15,000 is requested for Education to care for growth and service in this department. We have been expending, roughly, \$120,000 in this College in recent years, during which time the load of instruction has increased around 50 per cent and the number of graduates has trebled during the past five years. It is now essential that a slight increase be made in order to maintain this service at its present standard. This is less than one-third of the estimate of the Dean of the College of Education for the development of the College.

Commerce\$93,500 Annually

An increase of \$12,000 in Commerce is requested. During recent years, roughly, \$90,000 annually has been expended in this department. The demand for instructors in other institutions, however, has been so great that within the past five years the State University has had to fill over twenty vacancies in the staff. Such shifting personnel defeats the very purpose of a School of Commerce for Iowa, the chief need of which is to interest the young men and women in the commercial future of the state.

Engineering\$85,000 Annually

The College of Engineering has operated on a budget of around \$100,000 for each of the last five years, and no increase is asked for this college, as far as general support is concerned. However, an increase of \$15,000 is requested in order to improve the quality of work, and to investigate water, electrical and steam power control. The location of the school on the Iowa river, the present hydraulic development, and the opportunity to use the old heating and power plant as a fuel laboratory give facilities for research

work not to be found elsewhere. It is unwise to neglect these opportunities in view of the need of industrial development in the use of Iowa fuels and other sources of power in the state at this time.

Law\$59,500 Annually

An increase of \$12,000 in the College of Law is needed. This College has been expending during the past five years around \$70,000 per year. The number of graduates has increased in this period about 40 per cent. There is great need for continuous addition of books to the law library. There is a growing recognition of the importance of research work in connection with the administration of law and the work of the courts. The very small amount of money (\$1,500) thus expended this year indicates that there is need for a slight increase. Iowa had the first law school west of the Mississippi river. It has a distinguished history. In order to hold its own with similarly situated law schools, it is imperative that additional funds be provided. The \$12,000 asked for is less than one-half the increase that the Dean wishes, and with this addition, the College will have only about one-half the money to spend that Michigan is spending on her law school.

Medicine\$288,500 Annually

The College of Medicine has had a remarkable growth. It has more than quadrupled in fifteen years, and the number of graduates has doubled in the last five years. This growth has been due not so much to the fact that more students of Iowa have wished to study medicine, but Iowa students have been denied entrance into such schools as Yale, Hopkins, and Cornell, which institutions have sharply limited their attendance. In no one of the above schools will they admit more than sixty freshmen. The average expenditure for each of the past five years is close upon \$260,000. With the growth has come the necessity of increasing the number of men on the staff who are thoroughly competent to meet not only the clinical, but the laboratory demands of modern medicine. (The College is under-staffed at the present time.) **NOTHING WOULD BE MORE SHORT-SIGHTED THAN TO DELIBERATELY TURN OUT SECOND RATE DOCTORS.** An increase of \$109,000 for this department is needed. This is considerably less than the increase requested by the Dean, which would still leave the College less well supported than other first class colleges of medicine, notably Michigan, Chicago, Hopkins, and Cornell.

Dentistry\$108,500 Annually

The College of Dentistry has been expending from \$100,000 to \$130,000 in recent years, the fluctuation being due to the fact that the changed entrance requirements a few years ago reduced the registration. The influence of this has about passed. In order to meet the cost of operating a first class dental college an increase of \$9,000 is needed. The character of the Dental College is shown by the fact that during the last four years not a single student has failed to pass the examination set up by the Iowa State Board of Dental Examiners.

Pharmacy\$14,000 Annually

The Pharmacy College has operated on a budget of, roughly, \$18,500 for the last five years, but in view of the fact that there is no change in the cost of operating the school nor in the size of the school, *no increase* is requested.

Graduate College\$109,600 Annually

The Graduate College has shown the greatest increase of any department in the University. It is more than four times as large as it was ten years ago; it has doubled in the last five years; whereas the number of recipients of advanced degrees in the past ten years has increased more than seven-fold. This is a service college not only for the University, but for all of the colleges in Iowa, as is shown by the number of persons who transfer from Grinnell, Drake, Ames, Cedar Falls, and other schools, for advanced work. This College is expending around \$70,000 annually, and is asking for an increase of \$43,000 to meet the added cost of special equipment and special service accompanying this type of work. This represents less than one-half of the estimated needs of the Dean.

Child Welfare Research.....\$45,750 Annually

This service touches every home in Iowa, and has been one of the most popular things ever undertaken by the state. It has given us a recognition not only in America, but has attracted the attention of the whole world, as is evidenced by visitors from the most remote regions throughout the year. This has received the support of other agencies such as the W. C. T. U. and the Laura Spelman Rockefeller Foundation. Since these funds are not endowments, they are being expended annually. The W. C. T. U. money has all been expended. The present appropriation of \$35,750 should be increased by \$10,000.

Medical Research\$45,900 Annually

With the presence of the thousands of sick persons in the hos-

pital and the large staff of physicians, it is desirable that these opportunities be utilized for special study and research. Notable discoveries have been made in a number of departments. For example, the work of this nature in the Orthopedic, the Pediatrics, the Materia Medica and the Anatomy, Histology, Embryology and Neuro-Anatomy Departments among others, is well known. About \$20,000 annually is being expended in this field. This sum should be increased by \$25,000. This is less than one-half of the amount asked for by the Dean of the College of Medicine and his staff.

Character Education Research.....\$20,000 Annually

An appropriation of \$10,000 a year for the Character Education Research Station is available. This has been supplemented by certain gifts, but these gifts are now exhausted, and an annual increase of \$10,000 is needed. This is but a fraction of the amount of money this department is asking for this purpose. Certainly in this complex civilization no one will question the desirability of further study and research in the possibilities of training for character.

Bureau of Business Research.....\$38,500 Annually

The Bureau of Business Research is now expending \$18,500 annually. This division is asking for an increase of \$20,000 per year in order that further advances may be made in study of conditions governing business developments in Iowa in the matter of manufacturing, commerce, banking, et cetera. This development affects every citizen of the state whether living in the town or in the country. This is a sharp reduction over the amount of money the department has requested for this purpose.

Extension\$75,750 Annually

The state has appropriated \$63,750 for Extension during each year for the past five years. With this sum of money it is impossible to do more than barely "scratch the surface" in these fields. The demands for adult education and extension service in education, in business, social welfare, et cetera, are out of all proportion to our ability to respond. An increase in this fund of \$12,000 is recommended.

Maternity and Infant Hygiene.....\$21,213.60 Annually

The University has been receiving \$21,213.60 for this purpose, which has but supplemented the special federal appropriation of a similar amount. No increase is asked in this department, as the plan of the state for many years has been to duplicate the federal appropriation.

Epidemiology\$22,250 Annually

The epidemiological appropriation for a number of years was \$20,000. However, four years ago this was reduced to \$17,250. While it is true that the department has sought to carry on, having done the best it could with this amount of money, an increase of \$5,000 a year is needed to do this job creditably. In this department there are three important groups of public health service. (1) Epidemiological investigations are made either upon requests from local communities or by orders from the State Department of Health. Epidemics and threatened epidemics of typhoid, diphtheria, infantile paralysis and numerous other diseases have been investigated during the last year. Infection is traced to its source and measures for control are instituted in co-operation with local boards of health. The value of this work is obvious. It ought to be adequately financed. (2) The Water Laboratory Division is also closely related to public health. A total of 4,141 examinations were made during the last year. This is the largest number of examinations in the history of the Laboratory. (3) The third division of service is to be found in the additional facilities which this work brings to the teaching of medicine, hygiene, sanitation and related subjects.

Summer Session\$100,000 Annually

The Summer School has had a phenomenal increase of more than five-fold within the past ten years. It has more than doubled in the past five years. The cost of operating this department has, of necessity, increased. An increase of \$30,000 in this budget is needed, which is less than one-half of the increase recommended by the Director of the Summer School.

Soldiers' Tuition\$7,500 Annually

For the past ten years, every General Assembly has appropriated funds to help defray the tuition and fees of honorably discharged soldiers and sailors of the United States, who are citizens of Iowa.

The 42nd General Assembly appropriated twenty thousand dollars for the biennium ending June 30, 1929. This amount was divided equally between the Iowa State College of Agriculture and the State University of Iowa, thus giving each institution five thousand dollars annually for the biennium 1927-1929. This was twenty-five hundred dollars annually less than the amount requested by the State Board of Education for the University.

The available appropriation of five thousand dollars annually for the biennium 1927-1929 will be insufficient to meet the demands

of the honorably discharged soldiers and sailors who wish help on their tuition. It is, therefore, requested that this amount be increased to seventy-five hundred dollars annually for the biennium 1929-1931.

SUMMARY

Thus it may be seen that the Iowa State Board of Education is asking for an annual increase in the maintenance budget of \$472,500.00, distributed as follows:

Administration and General Expense.....	\$
Physical Plant Operation.....	92,500
Educational Purposes	353,000
Extension	12,000
Maternity and Infant Hygiene.....
Epidemiology	5,000
Child Welfare	10,000

GRAND TOTAL\$ 472,500

(See page 47 for details)

Capital Needs\$1,020,296 Annually

The last General Assembly appropriated for special capital purposes, ABSOLUTE NEEDS, \$300,000 annually, including remodeling of buildings, water system of campus, campus lighting system, paving, sidewalks and sewer, grading hospital grounds, equipment and improvement, heating plant extension. The following items were cut out: Building sites, \$300,000 for the biennium, the laundry building and equipment of \$72,000 for the biennium, the shops building and equipment of \$50,000 for the biennium, and several other items were reduced. The Iowa State Board of Education has gone over the needs of the institution which are ordinarily reported to the legislature under this head and is asking for, first of all, the items which were reported as *absolute needs* two years ago. (This does not take into account the expiring appropriation for the Medical School or the asking for Library.)

Sites for Buildings.....	\$ 150,000 annually
New Laundry Building and Equipment...	36,000 annually
New Shops Building and Equipment.....	25,000 annually
New Store House.....	25,000 annually
Departmental Equipment	79,500 annually
Public Grounds Improvement.....	10,000 annually
Paving, Sidewalks and Sewers.....	43,046 annually
Extension of Steam and Water Mains....	9,250 annually
Improvements within Tunnel System.....	34,500 annually
Extension of Tunnel System.....	5,000 annually
Extension of Light and Electric Power	
System	20,500 annually
Hydraulic Plant and Retaining Wall.....	5,000 annually
Rebuilding of Engineering Shops.....	25,000 annually
University Water Plant.....	37,500 annually
Remodeling of Buildings.....	65,000 annually

Grand Total\$ 570,296 annually
Library 450,000 annually

Sites for Buildings.....\$150,000 Annually

It should be borne in mind that, with the expansion of the University, property nearest to the University is highest in value of any in Iowa City. Property nearest is considered most desirable for business purposes as well as for residence purposes. Property nearest the University rents at the highest figure, due to the fact that such property is considered most desirable for student rooms, boarding, et cetera. The experience in this University as well as at Ann Arbor, Urbana, and elsewhere, indicates that each year the state defers buying sites for buildings, means an enormous increase in the cost. Illustrations can be found on every hand in Iowa City showing the great extravagance of this policy. One hundred fifty thousand dollars annually is asked for this purpose.

New Laundry Building and Equipment.....\$36,000 Annually

Two years ago the Iowa State Board of Education reported to the legislature the need of a new laundry and equipment at a total expense of seventy-two thousand dollars (thirty-six thousand annually). This year the present equipment has been unequal to the demands for this service. This same request is being renewed. The plant is wholly outgrown, and the equipment, for the most part, is obsolete. Delay in this particular means added cost in operation.

New Shops Building and Equipment.....\$25,000 Annually

A small building to house the carpenter shop, plumbing shop, electrical shop, building material, et cetera, is urgently needed. These shops are now scattered all over the campus, entailing considerable inefficiency and a great increase in the cost of operation. Fifty thousand dollars (twenty-five thousand annually) will build the first unit for this purpose. It is proposed to locate and plan the building in such a way as to permit expansion as the needs develop.

New Store House.....\$25,000 Annually

The present store house, built a number of years ago, is totally inadequate to meet its present demands. Food supplies for the hospitals and dormitories, as well as all of the other articles handled in the store house, are scattered over the campus in wholly unsatisfactory quarters. The added fire hazard alone means a great increase in insurance costs, to say nothing of the added cost in operating this department, scattered as it is. The first unit of this proposed plant will cost fifty thousand dollars (twenty-five

thousand annually) and is planned in such a way as to be expanded as the needs develop.

Departmental Equipment\$79,500 Annually

Seventy-nine thousand five hundred dollars annually is absolutely needed for departmental equipment. This item is considerably less than that of four years ago, and is practically the same as two years ago. Experience shows that it takes about this amount of money to meet the demands for replacements and new equipment distributed throughout the University.

Public Ground Improvement.....\$10,000 Annually

Twenty thousand dollars (ten thousand dollars annually) is requested to provide additional grading, planting, walls, et cetera, necessary to put this campus in satisfactory condition. It is to be remembered that all of the West Side, together with much of the East Side campus, is still in the developmental stage.

Paving, Sidewalks and Sewers.....\$43,046 Annually

The paving, sidewalks, and sewers necessary to the development of the present campus are being added as occasion demands. Eighty-six thousand ninety-two dollars (forty-three thousand forty-six dollars annually) is requested to carry forward the program of paving, sidewalks, and sewers necessary in the next development of the campus. The University has to bear a large burden of the cost of sewers, as it is each year housing more and more students.

Extension of Steam and Water Mains.....\$9,250 Annually

With the growth in the campus and the general expansion, eighteen thousand five hundred dollars (nine thousand two hundred fifty dollars annually) is needed to extend the steam and water mains to the various properties.

Improvement Within the Tunnel System.....\$34,500 Annually

The Iowa State Board of Education estimates that sixty-nine thousand dollars (thirty-four thousand five hundred dollars annually) is needed to revamp facilities within the tunnel system to make adequate provision for reserve and emergencies in connection with the expanded campus development.

Extension of Tunnel System.....\$5,000 Annually

The tunnel system needs to be extended still further in order to carry out the general program of adequately servicing all of the buildings. Ten thousand dollars (five thousand dollars annually) will be required for this purpose.

Extension of Light and Electric Power System...\$20,500 Annually

With the growth of the campus comes the need not only for additional electric service, but for additional generating machinery. The department estimates forty-one thousand dollars (twenty thousand five hundred dollars annually) as being the essential amount, twenty-five thousand of which will be expended in the purchase and installation of additional generating facilities. This will be a distinct saving, as it will enable the State University to generate practically all of its own electric power in connection with the dam, which is the property of the state.

Hydraulic Plant and Retaining Wall.....\$5,000 Annually

An additional expenditure of ten thousand dollars (five thousand dollars annually) in connection with the hydraulic testing laboratory should be made for needed improvements, chief of which is a retaining wall for better control of water.

Rebuilding of Engineering Shops.....\$25,000 Annually

It is estimated that it will require fifty thousand dollars (twenty-five thousand dollars annually) to rebuild or reorganize the engineering shops in order to release the present location for other purposes.

University Water Plant.....\$37,500 Annually

The chemical composition of available water is such that the institution is at a constant expense to replace plumbing, steam pipes and delicate machinery on account of precipitation. This condition has been serious in the past, and the additional water supply brought in by the new wells has added another chemical difficulty, the upshot of which is that it is hopeless to think of being forced to replace continually the delicate sterilizing apparatus in connection with the new hospital on account of hardening within the pipes. It is proposed to utilize the Iowa river water by filtration and softening in such a manner as to do away with this danger throughout the miles of pipe on the campus. It is estimated that seventy-five thousand dollars (thirty-seven thousand five hundred dollars annually) will be required to do this job.

Remodeling of Buildings.....\$65,000 Annually

In order to bring the old hospital into full usefulness, it is estimated that it will require an expenditure of seventy-five thousand dollars (thirty-seven thousand five hundred dollars annually). This will make a satisfactory building for academic purposes, and

will save the state the expenditure of upwards of \$1,000,000 for a building for such purposes.

Twenty-five thousand dollars (twelve thousand five hundred dollars annually) will be needed for remodeling and semi-fireproofing the Old Science Building for the use of Geology. With this expenditure that building will be used for many years as a satisfactory place for teaching geology and housing the permanent Geological Collection, which is one of the most valuable collections in America.

Thirty thousand dollars (fifteen thousand dollars annually) is also needed to make minor remodeling adjustments in the old chemistry building and in the old heating and power plant for purposes of research in Iowa fuels and waters.

Library and Study Hall.....\$450,000 Annually

The Iowa State Board of Education reported to the last General Assembly the need of a library and study hall, the estimated cost of which, including equipment and site, was two million, two hundred fifty thousand dollars. It recommended that the money be appropriated at the rate of four hundred and fifty thousand a year for a period of five years; the experience in building the hospital here and in other institutions indicating that there would be no need of appropriating this money all in one lump sum. The Director of the Budget agreed to the general proposal, and recommended to the 42d General Assembly that the appropriation start the second year of the current biennium, at which time the last unit of four hundred and fifty thousand dollars a year for the hospital ceased. This item was passed by the Senate but eliminated by the House.

This request, for the carrying out of this program, is renewed. There are now almost \$1,000,000 worth of books owned by the state at Iowa City scattered around in nearly thirty different places, because only by so doing can space be provided at all. It is the plan to erect a building that can be expanded for generations as the need for stacks increases from decade to decade with the increase in the accumulated published material. Only by the adoption of such a far-reaching plan as this can the University hope to maintain its standing, to say nothing of going forward in competition with the educational facilities offered elsewhere. It is the hope to provide study hall facilities comparable with those found already in the best high schools of the state. At the present time, literally thousands of students have no place to sit to pre-

pare their lessons in English, History, Philosophy, and similar fields when direct access to books is essential. Alcoves, corridors, old buildings, have been utilized wherever possible, but all at an added cost of service and reduction of efficiency. The proposed program for a library makes provision for a building that can be supplemented for generations. This can be built at an annual cost of four hundred fifty thousand dollars for a period of five years.

This will represent the most economical and advantageous method of securing the absolutely essential facilities for study. With this program of expenditure, it will be necessary to build on a modest scale, and in no wise will it be possible to erect a library and study hall comparable in any way, except as to provision for study, to the new Yale Library which is being erected, or to the California Library or the proposed Columbia Library. These buildings are magnificent monuments of great architectural beauty.

EFFECTS OF CUMULATIVE CUTS

The reduced appropriations during the past four years temporarily saved the state \$1,851,192. This cut may have been a wise expedient under all circumstances but now, after four years, the cumulative need as a result of such reduction means the necessity of appropriations which will bring the institution once again in step with her problems and obligations. It should not be forgotten that the institution is the property of the people of the state directed to the highest of all human purposes. It will endure for centuries. If each generation carries its load the burden is more evenly distributed and the institution is of greater service to the current generation of youth dependent upon it for preparation for lives of usefulness.

Appropriations as listed in this report under absolute needs will enable the University to keep in the front rank and to proceed with the solution of the cumulative problems arising from the growth in the institution itself in face of the reduced support for the past four years.

SUMMARY

Estimated *annual absolute needs* for the biennium ending July 1, 1931:

For Operation and Maintenance.....	\$ 2,493,001.60
Special Capital Purposes.....	570,296.00
Library and Study Hall.....	450,000.00
	<hr/>
	\$ 3,513,297.60

ADDITIONAL FUNDS FOR FUTURE GROWTH DESIRABLE

Two years ago the Board of Education set forth a paragraph showing the additional funds desirable to care for future growth. These items were presented to the Governor, to the Director of the Budget, and to the 42d General Assembly. The total involved one million fifty thousand dollars, the most of which was for the "purchase of land to partially clean up privately owned plots on the campus before they become more expensive than they are now". The future need for paving, sidewalks and sewer as *estimated* two years ago is now upon us, and has been transferred to the *absolute* needs, so that the total is reduced by \$50,000, leaving the items as follows:

Purchase of land to partially clean up privately owned plots on the campus before they become more expensive than they now are.....	\$ 800,000
River Improvement	100,000
Shops Building, Units Two and Three.....	100,000

BRIEF ARGUMENTS IN SUPPORT OF RECOMMENDATIONS FOR APPROPRIATIONS FOR THE IOWA STATE COLLEGE OF AGRICULTURE AND MECHANIC ARTS

The Askings of the Iowa State Board of Education for the use and benefit of the Iowa State College of Agriculture and Mechanic Arts for each year of the biennium that will begin July 1, 1929, are as follows:

Administration and General Expense.....	\$ 129,500.00	
Library Operation	90,000.00	
Physical Plant Operation.....	357,000.00	\$ 576,500.00
Educational Purposes:		
Agriculture	\$ 255,950.00	
Engineering	203,470.00	
Home Economics	138,055.00	
Industrial Science	545,495.00	
Veterinary Medicine	55,530.00	
Non-Collegiate Work.....	69,000.00	
Vacation Courses	37,000.00	
Soldiers' Tuition	5,000.00	1,309,500.00
Industrial Service:		
Agricultural and Home Economics Extension	\$ 220,000.00	
Apiary Inspection	5,000.00	
Cooperative Marketing	30,000.00	
Engineering Extension	40,000.00	
Agricultural Experiment	306,000.00	
Engineering Experiment	75,000.00	
Veterinary Investigation	40,000.00	
Industrial Research	35,000.00	751,000.00
Capital Expenditures:		
General Improvements (Small Buildings).\$	75,000.00	
Gymnasium for Women.....	175,000.00	
Equipment of Departments.....	50,000.00	300,000.00
GRAND TOTAL FOR ALL PURPOSES for		
each year of the biennial period.....		\$ 2,937,000.00

The following general observations on the situation and on the present tendencies of higher education are pertinent.

The amazing growth in enrollment of all of the colleges and universities of our country has exceeded any estimates that have been made by educators in past years, and it is difficult to make any sound estimate of how much more our institutions of higher learning will grow. The fact that the high school enrollment is steadily mounting, and the number of high school graduates is still increasing as rapidly as it has ever increased, must lead to the conclusion that there is as yet no apparent tendency for a check in college growth. The following table shows the growth of Iowa State College in total enrollment from September to June of all students, exclusive of the summer term, and of the enrollment in the Graduate College students, during the college year:

GROWTH OF THE COLLEGE ENROLLMENT

	Total enrollment Sept. to June exclusive of summer	Growth in 10 years	Enrollment of Grad- uate students Sept. to June	Growth in 10 years
1897-98	525		17	
1907-08	1739	1214	14	—3
1917-18	3355	1616	103	89
1927-28	4841	1486	444	341

It is apparent that the college grew at the rate of about 160 students a year from 1907-8 to 1917-18; and at the rate of about 150 students a year from 1917-18 to 1927-28. During the past five years the increase in attendance has been about 140 students a year, and it seems probable that the college will continue to grow for the present at about this rate.

The increased enrollment in the Graduate College has been at the rate of 10 students a year for the first decade, and 35 students a year for the second ten year period. This has been due to the prominence of certain technical departments at the college and to the very rapidly growing demand for graduate instruction.

The average cost per student is approximately \$500 a year, of which about \$100 is met by federal funds and student fees, leaving a net cost to the state of \$400.00 a year. On this basis, the estimated increased attendance and the cost of educating those students during each year of the next biennial period will be approximately, as follows:

During the year 1929-30, 140 additional students at an estimated cost of \$400.00 each.....	\$ 56,000.00
During the year 1930-31, 280 additional students at an estimated cost of \$400.00 each.....	112,000.00

Total.....\$168,000.00

The average net cost a year to the state to provide

for growth alone will be.....\$ 84,000.00

With such institutions as Cornell, California, Illinois, Wisconsin, and Minnesota all bidding for the type of teachers the Iowa State College employs, it is faced by the necessity of steadily increasing the salaries of the best professors. Growing demand for graduate work and research calls for a few distinguished additions to the faculty each year. These same factors are pressing hard for increased library facilities and for larger current expense funds.

Iowa is a great state, and the greatest agricultural state. She should have the strongest colleges of agriculture and veterinary medicine in the country. Circumstances have led to the develop-

ment here of very outstanding colleges of engineering and home economics.

The Iowa State College is faced with the necessity of going forward with the other great educational institutions of the country, which demands substantial increases in expenditures, or practicing great economy and dropping behind to a less distinguished position. The Iowa State Board of Education hopes it may be possible to continue to maintain the college in its present relative standing.

While the sum requested for the biennium is large, it is very small compared to the size of the interests served. The farmers of the state pay about one-half the taxes, and as two-thirds of the support of the college comes from direct taxes, the portion of the amount asked for paid by the farmers would amount to less than four cents per acre of farm land.

The Agricultural Experiment Station and the Extension Service are certainly worth far more than the whole cost of the college, four cents an acre, to the farmer. The work on oats alone during the past twenty years has increased the yield three bushels an acre where the seed produced by the station has been used. With 6,000,000 acres in oats, and about one-half sowed with the station seed, a profit of at least \$3,000,000 a year must have accrued to the farmers from this source. To mention only a few lines, the work on stock feeding, on improving the egg production of the poultry of the state, increased dairy cattle yield, improved butter manufacture, improved seed potatoes, testing seed corn, and the work of the Veterinary department in checking disease among live stock—these few lines of service developed by college study and research and carried to the farmers by the Extension department, are surely worth four cents per acre per year to the farmers of the state.

The college should be worth its cost to the tax payers who are not farmers for what it does for the farmer—aside from affording a high grade technical education to the sons and daughters of all of the people of the state. The Engineering Experiment Station and the Engineering Extension Department serve the manufacturing interests.

In any case the cost of Iowa State College to the average tax payer per year is small. For each \$100.00 assessed value on which taxes is paid, five cents would be collected for Iowa State College if the amount requested above is granted.

Administration and General Expense.....\$129,500.00 Annually

No increase in this item is requested, as it is hoped that sufficient savings can be made to meet the necessary increases within this department.

Physical Plant Operation.....\$427,000.00 Annually

	1927-28	1928-29	Each Year Biennium 1929-31	Increase requested
Salaries of 26 maintenance men	\$ 44,500	\$ 47,940	\$ 50,000	\$ 2,060
Salaries of janitors (52 in 1928-29)	45,500	50,060	52,000	1,940
Repairs	50,000	50,000	80,000	30,000
Coal	140,000	150,000	160,000	10,000
Grounds upkeep	25,000	25,000	25,000
General expenses (labor and supplies for heat, water and light)	60,000	52,000	60,000	8,000
	<u>\$365,000</u>	<u>\$375,000</u>	<u>\$427,000</u>	<u>\$ 52,000</u>

Salaries, \$102,000.00

The increase in salary totals, \$4,000.00, for maintenance staff and janitors, 78 employees in all, is the smallest compatible with maintaining effective service.

Repairs, \$80,000.00

The present buildings cost \$6,600,000.00. It is generally accepted that 2% of the cost of the buildings should be expended each year to keep them in good repair. This would mean an expenditure of \$130,000.00 a year. The \$50,000.00 a year that has been available is about 75% of the cost of the present buildings. The expenditure of \$50,000.00 a year for repairs has been stationary since 1917-18, and even in 1914-15, with only \$2,850,000.00 in buildings, \$45,000.00 was spent on repairs, or over 1.5% of their cost. The fact that most of the new buildings have been of excellent construction has made it possible to operate on a repair fund of \$50,000.00 a year, but only by the neglect of many repairs that should be made. Interior painting has been seriously neglected, and exterior painting deferred too long in many cases.

The \$80,000.00 requested is 1.2% of cost of present buildings.

Upkeep of Grounds, \$25,000.00

No increase is requested.

Coal, \$160,000.00

An increase of \$10,000.00 over the current year is requested. Although the winter of 1927-1928 was very mild the cost of fuel was \$140,000.00. During the current year, \$150,000.00 has been

set aside for coal as two large buildings have been added to the heating load—the Dairy Industry Building and the Memorial Union. If the coming winter is mild this may be enough, but if it were severe it will not provide sufficient fuel. One hundred sixty thousand dollars should be appropriated for coal for each year. Iowa coal is burned exclusively when it can be secured.

General Expense, Buildings and Grounds, \$60,000.00

Although the appropriation for the present year is \$60,000.00, the amount that is available for General Expense, Buildings and Grounds is only \$52,000.00. Because more fuel will be needed during the current year, \$8,000.00 has been arbitrarily transferred to the Coal Fund, thereby reducing the budget for General Expense to \$52,000.00. The present appropriation of \$60,000.00 a year is needed. The cost of such items as labor and supplies for the central heating and power plant, light and water for the buildings and supplies for janitors will be paid from this appropriation.

The total amount of increases requested for Physical Plant Operation is \$52,000.00 annually.

Library Operation\$90,000.00 Annually

This is an increase of \$20,000.00 over the present appropriation. The present library contains 170,000 volumes and 3,000 periodicals. The building is open from eight o'clock in the morning until nine-thirty o'clock in the evening, with the exception of the hour from six o'clock to seven o'clock, six days in the week; and it is open from two o'clock until five o'clock on Sunday afternoons.

The library should be open from seven-thirty in the morning until ten o'clock in the evening during the week and from two o'clock in the afternoon until ten o'clock in the evening on Sundays.

The use of the library is exceptionally large—greater than the use of the libraries of either Yale or Cornell.

	Number of students enrolled in the fall quarter (1927-1928)	Volumes in library	Number of books charged for home use	Number books charged for use in library
Ames	4,200	170,000	91,000	202,500
Cornell	5,800	742,000	47,000	127,500
Yale	4,900	1,400,000	64,000	

The work of the libraries has greatly increased in the last few years with no increase in staff.

	Books Loaned for Home Use	Staff Salaries and Student Help
1923	28,347	\$46,773
1924	33,869	47,703
1927	91,000	47,400

Eight thousand five hundred dollars additional is needed to provide additional librarians and student assistants to keep the library open two hours longer each day and to maintain and improve the service. Two thousand dollars additional is needed for purchasing and binding periodicals. Nine thousand five hundred dollars additional is needed for new books. A complete library on Agriculture, Home Economics, Engineering and Veterinary Medicine, and a very full library on the basic sciences are needed. Current new books in these fields and complete files of periodical literature in the subjects ought to be bought at once. These latter books are rapidly increasing in price.

The library is the very heart of an institution of learning. The Iowa State College library is excellent and it is greatly used. An increase of \$20,000 a year is needed to maintain it at its present high efficiency of service and to provide needed books.

Educational Purposes\$1,309,500.00 *Annually*

This appropriation will be expended somewhat, as follows:

Division of Agriculture, \$255,950.00

Additional men are needed on the staff, especially in the departments of Dairy Industry, Animal Breeding (Genetics), Agricultural Education, Animal Husbandry, Dairy Husbandry and Technical Journalism. The demand for graduate work in these departments is increasing rapidly. Then, too, there is a constant demand to increase the scope and character of the winter short term courses to meet the needs of the practical farmer. Additional instructors will cost about \$13,690.00.

About 185 teachers should have some salary increases during the biennium. Nineteen thousand dollars will be required to do this.

Additional student assistants, labor, supplies, care for live stock and equipment and general upkeep included in current expenses will cost about \$8,260.00.

The total increase for the Division of Agriculture for each year of the biennial period will be approximately \$30,950.00.

Division of Engineering, \$203,470.00

Four additional instructors are needed in Civil, General and Mechanical Engineering and in the Industrial Arts. Their salaries will amount to about \$7,750.00 a year.

There are about 84 staff members in the Division. Of that number about 57 should have salary increases during the biennium. This number includes 10 shop instructors who are married men

with families. At the present time, they are receiving from \$1,500.00 to \$1,700.00 a year. Those salaries should be raised to about \$2,000.00 a year. The total amount of increases would be approximately \$14,620.00.

An increase of \$3,600.00 is needed on account of the growth of enrollment in the Division of Engineering.

The total increased askings for the Division of Engineering is \$25,970.00 for each year of the biennial period.

Division of Home Economics, \$138,055.00

The enrollment in this division and in the Graduate Section has increased rapidly. In order to provide proper instruction for the students the number of teachers must be increased and the faculty ought to be strengthened by employing a few of the most capable women in the country. In order to do this, at least \$7,300.00 additional will be needed. Twice the amount could be expended advantageously.

The staff is composed of 69 persons. Of that number the salaries of 37 should be increased somewhat during the biennial period. During the past year, industrial organizations have offered \$5,000.00 to each of two women. The time has come when capable women must be paid higher salaries if their services are to be retained. An increase of \$5,785.00 is needed.

In order to meet the expenses of the increased attendance additional supplies, which will cost about \$2,970.00, will be needed.

The total increase for the Division of Home Economics is \$16,055.00 for each year of the biennial period.

**Industrial Service\$751,000.00 Annually
RESEARCH**

The Agricultural Experiment Station, the Engineering Experiment Station, the Veterinary Research Laboratory and the Industrial Research Work, constitute the Research Department maintained for the service of Iowa. The 200,000 farms of Iowa produce between six and seven hundred million dollars worth of products. The Iowa State College spent last year about \$390,000.00 in research work on farm problems, endeavoring to check insect damages, prevent disease in stock, improve farm products, farm yields, and farm methods, study economic problems of the farm, and utilize farm waste. Some material progress was made. The results of this work over a period of ten years show enormously increased returns to the farms of Iowa. During that period, 6/100 of 1% of the farm income of the state was expended, and one-fifth of this came from Federal funds. The state is requested to increase

its appropriations by about 1/100 of 1% of the farm income for Farm Research. The farmers are requested to increase their individual contributions to research from \$1.48 to \$1.83 a year, or from nine-tenths cents an acre to one and two-tenths cents an acre.

The industries of Iowa now bring in an income nearly as great as agriculture. The Engineering Experiment Station spends \$57,000.00 a year on industrial problems, disposal of industrial sewage, drainage problems, construction of highways and highway problems, use of concrete, lubrication problems, manufacture of cornstalk lumber, etc., etc. Larger expenditures will well repay the state; and in view of the growing industrialization of Iowa the work of the Engineering Experiment Station should be enlarged.

Agricultural Experiment Station, \$306,000.00

The annual appropriation for the present biennium is \$245,000.00. An increase of \$61,000.00 annually is requested.

During the year the following requests have been presented for work by the Agricultural Experiment Station:

<i>Interest</i>	<i>Work Requested</i>	<i>Estimated Cost</i>
Melon growers of south-eastern Iowa	Watermelon disease control..	\$9,000.00
837 carloads, 1924	Vegetable crops for melon district	6,000.00
10 carloads, 1927		
Iowa Nurserymen	Nursery disease control	6,500.00
	Nursery propagation and culture problems	6,500.00
Sugar Beet growers producing 200,000 tons	Control leaf spot disease of sugar beets	9,000.00
sugar beets at \$6.00 a ton, \$1,200,000		
Iowa Butter Makers Association	Reduction of fat in buttermilk	4,800.00
Iowa Creamery Association	Standardization of fat in butter	8,400.00
	Cheese manufacturing	1,000.00
Iowa onion growers from Scott County	Onion disease control.....	8,000.00
Iowa poultry dealers	Poultry disease control.....	7,500.00
	Poultry husbandry study...	
Co-operative marketing interests	Research in co-operative marketing	10,000.00

Division of Industrial Science, \$545,495.00

The demands on the Division of Industrial Science for instruction and research by the divisions of Agriculture, Engineering, Home Economics and Veterinary Medicine are increasing rapidly. A very large part of the teaching load in the fundamental sciences of the entire college is carried by the division, and at the same time nearly one-half of the graduate students are enrolled therein. Certain departments, such as English, Public Speaking, Economics, Government, Psychology, Hygiene and Physical Education, as well as the departments of Chemistry, Physics, Botany, Bacteriology and Zoology, must be materially strengthened. In order to provide for additional teachers and to secure a few superior men, an increase of \$42,250.00 a year is needed.

The present staff consists of 199 persons. Of these, the salaries of 134 should be increased during the biennium. An increased appropriation of \$28,670.00 is needed for this purpose.

In order to pay for additional supplies needed in Chemistry and in other sciences, and for increased student help employed by the hour, an increase of \$10,575.00 annually is needed.

The total increase for the Division of Industrial Science is \$81,495.00 for each year of the biennial period.

Division of Veterinary Medicine, \$55,530.00

A graduate assistant, who will cost about \$720.00, is needed in Veterinary Surgery.

There are 24 men on the staff. Of that number, the salaries of 18 should be increased somewhat. In order to do this \$3,560.00 additional will be needed.

An increase of \$250.00 is requested in order to meet additional current expenses.

The aforesaid increases for the Division of Veterinary Medicine amount to \$4,530.00 annually.

Non-Collegiate Courses, \$69,000.00

No increase is requested. The enrollment has been good. The instruction has been well received and, as a result, the students have been greatly benefited.

Vacation Courses, \$37,000.00

No increase is requested. The attendance at the short courses has been good, and the students have been greatly benefited by the instruction. The enrollment in the summer session has been increasing, as the following report shows:

Year	Number Enrolled First Six Weeks
1918	570
1924	1337
1928	1524

About one-third of the students who enrolled in the summer session are in the Graduate College.

During the present year, the appropriation for Educational Purposes is \$1,150,500.00. The request for \$1,309,500.00 for each year of the next biennial period is an increase of \$159,000.00 annually.

Engineering Experiment Station, \$75,000.00

The Engineering Experiment Station is attempting to do for the manufacturing interests what the Agricultural Experiment Station does for the farm interests. A wide scope of problems is studied. The following are now being, or about to be, studied:

Use of Iowa clays; studies on lubricating oils; utilization of agricultural wastes; study of concrete; study of Iowa coals; strength of concrete slabs; study of strength of culvert pipes; studies of underdrainage and run-off from large drainage districts; radio interference; use of small motors for feed grinding; application of electricity to agriculture; fuel consumption; studies in automobiles; crack fillers for concrete pavements; rate of depreciation of industrial equipment; material control in Iowa machine shops; tests on domestic refrigerators; purification of creamery sewage; purification and utilization of industrial waste sewage.

An increase of \$18,000 annually is requested.

Investigations of major importance to Iowa which should be actively continued include the following general groups, each consisting of one or more station research projects:

1. The commercial utilization of cornstalks, corncobs, straw, and soy beans by developing methods of manufacturing building lumber substitutes (insulating boards), paper, acids, furfural, adhesives, plastic compounds, oils, and other products from these farm waste products.

2. The development of new products and methods of utilizing Iowa clay deposits through studies on the manufacture of terra cotta, enameled brick, roofing tile and architectural tile, and also, through the development of methods of burning Iowa coal (after being washed) in clay products manufacture.

3. The improvement of Iowa coal by washing, or processing, and the development of by-products.

4. Culvert investigations to discover the true theory of loads from which safe designs can be made to cover all conditions of installations. This work and the work on economy of highway grades and pavement surfaces are of great importance to the state at this time because of the extensive highway improvements under way.

5. Studies on the purification, utilization, and disposal of waste sewage of Iowa industrial plants. Creamery and hog packing plant wastes have been successfully handled.

6. Economic studies on farm drainage installations and the efficiency of large drainage districts.

Other research studies in progress or contemplated include: The development of an improved crack filler for concrete pavements; methods of determining the best lubricating oil for specific purposes; methods of rendering concrete resistance to alkali attack, tension, compression, and shear studies on concrete; bearing value of highway bridge rollers; strength of cast iron water pipe under concentrated loads; causes and remedies of radio interference; the characteristics of small electrical apparatus designed for specific purposes; mortality and depreciation studies of industrial property; material control in Iowa machine shops; efficiency tests of mechanical domestic refrigerators; and the measurement of Iowa mine subsidence.

A very careful survey of the work under way and of these new problems, all of which are urgent, indicates that these new problems can be assumed if an increase of \$61,000 over the present state appropriation, or a total of \$306,000 a year, is provided. Iowa, with her marvelously productive soil and her increasingly intensive farming, will undoubtedly face increasing embarrassment from insects, plant and animal parasites and diseases. It is vitally necessary that the work of the experiment station be kept abreast the needs of the day. With any less than \$306,000 a year some of the needed work, as outlined above, will have to be curtailed.

The program of research follows. Each item is in order of its relative importance.

1.	Swine	Necrotic Enteritis	\$	4,574.00
2.	Cattle	Sterility in heifers.....	\$	1,000
		Bang's disease	11,647	12,647.00
3.	Poultry	White Diarrhoea		2,640.00
4.	Swine	Immunity breaks in pigs.....	2,850	
		Studies of hog cholera virus....	2,350	
		Immunization of suckling pigs.	2,950	8,150.00

5.	Poultry	Coccidiosis	1,810.00
6.	Swine	Flu in swine	3,950.00
7.	Cattle	Sweet clover poisoning.....	3,156.00
8.	Horses	Sclerostomasis of horses.....	2,400.00
9.	Cattle	Pica	1,660.00
10.	Poultry	Tuberculosis	2,060.00
11.	Cattle	Infectious Mastitis	1,960.00
12.	Swine	Mange in swine.....	2,640.00
13.	Poultry	Disease reported by dealers.....	7,500.00

At present \$40,000 a year will maintain this work on as large a scale as it can be wisely conducted. The expectation is to complete some of these studies during 1928-29, and take up others that are pressing. Every dollar of this fund is urgently needed and in the near future an increase will be requested.

Industrial Research, \$35,000.00

In recent years all industry has turned its attention to the utilization of waste. The farmer has been the last to seriously consider this matter. Corn stalks, straw and other secondary products of the farm have been used in part and plowed under as fertilizer. Within the last few years, with the decrease in timber and the increasing demand for lumber, paper, and cellulose, and with the imperative need to increase the value of the farm products, attention has turned to the utilization of farm wastes. Professor Sweeney has won merited distinction for his large contribution in the manufacture of board from corn stalks. Much work has also been done in the Chemistry and Bacteriology departments in devising more uses for farm wastes and in disposing of the sewage from cornstalk board factories. Roughly, the development in the cornstalk board alone promises to return the farmer \$2.00 an acre revenue on corn land.

This field is very large. It has opened up surprisingly during the past year. The work now under way must be continued and a large amount of additional work should be carried on in Chemistry and Bacteriology. The increase requested, \$10,000.00 annually, is very small compared to the interests involved.

Agricultural and Home Economics Extension, \$220,000.00

In order to acquaint the 200,000 farmers of Iowa with the advances in agriculture and help them take advantage of them; to aid the farmer's wife in her work; and to organize the boys and girls on the farms along agricultural interests; the Agricultural

and Home Economics Extension work has been organized. At present it maintains 100 county agents, 12 home demonstration agents, and 2 boys and girls club workers, and a staff of about 100 in the office and field force. The department is well equipped, and is rendering a very large service to the farmers.

Of the increased Federal funds of \$20,000.00 for the current year and \$30,000 for 1929-30, provided by the Capper-Ketcham Bill, at least 80 per cent, or \$16,000.00 and \$24,000.00 respectively, must be spent in employing field agents, so that not more than \$4,000.00 or \$6,000.00, respectively, of this is available for employing specialists or administrative staff officers.

A small increase in the appropriation is seriously needed in order to make some additions to the staff. Another man ought to be employed in dairy production to aid the cow test associations, and an additional man is needed in landscape planting for the farm. Some salaries must be raised if the Iowa State College is to retain its best men. \$220,000.00 is requested, which is an increase of \$10,000.00 a year.

Cooperative Marketing, \$30,000

The services of an additional man should be secured for the cooperative marketing work. \$30,000.00, which is an increase of \$5,000.00, a year is requested to carry on this work.

Apiary Inspection, \$5,000.00

Many requests have come in from men in the honey bee industry of the state requesting that the appropriation for apiary inspection be increased. Much work has been done in cleaning up foul brood but a great deal more should be done. An annual appropriation of \$5,000.00, which is an increase of \$2,000.00 a year, is requested for this work. Much more could be spent to advantage.

Engineering Extension, \$40,000.00

Five full time and four part time men are now employed in this work. It is proposed to add one full time man for whom there is a large demand chiefly in the courses of instruction and training of foremen.

In order to pay the additional salary and to increase the efficiency of the service an increase of \$5,000.00 a year is requested.

During the present year, the appropriation for Industrial Service is \$640,000.00. The request for \$751,000.00 for each year of the next biennial period is an increase of \$111,000.00 annually.

Capital Expenditures.....\$300,000.00 Annually

In an institution which is steadily growing and which is made

up of many different departments, all of which tend to outgrow their quarters, the problem of providing adequate buildings is one that demands constant and careful consideration. What gives relief to one department usually does not help another, for instance, the completion of the Home Economics building gave no relief to Engineering. Since there are so many departments, each year sufficient building should be done so that as the years go by every department will, in turn, have adequate space without too much crowding.

Gymnasium for Women, \$175,000.00 Annually

For several years a woman's gymnasium has been pushed aside by seemingly more urgent needs. Two years hence several educational buildings will be needed. It is highly important that a gymnasium for women be erected at this time.

The following report shows the increase in the enrollment of women during the years indicated:

Year	Number of Women Enrolled	Increase in 5 Years
1912-13	360	
1917-18	640	280
1922-23	1230	590
1927-28	1500	270

The present facilities are fairly adequate for the number of girls enrolled prior to 1920. While the provision for this work is in three different buildings and is inconvenient, it would be reasonably adequate for 500 to 700 girls. Between June and September, the College now enrolls over 1,500 girls and the present facilities are wholly inadequate.

A very large number of the girls need special corrective work, and all of them need the stimulus of exercise to enable them to carry profitably the heavy schedule in the sciences as offered by the Iowa State College.

The building contemplated would be located north of the dormitories for women and on a site where it could be doubled in size by an addition to the rear, if needed. The plan considered provides for convenient enlargement. The building would contain adequate offices, class rooms, locker and shower rooms in the front section.

The building would be of brick, simply built to provide maximum exercise rooms for 1,500 girls at minimum cost. The main floor would be 80 by 120 feet with two small floors for corrective and special work. The swimming pool would be 35 by 75 feet. No exercise is better for women or more appreciated by them than

swimming. Locker and shower rooms adequate for 1,500 girls, offices for instructors and physical examination and one or two class rooms would also be included.

Veterinary Investigations, \$40,000.00

A very large proportion of the agricultural products of Iowa is live stock, over \$300,000,000.00 a year in swine alone. With the passing years and the increasing number of live stock and poultry raised in the state, animal parasites and diseases have increased. The annual loss is enormous. Iowa is the only state carrying on research in swine diseases. The research in Veterinary Medicine has been very limited, heretofore, through lack of funds. During the present biennium excellent quarters for laboratory work and isolation barns for stock have been built, and the work is progressing nicely.

General Improvements (Small Buildings), \$75,000.00

An annual appropriation of \$75,000.00 a year, which is the amount received during the present biennium, is requested. The following improvements are contemplated and, while all that are listed cannot be completed for the sum requested, most of them can be cared for by this sum:

Remodel Ceramics Laboratory.....	\$ 6,000
Complete remodeling of Old Dairy Building for Classrooms and Offices	8,500
Convert First Floor of Men's Gymnasium into Regular Gymnasium Floor.....	12,000
Complete Exercise Rooms under East Bleachers for Supplementary Gymnasium	22,500
Remodel and Enlarge Botany Greenhouses.....	6,000
Complete Insectary Greenhouse.....	2,000
Completion and Equipment of Unfinished Rooms in Chemistry Building	15,000
Horse Barn Unit.....	17,500
Remodel Old Horse Barn for Classrooms.....	15,000
Root Cellars for Horticultural Department.....	8,000
Heating Plant Tunnels and Additions.....	30,000
Agricultural Engineering Machine Shed.....	5,000
Addition to Armory for Classrooms.....	20,000

Remodel Ceramics Laboratory, \$6,000

The Ceramics Laboratory is in a part of the Annex to the Engineering building and whenever a kiln is fired the whole building is filled with gas and smoke. A small addition should be built to this wing and certain partitions should be altered to relieve this condition and provide more satisfactory quarters for ceramics. \$6,000 is needed for these improvements.

Complete Remodeling of Old Dairy Building, \$8,500

The Old Dairy Building, vacated by the Dairy Industry Depart-

ment, is needed for class rooms and offices for Agricultural Economics, Agricultural Education and Technical Journalism. The two upper floors have been remodeled and funds are needed to remodel the first floor, in which considerable change ought to be made. \$8,500 is needed for this improvement.

Convert the first floor of the Men's Gymnasium into a regular gymnasium floor and additional locker rooms, \$12,000. At present this is a cinder floor. Owing to increased enrollment of men since the gymnasium was built more locker space and an additional gymnasium floor are needed. The change contemplated will increase the capacity for Physical Education work for men.

Complete exercise rooms under east bleachers for supplementary gymnasium, \$22,500. A very large amount of valuable space under the east side bleachers can be made into hand ball courts and exercise rooms at small expense. The improvement will be of great value and is urgently needed.

Remodel and enlarge Botany Greenhouses, \$6,000. These greenhouses are used by all the departments dealing with plant life, and increased space is needed in order to secure efficient results. A tier of old greenhouses chiefly used by Botany and Plant Pathology should be partly rebuilt and, if possible, added to. The Horticulture department also needs an additional greenhouse.

Complete Insectary Greenhouse, \$2,000. When the Insectory was built there was not quite enough money to complete the building as planned. One end of the greenhouse should be extended to the Laboratory.

Completion and equipment of unfinished rooms in Chemistry Building, \$15,000. When the Chemistry building was built every effort was made to erect a building that would be adequate for some years. Part of the building has never been fully completed and equipped. Now, because of the growth of the College, additional rooms should be finished and equipped for use.

Horse barn unit, \$17,500. The old horse barn, located next to the New Dairy building, should be vacated. The erection of the second unit or wing of the new horse barn as planned will make it possible to vacate the old horse barn.

Remodel old Horse Barn for Class Rooms, \$15,000. The old horse barn is a substantial building of brick and its location adapts it very well for use by the department of Landscape Architecture, which is now housed in two buildings. The remodeling of this

building will give this department adequate and comfortable quarters, and the change will be very advantageous.

Root cellars for the Horticulture Department, \$8,000. For work with fruit, bulbs and potatoes additional root cellars and head houses are needed.

Heating Plant Tunnels and additions, \$30,000. If the Women's Gymnasium is built, the tunnel must be extended to it. Considerable economy will be gained if the ends of the two present tunnels, which carry heat to all the buildings, be connected. This would make it possible to reduce the pressure in the low pressure steam line which, in cold weather, is as high as 13 pounds. New electric cables must be installed from the power plant to the Electrical Engineering Laboratory.

Agricultural Engineering Machine Shed, \$5,000. A building is needed in which to store farm machinery.

Additional Class Rooms at Armory, \$20,000. At the time the Armory was built class rooms and storage rooms were constructed along one side only. Additional class rooms are needed now and can be erected along about one-half of the other side of the building, for the sum requested.

Other buildings which are needed may be listed as follows:

Library Addition to Provide Book Stacks.....	\$100,000
Front of Agricultural Engineering Building for Architectural Engineering	200,000
Wing of Science Building, to provide for Zoology, Bacteriology, Geology, and Botany.....	200,000
Completion of Chemical Engineering Building.....	145,000
Highway Engineering Building.....	175,000
New Machine Shops.....	250,000
Greenhouses	100,000
Genetics Building	100,000
Poultry Building	200,000
Home Economics Laboratories.....	250,000

Equipment, \$50,000.00

Additional equipment is needed for 30 scientific departments, including Chemistry, Physics, Zoology, Botany, Animal Husbandry, Soils, Farm Crops, Horticulture, Electrical, Mechanical, Chemical, Civil and Agricultural Engineering, Foods and Nutrition, Textiles, Applied Art, Household Equipment, Veterinary Physiology, Anatomy, Surgery, and Pathology, and 9 non-laboratory departments, such as English, Mathematics, History, Government, Economics, Foreign Languages, etc. \$50,000.00 a year equals about \$1,700.00 a department.

The continuance of this appropriation is imperative and before long a larger amount will be needed.

During the present biennium, the annual appropriation for Capital Expenditures is \$375,000.00. The request for \$300,000.00 for each year of the next biennial period is a decrease of \$75,000.00 annually.

BRIEF ARGUMENTS IN SUPPORT OF RECOMMENDATIONS FOR APPROPRIATIONS FOR THE IOWA STATE TEACHERS COLLEGE

The askings of the Iowa State Board of Education for the use and benefit of the Iowa State Teachers College for each year of the biennium that will begin July 1, 1929, are as follows:

Administration and general expense.....	\$ 70,000.00	
Physical plant operation	100,000.00	
Educational purposes	425,000.00	
Extension summer schools	25,000.00	
Hospital	10,000.00	
Extension	50,000.00	\$ 680,000.00

Capital expenditures	197,500.00
----------------------------	------------

GRAND TOTAL FOR ALL PURPOSES for each year of the biennial period.....	\$ 877,500.00
------------------------------------------------------------------------	---------------

According to a report that appears on page ..., the expenditures during the fiscal year that ended June 30, 1928, exceeded the appropriations by \$221,954.89. This deficiency was made up by receipts from tuition and fees, and by depleting the balances which existed on June 30, 1927.

Expenditures during the fiscal year 1928-29 are running slightly higher than during the previous year. Inasmuch as the appropriations are practically the same, and the tuition receipts will be slightly below expectations, the working balance which has been maintained by the institution for years will be practically wiped out by June 30, 1929. This condition of affairs does not seem to be a healthy and desirable one when viewed in the light of the best interests of the institution.

Accordingly, in considering the legislative askings for the biennial period that will begin July 1, 1929, increasing demands and depleted balances render increased appropriations necessary.

Administration and General Expense.....\$70,000 Annually

The appropriation in this fund for each year of the current biennium was \$50,000 while the expenditures for 1927-28 amounted to \$82,426.82. The appropriation for the coming biennial period will need to be increased \$20,000 annually in order to provide for the following items.

- a. The salary of the president emeritus.
- b. The salaries of members of the faculty on detached service.
- c. An assistant to the Dean of Women.
- d. Expansion of the work of the Bureau of Recommendations.
- e. Increased clerical demands.
- f. Modernization of office equipment.

The time is coming when more members of the instructional staff of the Iowa State Teachers College who have served faithfully for a period of thirty-five or forty years, must be placed upon detached service.

Physical Plant Operation.....\$100,000 Annually

The appropriation in this fund for each year of the current biennium was \$90,500 while the expenditures for 1927-28 amounted to \$135,507.08. An increase of \$9,500 annually in the appropriation for this department is necessary for the following reasons.

- a. To replenish the greatly decreased coal reserve.
- b. To make minor alterations and repairs in many of the buildings.
- c. To replace worn-out equipment.
- d. To increase wages of some members of the janitorial staff.
- e. To increase the number of employes in this department necessitated by the increased acreage and floor space on the campus brought about by the new Physical Education plant for men.

Educational Purposes\$425,000 Annually

The amount appropriated for this fund by the 42nd General Assembly was \$413,000 annually while the expenditures for 1927-28 amounted to \$536,332.06. In order to meet the total expenditures for educational purposes, it was necessary to supplement the appropriations by using \$123,332.06 from the tuition receipts and working balances. For the next biennial period, the appropriations for this fund should be increased at least \$12,000 annually for the following reasons:

- a. This fund supports the instructional activities for which the institution was specifically founded, viz., the training of teachers for our public schools. This function is so significant in the life and development of this state that it should receive a constantly increasing amount of support. The training of teachers, long recognized as an important obligation of the state, should only be placed in the hands of the most able and best trained people obtainable. Teachers colleges in

other states are taking away many of our best faculty members because they pay higher salaries than the Iowa State Teachers College. Iowa can not afford to lose the contributions which these outstanding members of the faculty have to make.

- b. Many of the younger instructors are taking a year's leave of absence whenever possible in order to secure further professional training for the work they are called upon to do. This necessitates a depletion of personal savings, as well as a loss of income, for the period of absence. The payment of higher salaries to these people upon the completion of their advanced preparation is the only method by which their retention as members of the faculty can be guaranteed.
- c. Whenever resignations from the instructional staff are accepted it is nearly always necessary to pay higher salaries to fill the vacancies with instructors equipped with an equal amount of training and experience.
- d. The scholarship, training and experience of the faculties of teachers colleges everywhere are increasing in a marked degree. Significantly higher standards along any line nearly always mean substantially increased costs.
- e. The enrollment in teachers colleges is increasing most rapidly in the Junior and Senior years where the classes are smallest and the cost of instruction is consequently the highest.
- f. This fund also provides library facilities for the student body. In the past, about \$1.50 per student per year has been expended for library books and supplies but this amount is insufficient to keep pace with the practices of the better teachers colleges throughout the country. Books should be purchased in larger quantities in the future. They are the chief tools with which the student has to work. Moreover, during the fiscal year 1927-28, over \$8,000 was expended for student help in the library. More substantial returns could be obtained from the library facilities by the employment of better trained library service.

Extension Service \$50,000 Annually

More and more educators and citizens are coming to appreciate that the work of our teachers colleges must be extended into all parts of the states they serve. For several years, the Extension Division of Iowa State Teachers College has been carrying on its work with an annual budget of \$49,500.

Teachers in service, county superintendents, and the principals of village and consolidated schools are practically unanimous in their testimonials concerning the helpfulness of the Extension Division in solving their problems. It would seem very unwise to curtail the usefulness of this department of the college. Accordingly, an annual appropriation of \$50,000 is being requested, which is an increase of \$20,000 per year over the current biennium.

Extension Summer Schools.....\$25,000 Annually

For several years the Iowa State Teachers College has carried on a unique program which has had for its chief objective the placing of opportunities for professional training during the summer near the homes of teachers in the distant sections of the state. That such an objective has been realized is made evident by a study of the enrollment in the Extension Summer Schools since the date of their establishment. The people who attend these schools are, in the main, either actual or prospective teachers of one-room rural schools or grade teachers in villages, small towns or consolidated school districts. The training of teachers for these units is a state obligation and cannot be discharged in an efficient and intelligent manner by any other existing agency.

Each year more than one thousand young men and women, most of whom are inadequately trained and most of them without experience, receive expert training, relating to the instructional and management problems which they will meet during the year, at the Extension Summer Schools. As a rule, those young people teach in the rural schools and in the elementary grades in the small town schools of the state. Investigations which have been made show that most of them would not have been in school if the Extension Summer Schools had not been maintained. Accordingly, the Iowa State Board of Education is requesting that the present appropriation, \$25,000.00 annually, be renewed.

Hospital Fund.....\$10,000 Annually

The separate appropriation for hospital service was discontinued by the 42nd General Assembly. At this time, the Iowa State Board of Education is asking that it be re-instated in the budget, and that \$10,000 be appropriated annually for the support of this service. During the fiscal year which ended June 30, 1928, approximately \$8,850 was expended in order to keep the student body at a high level of physical vitality. This money was taken from the working balances on hand at the beginning of the biennial period. Inas-

much as there will be no available funds to continue the health work after the close of the present fiscal year, the request deserves very careful consideration.

Contingent Fund..... *None*

The increases thus far requested for each year of the next biennial period total \$71,500. However, the 42nd General Assembly appropriated \$25,000 annually for a contingent fund. In case all of the increases requested heretofore are granted in full, the appropriation for the contingent fund can be discontinued without injuring the program of instruction which the college contemplates. This would mean that the annual net increase for the next biennium in all funds, not including capital expenditures, would total \$46,500.

Capital Expenditures.....\$197,500 *Annually*

General Improvement—\$15,000 Annually

The 42nd General Assembly appropriated \$10,000 annually for the general improvement of the physical plant, but absolute necessities compelled the expenditure of \$17,528.77 during the fiscal year which ended June 30, 1928. In order to prevent deterioration of the plant and in order to effect needed major improvements, it is necessary to request an annual appropriation of \$15,000 for each year of the coming biennium. This amount will be used for the following purposes:

- a. To reconstruct the swimming pool in the women's gymnasium into a pool of standard length, equipped with sanitary scum troughs and an adequate sterilizing system. There should also be a gallery for observers. The present locker room needs to be re-arranged in some manner to prevent the flooding of the locker room floor when showers are used.
- b. To pave the new drives on the campus because considerable washing occurs during heavy rains.
- c. To complete the construction of the men's athletic field, especially the quarter-mile running track and the jumping and weight pits. Then, too, the present bleachers are inadequate.
- d. To keep the present heating plant in repair until a new one is ready for use.
- e. To pay for new playground equipment for the children of the training school.

An annual appropriation of \$15,000 for each year will probably

not take care of all of the above items but it will make a significant beginning.

Warehouse—\$7,500 Annually

The instructional, sanitary and repair supplies are now spread about in various rooms of the several buildings wherever storing space can be found. A central warehouse is needed for the economical handling of these materials. Accordingly, an appropriation of \$7,500 annually is requested for the construction of a store house.

New Heating and Power Plant—\$175,000 Annually

In 1924, and again in 1926, the Iowa State Board of Education requested that funds be appropriated for the construction of a new heating and power plant. This request is renewed at this time. The need is a most imperative one. Four of the eight boilers are old and defective; and all are hand-fired. Only the most expensive grade of coal will produce the necessary results in cold weather. Last winter the power plant went above its computed capacity on several occasions; and frequently it was necessary to turn off lights and motors in order to heat the buildings. Necessary repairs during the course of each year are extremely costly. The Superintendent of Buildings and Grounds is making an earnest effort to keep the plant in working order until a new one can be provided.

There are eight boilers in the present plant. Two were installed in 1901, two in 1904, two in 1913, and two in 1923. The four oldest boilers are in bad condition and they are liable to give trouble at any time. The four boilers installed since 1913 are in fairly good condition.

The smoke from the present plant has been considered a public nuisance, for years. On many days, it sifts into the open windows of near-by buildings. It is proposed to erect the new plant on the campus, two blocks distant from the present location. The proposed plans also call for automatic stokers which will eliminate the smoke nuisance, and provide much more efficient and economical handling of coal.

The welfare of the student body of the Iowa State Teachers College demands that the present dormitory facilities be greatly increased. Many students are now living midst unsanitary and unwholesome surroundings. The way is clear for the expansion of the housing program, without expense to the state, as soon as a new heating plant is provided.

The smoke stack of the present plant was struck by lightning

about ten years ago causing a crack of noticeable size. While there is probably no danger on account of this defect, yet it is difficult to tell just how safe the stack is.

The electric power plant, which is connected with the present heating plant, is antiquated and generates a direct 220 volt current. It is becoming increasingly difficult to secure 220 volt lamps. The life of a 220 volt lamp is only one-half to two-thirds that of the life of a 110 volt lamp yet the original cost is about one-fifth more. The proposed plant calls for the installation of equipment designed to generate a 110 volt alternating current.

The most reliable estimates available at this time call for an appropriation of \$350,000—\$175,000 annually during the coming biennium—for the erection and equipping of a new heating plant on a new location. This will permit the demolishing of the present plant, the beautifying of that part of the campus, and the use of part of the ground upon which it stands for future buildings designed for instructional purposes.

SUMMARY

The above requests are based upon a careful examination of the actual expenditures of the college during the past six years and upon a conservative estimate of the needs of the next biennial period. Any deviation from these amounts, in making up the appropriations for 1929-31, cannot help but detract seriously from the efficiency of the institution in carrying on the significant work for which it was established. The Iowa State Teachers College should be equipped and supported in such a way that it can maintain its present high rating among the teachers colleges of America.

	Amount Appropriated Annually by 40th General Assembly	Amount Appropriated Annually by 41st General Assembly	Amount Appropriated Annually by 42nd General Assembly	Amount Expended During the Fiscal Year Ending June 30, 1928	Amount Recommended for Each Year of 1929-31 Biennium	Annual Increase Needed for the 1929-31 Biennium
Administration and general expense.....	\$ 55,500.00	\$ 55,500.00	\$ 50,000.00	\$ 82,426.82	\$ 70,000.00	\$ 20,000.00

*The appropriation entitled "Contingent Fund," \$25,000.00, will be needed during the year that began July 1, 1928. No appropriation is being requested for this fund for the next biennial period.

†The request for Capital Expenditures is divided as follows:

Item	Amount Annually
General improvement.....	\$ 15,000.00
Warehouse.....	7,500.00
Heating and power plant.....	175,000.00
Total capital expenditures annually.....	\$ 197,500.00

BRIEF ARGUMENTS IN SUPPORT OF RECOMMENDATIONS FOR APPROPRIATIONS FOR THE IOWA SCHOOL FOR THE BLIND

The askings of the Iowa State Board of Education for the use and benefit of the Iowa School for the Blind for each year of the biennium that will begin July 1, 1929, are as follows:

Salaries, support and maintenance	\$ 90,000.00	
Special Purposes:		
Sundry equipment	2,000.00	
Piano and furniture	2,000.00	
General improvements	3,000.00	\$ 97,000.00
<hr/>		
Coal bunkers	\$ 2,000.00	
New boilers	1,500.00	3,500.00
<hr/>		
GRAND TOTAL FOR ALL PURPOSES for each year of the biennial period.....		\$ 100,500.00

According to a comparative statement that appears in this report, the amount appropriated by the 42nd General Assembly for all purposes for each year of the present biennial period was \$116,700.00.

The Iowa State Board of Education calls attention to the following arguments in support of the aforesaid askings:

Salaries, Support and Maintenance (annually).....\$90,000.00

Because of the enlarged enrollment at the Iowa School for the Blind, an increase of \$5,800.00, annually, for Salaries, Support and Maintenance is requested.

Special Purposes (annually).....\$7,000.00

This is an increase of \$3,000.00 a year. During the coming biennial period several new pianos, dormitory and school furniture, and sundry equipment must be purchased. The estimated cost is \$8,000.00. Three thousand dollars a year, or \$6,000.00 for the biennial period, will be needed to make the general improvements that will be necessary.

Coal Bunkers (for the biennium).....\$4,000.00

The 42nd General Assembly made an appropriation of \$4,000.00 for this purpose. Later investigations showed that a new building could not be constructed for less than \$7,000.00.

The 42nd General Assembly made an appropriation of \$4,000.00 for the biennial period for the purpose of paying the college expenses of needy and worthy blind boys and girls who would attend institutions of higher learning. The amount proved to be insufficient. In order to keep those young people in college during the

first semester of the year 1928-1929, the Governor and the Director of the Budget granted their permission to transfer \$1,000.00 from the appropriation for new coal bunkers to the appropriation entitled "Aid for Blind Students." Therefore, on December 1, 1928, the balance remaining in the appropriation for Coal Bunkers is \$3,000.00.

Heating and Power Plant (for the biennium).....\$3,000.00

This appropriation will be used to pay for some new boilers and their installation, and to repair and improve the heating and power plant.

BRIEF ARGUMENTS IN SUPPORT OF RECOMMENDATIONS FOR APPROPRIATIONS FOR THE IOWA SCHOOL FOR THE DEAF

The askings of the Iowa State Board of Education for the use and benefit of the Iowa School for the Deaf for each year of the biennium that will begin July 1, 1929, are as follows:

Salaries, support and maintenance.....	\$215,000.00	
Special Purposes:		
Water mains and fire protection.....	10,000.00	
Equipment (for all departments).....	10,000.00	
Scholarship	500.00	
		\$ 235,500.00
Capital Purposes:		
New school building and gymnasium....	\$112,500.00	
Addition to cottage for small children....	25,000.00	
Superintendent's residence	7,500.00	
Total		\$ 145,000.00
GRAND TOTAL FOR ALL PURPOSES for each year of the biennial period.....		\$ 380,500.00

The Iowa State Board of Education presents the following arguments in support of these askings:

Salaries, Support and Maintenance.....\$215,000 Annually

The 42nd General Assembly made an appropriation of \$206,000 for each year of the biennial period that began July 1, 1927. The Iowa School for the Deaf has experienced a remarkable growth during the past ten years. The enrollment has more than doubled during that period. Because of this, an increase, amounting to \$9,000 annually, is requested.

Special Purposes.....\$20,500 Annually

The 42nd General Assembly made an appropriation of \$18,000 for each year of the biennial period that began July 1, 1927.

Water Mains and Fire Protection—\$10,000 Annually

The mains of the present water system are rapidly deteriorating. Just recently pipe lines leading to two different fire hydrants broke, and this happened under ordinary pressure. In the event of a fire, higher pressure would be required but any increase in the pressure would be attended by the greater probability of a break in the lines. It will be seen, therefore, that a real crisis exists in this important particular; and that, if the State's property is to be adequately protected against fire, and a continuous supply of water assured for the use of the school, new and larger water mains will have to be installed.

Equipment (all departments)—\$10,000 Annually

The 42nd General Assembly made an appropriation of \$8,000.00 for each year of the biennium that began July 1, 1927, but the amount failed to provide for the needs of the institution. Therefore, the askings for the coming biennium have been slightly increased. The yearly distribution of the equipment fund among the various departments is, as follows:

a. New equipment for industrial department.....	\$3,500.00
b. For heating and power plant.....	2,500.00
c. Farm and garden	1,600.00
d. Household and Laundry	1,400.00
e. Grounds	1,000.00

A knowledge of one or more trades is an essential part of a deaf person's education. The Industrial Department of the school is doing high grade work; but improvements are needed and equipment is needed in order that the deaf boys and the deaf girls may do still better work and more of it. Only in this way can they be successful competitors of their hearing brothers and sisters of the public schools.

Each year there is a continuous demand on the heating and power plant for new equipment. The present heating plant contains much old equipment, a large part of which will have to be replaced during the coming year and new additions are needed in order to bring about an increase in the efficiency of operation. Plumbing fixtures will be needed in considerable quantities.

On the farm, in the garden and on the grounds, there is a large amount of work to be done. Fences need attention, trees need trimming; lawns, sidewalks and roadways must be maintained. Considerable equipment will be needed to keep this work going. With a steady increase in the school enrollment, giving us this year the largest enrollment in the history of the school, it becomes necessary to add to the number of milch cows in the dairy herd.

This calls for a new silo and a new addition to the barns. The household and laundry will both require substantial equipment during the coming biennium.

Scholarship—\$500.00 Annually

This is to help worthy young men and women, graduates of the Iowa School for the Deaf, to pursue a higher course of study at Gallaudet College, Washington, D. C., the only institution of its kind in the world. This appropriation has always been granted by the General Assembly whenever requested by the State Board of Education. Formerly it has been looked upon as a permanent fund. At present we are giving aid to 8 students. The school has 9 students in the College this year. This appropriation should be renewed.

Capital Purposes.....\$145,000 Annually

New School Building and Gymnasium—\$112,500.00 Annually

As already mentioned, the Iowa School for the Deaf has experienced a remarkable growth during the past decade. In 1919 the records show an enrollment of 148 pupils. For the school year that ended in June, 1928, the records show an enrollment of 321 pupils. It will be seen from these figures that the number of pupils has more than doubled within the past ten years. Applications of new pupils indicate a continuation of this growth.

Unfortunately, all departments of the school are now filled to capacity; and the time has arrived when additional space to the present plant must be provided. Additional classrooms are badly needed for the coming year, but no space is available. Every effort has been made to utilize the waste space in the present plant. The old boiler house, which was left standing from the fire of 1902, has been converted into four wretched school rooms by building in wooden partitions and narrow wooden hallways. While this is a one story building, it represents a real fire hazard since the small narrow windows can be reached only from the top of a chair, and not even then by the smaller pupils. The lighting in this building could hardly be worse. The eyes of the deaf are very precious, for they obtain practically all their knowledge through them. The State, therefore, should provide every means possible to preserve the eyes of her deaf children. More than forty deaf children attend school daily in this old boiler house. Two other classes are quartered in improvised rooms on the second floor of the present gymnasium, and they are but slightly better off than those in the old boiler house. The Art Department of the school is located in

an attic room of the main school building. This space can be reached only by a narrow wooden stairway, 3 feet wide, and it is surrounded on all sides by combustible material consisting of stored school furniture that is used from time to time, of wooden lath partitions, white pine timbers and rosin knots. The whole school building is permeated with electric wiring of an obsolete type no longer tolerated under the rules of the underwriter's code. About 70 deaf children who are entrusted to our care attend the art classes daily. Not only is this attic room a veritable fire-trap, but the same statement can be made of the entire building from the basement to the attic. Nearly all of the partition walls, all of the floors and all of the stairways are constructed of wood. Most classrooms can be reached only through narrow passageways or cloakrooms, which, for the most part are built of combustible material. More than 200 deaf children attend school daily in this building. The responsibility is tremendous.

The inadequacy of the present school building is, therefore, apparent. At the present time, this building accommodates only two-thirds of the pupils it should, the other one-third being pushed out into the out-of-the-way quarters described above, which were never intended to be used as classrooms and which should be abandoned as quickly as possible. The present school building is lacking in many other particulars. It has no study hall, no central library, no assembly room, no storage rooms, no rest rooms for teachers or officers, no janitors' rooms, no supply rooms, no dental room, no waiting room for visitors and parents, no laboratories for sciences, no lecture and demonstration room for science, no science store-room, no rhythm room, and no rooms for household science. It lacks toilet facilities and, in general, it lacks all those features that make a modern school. In age, the present school building is near the half-century mark. To enlarge and modernize it would cost more than to erect a new school building.

There is a growing demand for full high school courses of study in the schools for the deaf. This demand ought to be met as soon as possible, but until there is more space for school work additional courses cannot be provided.

The outstanding need of the Iowa School for the Deaf at the present time is a new school building.

Not only has the school building been outgrown, but the gymnasium also. Even ten years ago, when the enrollment was less than half the present enrollment, the gymnasium was too small.

It should be remembered that our deaf boys and girls not only attend school, but they live in the institution and are dependent absolutely upon the gymnasium for physical training the greater part of the school year. A considerable saving can be affected by building the gymnasium in with the school building.

Addition to Primary Hall—\$25,000 Annually

New pupils coming in this year will fill the institution to capacity; those coming in the following year will overflow it. Not only is dormitory space lacking, but school rooms are lacking. The contemplated addition to Primary Hall will provide living quarters for at least forty more pupils, as well as several school rooms. Even if the additional space were not needed to care for the increasing enrollment, it should still be provided because of its great value in the education of the deaf. Beginning pupils should remain in this building for four years. As it is, all are pushed out in two years, some even in one.

Superintendent's Residence—\$7,500 Annually

The majority of similar institutions provide a separate residence for the superintendent and his family. At this time it is especially desirable that the superintendent's family be moved into a separate residence as there is an urgent demand for more dormitory space. By moving the superintendent out of the main building quite a number of rooms will become available for dormitory purposes. This will relieve the over-crowding in the dormitories for the time being.

STATE UNIVERSITY OF IOWA—SUMMARY OF ATTENDANCE

This table shows the enrollment in each of the colleges of the State University on November 1st, and the attendance in Summer Schools, for the years 1916, 1918, 1920, 1922, 1924, 1926 and 1928.

IOWA SCHOOL FOR THE BLIND—ENROLLMENT

The following table shows the enrollment of students in the Iowa School for the Blind for the years indicated:

1914-15	134
1915-16	136
1916-17	129
1917-18	122
1918-19	109
1919-20	110
1920-21	107
1921-22	114
1922-23	116
1923-24	113
1924-25	124
1925-26	135
1926-27	136
1927-28	144

ENROLLMENT

November 1, 1914	131
November 1, 1916	123
November 1, 1918	98
November 1, 1920	99
November 1, 1922	107
November 1, 1924	119
November 1, 1926	130
November 1, 1928	131

IOWA SCHOOL FOR THE DEAF—ENROLLMENT

The following table shows the enrollment of students in the Iowa School for the Deaf for the years indicated:

1914-15	232
1915-16	227
1916-17	210
1917-18	182
1918-19	181
1919-20	212
1920-21	211
1921-22	231
1922-23	252
1923-24	292
1924-25	312
1925-26	302
1926-27	309
1927-28	321

ENROLLMENT

November 1, 1914	220
November 1, 1916	202
November 1, 1918	164
November 1, 1920	185
November 1, 1922	237
November 1, 1924	294
November 1, 1926	295
November 1, 1928	310

Very likely the enrollment, for the present year, in the Iowa School for the Deaf, will be approximately 325 pupils.

STATISTICAL REPORT
Iowa State Board of Education
Des Moines

For Period Ending June 30, 1928

ENDOWMENT FUND OF THE IOWA STATE COLLEGE OF AGRICULTURE AND MECHANIC ARTS

At the Close of Business on June 30, 1928

The Permanent Endowment Fund of the Iowa State College of Agriculture and Mechanic Arts, as reported at the close of the preceding biennial period, stood as follows:

Loans in force, June 30, 1926.....	\$674,300.00
Cash in hands of State Treasurer, June 30, 1926.....	20,682.07
Total Endowment Fund, June 30, 1926.....	\$694,982.07
During the present biennium this Fund was increased.....	60.00
Total Endowment Fund, June 30, 1928.....	\$695,042.07

The foregoing increase was deposited with the Treasurer of State by Herman Knapp, Treasurer of the College, being receipts from minor incidental sources.

During this biennial period ending June 30, 1928, the movement of this fund has been as follows:

Loans in force, June 30, 1926.....	\$674,300.00
Loans made in this biennium.....	83,800.00
Total	\$758,100.00
Loans paid in this biennium.....	67,400.00
Loans in force, June 30, 1928.....	\$690,700.00
Cash in hands of State Treasurer, June 30, 1928.....	4,342.07
Total Endowment Fund, June 30, 1928.....	\$695,042.07

Loans amounting to approximately \$170,000.00 were renewed during this biennium in addition to the item of loans made.

There is one past due loan, No. 1103 for \$5,500.00, secured by 135 61/100 acres of land in Kossuth County.

Interest payments have been met quite promptly.

BUDGET INCOME

1926-1927

FROM STATE APPROPRIATIONS

For General Operation

Administration	\$ 50,000.00
General University Expense.....	50,000.00
Physical Plant Operation.....	250,000.00
Liberal Arts	470,000.00
Applied Science	70,000.00
Medicine	148,000.00
Education	72,500.00
Graduate College	39,000.00
Dentistry	82,500.00
Commerce	61,500.00
Law	37,000.00
Pharmacy	12,500.00
Summer Session	56,500.00
University Library	90,192.00
Soldier Tuition	10,000.00
Contingent Fund	225,000.00
Public Health Nursing	18,250.00
Sub-total	(1,742,942.00)

For Special Departments

Extension	63,750.00
Maternity and Infant Hygiene.....	22,090.04
Epidemiology	17,250.00
Child Welfare	35,750.00
Sub-total	(138,840.04)

For Building and Permanent Improvements

New Medical Building	1,100,000.00
Equipment and Improvement.....	140,000.00
New Central Heating Plant.....	65,000.00
Sub-total	(1,305,000.00)

TOTAL STATE APPROPRIATIONS.....

\$ 3,186,782.04

Funds from General Education Board and
Rockefeller Foundation used in 1926-27

400,000.00

FROM FEDERAL GOVERNMENT

Maternity and Infant Hygiene..... 22,179.47

FROM STUDENT FEES

631,225.07

FROM DEPARTMENTAL SALES AND MISCELLANEOUS

Interest on Daily Bank Balance.....	4,678.33
Interest on Permanent Land Fund....	12,327.62
Dental Clinic Receipts	28,322.85
Sale of Tests and Sundry Receipts—	
Extension Division	16,547.02
Sundry Receipts	19,885.21

81,761.03

GIFTS FROM

General Education Board for Pediatrics	9,000.00
General Education Board for Gynecology and Obstetrics.....	11,600.00

TRANSACTIONS OF ENDOWMENT,

Fund	Date Estab- lished	Original Amount of Principal	Cash Balance July 1, 1926
Permanent Land Fund.....	1840	\$284,889.36	\$ 12,889.36
Accrued from sale of land from Federal Grants. Income used for General University Purposes. (Unexpendable.)			
Mark Ranney Memorial Fund.....	1908		
Unexpendable		64,867.66	5,000.00
Expendable			4,054.96
Established by Martha W. Ranney. Interest used for establishing and maintaining Mark Ranney Memorial Institute for the founding of a College of Fine Arts.			
Waite Lowry Gifford Memorial Fund.....	1908		
Unexpendable		8,757.08	
Expendable			3,445.03
Established by Helen J. Gifford. Interest to be used in equipping and maintaining a room in the University Hospital for free medical treatment of needy patients.			
A. Whitney Carr Scholarship Fund.....	1900		
Unexpendable		50,000.00	2,000.00
Expendable			2,005.69
Established by A. Whitney Carr. Interest to be used for scholarships in College of Liberal Arts and Applied Science; also, loans to post-graduate students.			
John F. Dillon Scholarship Fund.....	1914		
Unexpendable		10,000.00	
Expendable			908.57
Established by John F. Dillon. Interest used for \$200.00 prize for best essay in Law College and balance for Law Scholarships.			
William Jennings Bryan Prize Fund.....	1903		
Unexpendable		250.00	
Expendable			72.93
Established by William Jennings Bryan for student Essays on "Government".			
Frank O. Lowden Oratorical Prize Fund.....	1900		
Unexpendable		2,500.00	
Expendable			818.75
Theodore Sanxay Fellowship and Loan Fund.....	1923		
Unexpendable		15,000.00	15,000.00
Expendable			
Established by Theodore Sanxay. Interest used for fellowships for Liberal Arts students.			
W. O. Finkbine Goodwill Dinner Fund and Dorothy Fink- bine Souers Deserving Student Loan Fund.....	1927		
Unexpendable		4,000.00	
Expendable			
Established by W. O. Finkbine. Interest used for Annual Goodwill Dinner for Girls; also a Deserving Stu- dent Loan Fund.			
W. O. Finkbine Gift for Annual University Dinner.....	1926		
Unexpendable		4,000.00	
Expendable			178.93
Interest used for Annual Dinner for Men; also a De- serving Student Loan Fund.			
Jesse A. Miller Scholarship Fund.....	1927		
Scholarships for Law students.			
John P. Laffey Gift for Law Loan Fund.....	1927		
Unexpendable		10,000.00	
Expendable			
Established by John P. Laffey. Interest to be used for loans to Law students.			
Charles M. Jessup Prize Fund.....	1910		
Established for student essays on "Citizenship".			50.00

BACTERIOLOGY LABORATORY

(Section 3952 and 3953 of 1927 Code)

This department is operated as a part of the College of Medicine. All Funds are handled and invoices paid through the State Auditor's office upon the approval of the University Secretary. A complete set of accounts is kept in the University Business Office which is in agreement with the accounts in the State Auditor's office. This exhibit is therefore added as a supplementary statement to the University Secretary's report.

Nan Clack, nurse.....	875.00
Jane Wiley, nurse.....	875.00
Ethel Stone, stenographer.....	286.05
Fannie Hoffman, dental hygienist.....	250.00

Total Federal 12,701.05

Total Maternity and Infant Hygiene..... \$ 27,476.05

RESEARCH CHARACTER EDUCATION—JANUARY TO JUNE SALARIES

Paid from Support Fund

Character Research:

E. D. Starbuck, director.....	\$ 750.00
F. K. Shuttleworth, assistant professor.....	1,807.33
Linnette Nelson, assistant.....	900.00

Bernice Bauercamper, assistant.....	900.00
Kathryn Gunn, assistant.....	900.00
Grace Smith, assistant.....	900.00
Elena Close, assistant.....	900.00
Emma Worstell, secretary.....	675.00
Lee Weber, assistant.....	300.00
Doris Marshall, stenographer.....	350.00

Total Character Research.....	\$ 8,382.33
-------------------------------	-------------

SPECIAL SALARIES—1927-1928

Research on Physiology of the Brain:

S. T. Orton, director.....	\$ 2,250.00
Ada Potter, assistant.....	3,749.94
Geo. S. Sprague, psychiatrist.....	75.00
June Lyday, assistant.....	1,200.00
Lauretta Bonder, assistant.....	1,223.10
Marion Monroe, teacher.....	1,041.65
Dorothy Miller, secretary.....	300.00
Mayme Olson, secretary.....	90.00
Theodore Hunter, radio expert.....	241.93
Clarence Goddard, assistant.....	200.00
Bessie Rasmus, assistant.....	200.00
Peggy Torrence, assistant.....	52.25
Agnes Kurtz, assistant.....	85.00
Della Pepler, assistant.....	85.00

Total Brain Research.....	\$ 10,793.87
---------------------------	--------------

Eastman Scholarship:

William S. Larson, scholar.....	\$ 1,200.00
H. M. Williams, scholar.....	1,599.96
Ruth A. Larson, scholar.....	600.00

Total Eastman Scholarship.....	\$ 3,399.96
--------------------------------	-------------

Research Drug Addiction:

J. H. Pierce, research associate.....	\$ 4,500.00
Frank Titzell, assistant.....	390.32
Roy Hall, assistant.....	509.68
Claude Schump, assistant.....	73.26
T. J. Michel, assistant.....	219.98

Total Drug Research.....	\$ 5,693.24
--------------------------	-------------

Sex Research:

W. W. Tuttle, research associate.....	\$ 200.00
Adelaide Brainerd, research assistant.....	800.00
Alice Sullivan, research assistant.....	800.00

Total Sex Research.....	\$ 1,800.00
-------------------------	-------------

Sanxay Fellowship:

Emily Patterson.....	\$ 500.00
----------------------	-----------

Total Sanxay Fellowship.....	\$ 500.00
------------------------------	-----------

Commonwealth Fund:

Josephine Daus, research in French.....	\$ 425.00
-----------------------------------------	-----------

Total Commonwealth Fund.....	\$ 425.00
------------------------------	-----------

Laura Spelman-Rockefeller Memorial:

Rural Investigation—

Lora Hadley, research associate.....	\$ 1,000.00
Eva Fillmore, research associate.....	600.00
Grace Clark, field worker.....	500.00

Child Development—

Eva Fillmore, research associate.....	\$ 799.98
Grace Clark, field worker.....	750.00
Helen Garside, research assistant.....	1,000.00
Amy L. Daniels, research professor.....	1,062.50
Frances Hungerford, instructor.....	2,750.00
Gertrude Pavey, research assistant.....	1,800.00
Margaret Cannon, nurse.....	1,000.00
Camille Sunier, assistant.....	800.00
Josephine Bauer, assistant.....	630.00
Reka Benjamin, assistant.....	630.00
Ethel Waring, assistant.....	600.00

Ella Day, assistant.....	401.03	
Gladys Smith, assistant.....	120.00	
Idell Pyle, assistant.....	562.50	
Marion Hosfeld, assistant.....	916.64	
Geneva Pillars, secretary.....	405.00	
Eva Threlkeld, assistant.....	896.00	
Mary Hutton, assistant.....	600.00	
Lora Hadley, research associate.....	500.00	
Laura Busby, associate.....	43.75	16,267.40
Field Laboratory—		
Alice Brill, field organizer.....	\$ 3,000.00	
Alice Gavin, assistant.....	\$ 3,000.00	
Esther Cooper, graduate assistant.....	340.00	
Ruth Haefner, field worker.....	500.00	
Dorothy Davis, stenographer.....	200.00	
Lora Hadley, research associate.....	1,500.00	
Marion Hosfeld, research associate.....	916.70	
Geneva Pillars, secretary.....	405.00	
Grace Clark, field worker.....	250.00	7,791.70
Total Laura Spelman.....		\$ 26,159.10
Zoology Research:		
Cora Trumpp, research assistant.....	\$ 562.45	
Total Zoology Research.....		\$ 562.45
Calumet Baking Powder Co.—Chemistry Research:		
Dempsie Morrison, research assistant.....	\$ 1,000.00	
Total Chemistry Research.....		\$ 1,000.00
Chemistry Research Fellowship:		
Leon Fleenor, fellowship.....	\$ 200.00	
Edward Newman, fellowship.....	400.00	
Total Chemistry Fellowship.....		\$ 600.00
Character Education—Trust and Special Fund:		
E. D. Starbuck, director.....	\$ 750.00	
F. K. Shuttleworth, assistant professor.....	1,192.67	
Linnette Nelson, institute assistant.....	900.00	
Kathryn Gunn, institute assistant.....	900.00	
Bernice Bauercamper, institute assistant.....	900.00	
Grace Smith, institute assistant.....	900.00	
Elena Close, institute assistant.....	900.00	
Anna Searles, literary critic.....	900.00

FINANCES OF THE IOWA STATE COLLEGE OF AGRICULTURE AND MECHANIC ARTS

Report of the Secretary—Receipts and Disbursements of All Funds
from July 1, 1926 to June 30, 1927

E. M. EFFLER, SECRETARY

State Appropriations:

Administration and General.....	\$ 60,000.00
Physical Plant Operation.....	456,500.00
Library Operation	61,291.00
Agriculture	222,500.00
Engineering	167,500.00
Home Economics	117,500.00
Industrial Science	441,500.00
Veterinary	47,500.00
Collegiate Administration	80,000.00
Non-collegiate Courses	70,000.00
Vacation Courses	37,500.00
Agriculture and Home Economics Extension.....	190,596.00
Engineering Extension	32,500.00
Agricultural Experiment Station.....	215,500.00
Engineering Experiment Station.....	47,000.00
Veterinary Investigations	20,000.00
State Apiarist	1,500.00
Contingent Fund	155,000.00

Total State Appropriations.....\$ 2,423,887.00

Federal Funds:

Endowment Interest	\$ 40,534.43
Morrill Fund	50,000.00
Smith-Hughes Fund	20,084.47
Smith-Lever Fund	170,596.43
Adams Fund	15,000.00
Hatch Fund	15,000.00
Purnell Fund	27,965.17

Total Federal Funds.....\$ 339,180.50

Building Fund:

Dormitory Construction	\$ 75,000.00
------------------------------	--------------

Trust and Special Funds:

George Catt Scholarships.....	\$ 23,067.73
LaVerne Noyes Scholarships.....	3,039.00
Prize Scholarships	975.00
Industrial Fellowships	19,773.75
Rockefeller Memorial Fund.....	6,895.06

Total Trust and Special Funds.....\$ 53,750.54

Miscellaneous Income:

Farm Business Course.....	\$ 113.00
Freight Refunds	366.58
Interest on Treasurer's Balance.....	3,268.66
Registrar	392.50
Soils Valuation Course.....	92.00
Tuition and Fees.....	368,469.10
Soldiers Tuition (State Appropriation).....	8,196.00

DEPARTMENTAL SALES

Agriculture:

Agricultural Engineering	\$ 3,531.06
Animal Husbandry	30,119.87
Animal Husbandry Meat Laboratory.....	5,282.79
Dairy	73,761.45
Dairy Husbandry	6,049.01
Farm Crops	116.12
Forestry	2,047.25
Genetics	62.21
Horticulture	8,553.09
Landscape Architecture	25.00
Poultry	12,275.77
Soils	54.18
Vocational Education in Agriculture.....	46.90

Engineering:

Ceramic Engineering	\$ 420.73
Chemical Engineering	411.89
Civil Engineering	29.91
Electrical Engineering	6.17
Mechanical Engineering	3,939.66
Mining Engineering	6.00

Home Economics:

RECEIPTS FOR THE ANNUAL PERIOD ENDING JUNE 30, 1928

State Appropriations:		
Administration and General	\$	129,500.00
Library Operation		70,000.00
Physical Plant Operation		305,000.00
Educational Support		1,145,500.00
Agricultural and Home Economics Extension		210,000.00
Apiary Inspection		3,000.00
Engineering Extension		35,000.00
Agricultural Experiment Station		235,000.00
Additional for Truck and Horticultural Crop Experimentation		10,000.00
Engineering Experiment Station		57,000.00
Veterinary Investigations		40,000.00
Industrial Research		25,000.00
Co-operative Marketing		25,000.00
For Special Purposes:		
New Dairy Building and Equipment		295,000.00
Other General Improvements		126,500.00
Equipment for all Departments		50,000.00
Total State Appropriation	\$	2,761,500.00
Federal Funds:		
Endowment Interest	\$	35,505.07
Morrill Fund		50,000.00
Smith-Hughes Fund		18,749.07
Smith-Lever Fund		170,596.43
Adams Fund		15,000.00
Hatch Fund		15,000.00
Purnell Fund		40,000.00
Total Federal Funds	\$	344,850.57
Building Funds:		
Dormitory Construction	\$	50,000.00
Trust and Special Funds:		
George W. Catt Scholarships	\$	5,102.17
LaVerne Noyes Scholarships		3,329.00
Prize Scholarships		7,140.00
Industrial Fellowships		29,161.42
Rockefeller Memorial Fund		7,500.16
Total Trust and Special Funds	\$	52,232.75
Miscellaneous Income:		
Cancelled Checks	\$	1,967.67
Cemetery Fund		60.00
Freight Refund Account		10.86
Interest on Treasurer's Balance		4,220.31
Miscellaneous Rentals		3,564.47
Registrar		648.30
Soldiers Tuition (State Appropriation)		4,779.00
Short Courses		298.00
Tuition and Fees		398,045.20

DEPARTMENTAL SALES

Agriculture:		
Agricultural Engineering	\$	3,411.10
Animal Husbandry		36,699.22
Animal Husbandry Meat Laboratory		3,803.45
Dairy		83,529.08
Dairy Husbandry		10,589.09
Farm Crops		205.34
Forestry		2,375.19
Genetics		146.01
Horticulture		9,858.30
Poultry		17,766.96
Soils		55.25
Engineering:		
Engineering Dean		105.60
Architectural Engineering		85.60
Ceramic Engineering		156.62
Chemical Engineering		727.43
Civil Engineering		55.67
Electrical Engineering		60.00
Radio Station Maintenance		60.00
Mechanical Engineering		4,359.45
Home Economics:		
Foods and Nutrition		1,793.84
Household Administration		103.00
Child Care and Training		786.10
Household Equipment		13.00
Physical Education for Women		357.13

Textiles and Clothing.....	86.76

SUPPLEMENT TO THE REPORT OF THE SECRETARY FOR THE BIENNIUM ENDING JUNE 30, 1928

Salary Budgets for the Biennium Ending June 30, 1928, as Approved by
the Board of Education, Showing Salary Rates in Effect for
Each Fiscal Year of the Biennial Period.

SALARY BUDGET FOR THE FISCAL YEAR ENDING JUNE 30, 1927

AGRICULTURAL DIVISION

Agricultural Dean's Office:

Dean and Director, C. F. Curtiss.....	\$ 3,000.00
Secretary, Amy Moats.....	900.00
Stenographer, Dorothy Muzzey.....	600.00
Stenographer, Mrs. Vivian Hunter.....	1,200.00

Agricultural Engineering:

Head and Professor, J. B. Davidson.....	3,850.00
Professor, E. M. Mervine.....	4,000.00
Associate Professor, Q. C. Ayers.....	3,200.00
Associate Professor, F. C. Fenton.....	2,800.00
Assistant Professor, M. A. Sharp.....	1,250.00
Instructor, Earl G. Johnson.....	2,000.00
Instructor, S. S. Sutherland.....	1,250.00
Instructor, H. F. Hertz.....	1,150.00
Fellow, Clifford L. Hamilton.....	540.00
Mechanician, A. R. White.....	1,600.00
Farrier, Harry Cameron.....	1,500.00
Toolkeeper, E. E. Gray.....	1,200.00
Stenographer, Mary Allen.....	960.00
Stenographer, Ellen Davis.....	450.00

Animal Husbandry:

Head and Professor, H. H. Kildee.....	\$ 3,550.00
Professor, J. M. Evvard.....	1,000.00
Professor, P. S. Shearer.....	4,100.00
Professor, M. D. Helser.....	3,700.00
Professor, W. F. LaGrange.....	3,300.00
Associate Professor, A. B. Calne.....	3,500.00
Associate Professor, R. S. Stephenson.....	3,700.00
Associate Professor, A. L. Anderson.....	3,800.00
Instructor, C. A. Burge.....	2,400.00
Instructor, J. C. Holbert.....	2,400.00
Fellow, Hugh C. Hostetter.....	540.00
Fellow, Glenn W. Forbes.....	540.00
Scholar, Kenneth P. Jones.....	270.00
Scholar, Oliver S. Willham.....	270.00
Scholar, L. D. Kellar.....	270.00
Scholar, Harold H. Frederick.....	270.00
Stenographer, Ruby Nozel.....	1,320.00
Stenographer, Verna Gough.....	960.00
Farm Superintendent, J. G. Hanmer.....	3,600.00
Cattle Herdsman, George Edwards.....	2,000.00
Horseman, Albert Wilkins.....	2,000.00
Shepherd, Edward Uhl.....	1,800.00
Swine Herdsman, Harold Williams.....	1,800.00
Assistant Herdsman, Earl Schuerman.....	1,260.00
Teamster, Elmer Koons.....	1,020.00
Teamster, Austin Tanner.....	1,140.00
Teamster, Glen Lend.....	1,140.00
Meat Lab. Janitor, F. L. Newell.....	510.00

Dairy Husbandry:

Professor, Earl Weaver.....	\$ 2,375.00
Associate Professor, Fordyce Ely.....	2,800.00
Assistant Professor, John M. Shaw.....	1,350.00
Instructor, Dean J. Carter.....	600.00
Scholar, C. Y. Cannon.....	270.00
Farm Foreman, Clifford C. Davis.....	900.00
Stenographer, Marie Granner.....	840.00

Poultry Husbandry:

Professor, H. A. Bittenbender.....	\$ 2,250.00
Assistant Professor, R. L. Cochran.....	2,450.00
Instructor, C. W. Knox.....	2,000.00
Instructor, Harry D. Linn.....	600.00
Farm Foreman, M. L. Jones.....	850.00
Stenographer, Rebecca Anderson.....	1,020.00
Stenographer, Maylo Clark.....	450.00

Dairying:

Head and Professor, M. Mortensen.....	\$ 2,500.00
Professor, B. W. Hammer.....	2,650.00
Associate Professor, E. F. Goss.....	3,750.00
Assistant Professor, Merle P. Baker.....	2,500.00

Associate Professor, C. A. Iverson.....	3,400.00
Instructor, F. C. Hinze.....	2,500.00
Instructor, Rush B. Locke.....	2,250.00
Instructor, J. E. Fenstermacher	1,500.00
Instructor, E. E. Kelley.....	900.00
Fellow, Sidney Quam	540.00
Fellow, John L. Gilmore.....	540.00
Bookkeeper, Kirby Shadle	1,800.00
Stenographer, Josephine Maroney	540.00
Truck Driver, C. A. Harper.....	1,200.00
Buttermaker, G. C. Hussong.....	1,500.00
Sales Clerk, Gladys Welke	900.00
Farm Crops and Soils:	
Head and Professor, W. H. Stevenson.....	2,300.00
Farm Crops:	
Professor, H. D. Hughes.....	2,500.00
Associate Professor, John B. Wentz.....	3,600.00
Associate Professor, R. M. Vifquain	3,300.00
Assistant Professor, J. C. Eldredge	2,750.00
Assistant Professor, Charles Dorchester	2,750.00
Assistant Professor, E. R. Henson	2,500.00
Instructor, Stuart N. Smith.....	675.00
Graduate Assistant, Arthur Eddins.....	800.00
Fellow, John E. Norton.....	540.00
Stenographer, Helen Townsend	480.00
Soils:	
Professor, P. E. Brown.....	\$ 2,250.00
Associate Professor, Paul Emerson	3,500.00
Associate Professor, D. R. Johnson	2,750.00
Associate Professor, B. J. Perkins	2,750.00
Assistant Professor, E. V. Abbott.....	300.00
Assistant Professor, L. W. Erdman	1,600.00
Instructor, O. E. Overseeth.....	2,000.00
Fellow, Bernard O. Tomlin.....	540.00
Fellow, Arthur O. Alben.....	540.00
Stenographer, Opal Harsh.....	480.00
Genetics:	
Head and Professor, E. W. Lindstrom.....	\$ 3,300.00
Instructor, W. V. Lambert.....	1,200.00
Graduate Assistant, M. R. Irwin.....	800.00
Fellow, F. H. Hull.....	540.00
Greenhouse, Bryan O. Dale.....	500.00
Horticulture:	
Head and Professor, B. S. Pickett.....	\$ 2,850.00
Professor, H. W. Richey.....	2,500.00
Professor, J. C. Cunningham.....	4,150.00
Associate Professor, E. C. Volz.....	4,250.00
Assistant Professor, W. B. Ward.....	2,500.00
Instructor, J. C. Schilleter.....	2,200.00
Instructor, Ora Smith.....	2,200.00
Graduate Assistant, Max B. Hardy	800.00
Fellow, Earl F. Burk.....	540.00
Field Superintendent, L. L. Wherry.....	800.00
Gardener, John Reardon.....	1,200.00
Greenhouse Assistant, J. H. Bechyel.....	1,400.00
Greenhouse Assistant, William Jeffrey	1,500.00
Assistant, Louis Cooper.....	1,150.00
Assistant, Bryan O. Dale.....	200.00
Teamster, John Zweifel.....	1,020.00
Teamster, Andrew C. Jerdeman.....	1,050.00
Stenographer, Letha Seymour.....	1,020.00
Clerk, Hazel Hoff.....	1,020.00
Forestry:	
Professor, G. B. MacDonald.....	\$ 3,000.00
Associate Professor, D. S. Jeffers.....	2,700.00
Assistant Professor, J. A. Larsen.....	2,700.00
Instructor, Perkins Coville.....	2,250.00
Fellow, J. A. Gibbs.....	540.00
Stenographer, Luella Ahrens.....	510.00
Landscape Architecture:	
Professor, P. H. Elwood, Jr.....	\$ 3,600.00
Assistant Professor, Ralph Rothacker	2,600.00
Assistant Professor, H. F. Kenney.....	2,100.00
Fellow, Albert M. Husted.....	540.00
Stenographer, Thelma Gaston.....	1,080.00
Technical Journalism:	
Head and Professor, Clair Converse	\$3,000.00
Assistant Professor, C. R. F. Smith.....	2,600.00
Assistant, Dorothy Cooley.....	540.00
Stenographer, Mary A. Huss.....	450.00
Instructor, W. K. Charles.....	2,000.00
Scholarship, K. W. Cash.....	360.00

Vocational Education in Agriculture:

Head and Professor, W. H. Lancelot.....	\$ 4,750.00
Associate Professor, Cora B. Miller.....	3,600.00
Associate Professor, H. M. Hamlin.....	3,200.00
Associate Professor, W. H. Bender.....	3,200.00
Associate Professor, J. A. Starrak.....	3,200.00
Assistant Professor, Barton Morgan.....	2,750.00
Assistant Professor, W. F. Cramer.....	1,950.00
Assistant Professor, H. B. Swanson.....	2,600.00
Assistant Professor (half), Paul I. Barker.....	1,300.00
Instructor (half), Harold M. Byram.....	1,200.00
Stenographer, Lucinda Foster.....	1,200.00
Stenographer, Bertha Lawson.....	1,020.00

ENGINEERING DIVISION

Engineering Dean's Office:

Dean and Director, Anson Marston.....	\$5,550.00
Secretary, Loretta Campbell.....	1,320.00
Stenographer, Io Morrow.....	600.00
Study Room Assistant, Mrs. Rush B. Locke.....	810.00

Architectural Engineering and Rural Structures:

Head and Professor, A. H. Kimball.....	\$ 4,800.00
Associate Professor, C. H. Cowgill.....	3,000.00
Associate Professor, R. M. Baillie.....	2,700.00
Instructor, G. M. Pratt.....	2,400.00
Instructor, Mrs. C. H. Cowgill (full time).....	2,400.00
Instructor, Hiram Ostrander.....	1,600.00
Graduate Assistant, Cecil Frisk.....	800.00
Stenographer, John Weber, Jr.....	800.00

Ceramic Engineering:

Head and Professor, Paul E. Cox.....	\$ 4,500.00
Assistant Professor, D. A. Moulton.....	1,500.00
Instructor, Mary L. Yancey.....	2,500.00

Chemical Engineering:

Head and Professor, O. R. Sweeney.....	\$ 6,000.00
Assistant Professor, H. A. Webber.....	2,400.00
Instructor, Ray Riley.....	2,000.00
Graduate Assistant, L. K. Arnold.....	800.00
Stenographer, Margaret Matlack.....	450.00

Civil Engineering:

Head and Professor, A. H. Fuller.....	\$ 6,000.00
Professor, T. R. Agg.....	3,300.00
Associate Professor, J. S. Dodds.....	4,000.00
Associate Professor, W. L. Foster.....	4,000.00
Assistant Professor, R. A. Moyer.....	2,400.00
Associate Professor, Harry N. Jenks.....	3,600.00
Associate Professor, R. A. Caughey.....	3,300.00
Professor, J. H. Griffith.....	3,000.00
Associate Professor, Frank Kerekes.....	2,900.00
Instructor, E. E. Ebling.....	2,100.00
Instructor, W. M. Dunagan.....	2,100.00
Instructor, L. O. Stewart.....	2,400.00
Instructor, William E. Galligan.....	2,000.00
Instructor, Frederick E. Klotz.....	1,800.00
Graduate Assistant, Donald H. Matten.....	800.00
Graduate Assistant, James A. Stevenson.....	800.00
Graduate Assistant, H. T. Person.....	800.00
Graduate Assistant, Calvin C. Olsen.....	800.00
Mechanician, F. W. Hallgren.....	900.00
Utility Man, W. E. Paley.....	440.00
Stenographer, Ruth M. Critz.....	1,020.00
Instrument Man, W. F. Randau.....	1,200.00

Electrical Engineering:

Head and Professor, F. A. Fish.....	\$ 4,750.00
Professor, F. D. Paine.....	3,150.00
Professor, J. K. McNeely.....	2,000.00
Instructor, Ralph Knouf.....	2,400.00
Associate Professor, F. H. McClain.....	3,600.00
Associate Professor, E. R. McKee.....	2,700.00
Assistant Professor, Donald L. Boyd.....	2,400.00
Instructor, Ben S. Willis.....	2,200.00
Instructor, Oral A. Brown.....	2,000.00
Graduate Assistant, P. A. Devine.....	800.00
Graduate Assistant, Victor P. Hessler.....	800.00
Instructor, J. A. Cunningham.....	800.00
Mechanician, R. R. Clem.....	1,800.00
Stenographer, Lucile Grove.....	1,020.00
Radio Announcer, A. G. Woolfries.....	1,800.00

General Engineering:

Professor, Forest C. Dana.....	\$ 3,600.00
Associate Professor, E. H. Willmarth.....	2,800.00
Instructor, Merrill R. Good (full time).....	2,100.00

IOWA STATE COLLEGE—SALARIES

319

Mechanical Engineering:

Head and Professor, W. H. Meeker.....	6,000.00
Professor, Earl B. Smith.....	2,000.00
Professor, M. P. Cleghorn.....	3,600.00
Professor, R. A. Norman.....	3,600.00
Associate Professor, J. G. Hummel.....	3,300.00
Associate Professor, P. W. Eells.....	3,200.00
Associate Professor, R. E. Roudebush.....	3,200.00
Associate Professor, C. C. Major.....	2,700.00
Assistant Professor, John Hug.....	2,500.00
Assistant Professor, O. A. Olson.....	2,500.00
Assistant Professor, F. C. Miller.....	2,500.00
Assistant Professor, L. O. Doerr.....	2,000.00
Instructor, W. Maitland.....	1,700.00
Instructor, T. B. Hines.....	1,700.00
Instructor, E. M. Spangler.....	1,700.00
Instructor, A. Maitland.....	1,700.00
Instructor, E. C. Potter.....	1,500.00
Instructor, O. W. Reinholz.....	1,700.00
Instructor, Carl Gesser.....	1,700.00
Instructor, W. R. Haines.....	1,500.00
Instructor, H. J. Miller.....	1,500.00
Assistant (half), E. O. Slater.....	900.00
Toolroom, Assistant, M. B. Haase.....	450.00
Engineer, Martin Osam.....	1,800.00
Stenographer, Mrs. F. A. Nisewanger.....	1,140.00

Mining Engineering:

Acting Head and Associate Professor, A. K. Friedrich.....	3,300.00
-----------------------------------------------------------	----------

Trades and Industries:

Head and Professor, A. Shane.....	4,000.00
Associate Professor, G. I. Mitchell.....	3,000.00
Assistant Professor, E. C. Flynn.....	2,700.00
Assistant Professor, Harold Diemer.....	2,300.00
Assistant Professor, M. A. Sharp.....	1,250.00
Assistant Professor, R. C. Riedesel.....	2,200.00
Instructor, Virgil Gunder.....	1,800.00
Auto Mechanic, Thurlow Mason.....	2,000.00
Stenographer, Mrs. F. N. Masters.....	1,080.00

HOME ECONOMICS DIVISION

Home Economics Dean's Office:

Dean (acting), Frances A. Sims.....	\$ 4,000.00
Assistant, Elva Crockett.....	1,800.00
Secretary, Maud M. Sharf.....	1,600.00

Divisional Stenographic Service:

Stenographer, Gladys McKibben.....	1,080.00
Stenographer, Thora Jean Mosness.....	900.00
Stenographer (half), Margaret Goosman.....	480.00
Stenographer, Ethel Nessa.....	980.00
Stenographer (half), Ruth Erickson.....	480.00

Applied Art:

Head and Professor, Joanna M. Hansen.....	\$ 3,700.00
Associate Professor, Mable Fisher.....	2,400.00
Assistant Professor, Mable Russell.....	2,200.00
Assistant Professor, Anna M. Henderson.....	2,200.00
Assistant Professor, Edna O'Bryan.....	2,200.00
Assistant Professor, Elsa Wertheim.....	2,000.00
Instructor, Laura V. Holmes.....	2,000.00
Instructor, Elizabeth Johnson.....	1,900.00
Instructor, Eleanor E. King.....	1,800.00
Instructor, Edna Rhoads.....	1,900.00
Fellow, Marian C. Lepley.....	540.00

Foods and Nutrition:

Head and Professor, P. Mable Nelson.....	\$ 3,700.00
Associate Professor, Rosaleene M. Arnold.....	3,500.00
Associate Professor, Linda S. Brown.....	2,700.00
Associate Professor, Belle Lowe.....	2,400.00
Associate Professor, Viola Bell.....	2,300.00
Assistant Professor, Margaret Haggert.....	2,400.00
Assistant Professor, Ida M. Shilling.....	2,300.00
Assistant Professor, Ruetta T. Blinks.....	2,100.00
Assistant Professor, Alma Plagge.....	2,000.00
Instructor, Eva Montgomery.....	2,200.00
Instructor, Emma Louise Samuels (full time).....	1,900.00
Instructor, Keo A. Minert (full time).....	1,800.00
Fellow, Garnet Searle.....	540.00
Fellow, Zorada Z. Titus.....	540.00
Assistant, Madge Harding.....	1,500.00
Janitress, Mrs. E. A. Ersland.....	700.00
Janitress, Mrs. A. Russell.....	700.00

Household Administration:	
Associate Professor, Elizabeth Hoyt	1,600.00
Associate Professor, Lulu R. Lancaster.....	1,200.00
Associate Professor, Ruth M. Lindquist.....	2,700.00
Associate Professor, Eloise Davison.....	2,750.00
Associate Professor, Helen A. Bishop.....	2,400.00
Instructor, Mary A. Mason.....	1,800.00
Instructor, Mary Mumford.....	1,800.00
Instructor (half), Vivian J. Brashear.....	1,600.00
Janitress, Mrs. Tom Fultz.....	750.00
Physical Education for Women:	
Head and Professor, Winifred Tilden.....	\$ 3,500.00
Assistant Professor, Ruth Cecile Miller.....	2,200.00
Assistant Professor, Matilda Shelby.....	2,000.00
Assistant Professor, Myrtle Hinderman.....	2,100.00
Instructor, Madge E. Hill.....	1,700.00
Instructor, Elizabeth Helen Maybury.....	1,600.00
Instructor, Jean A. Fisher.....	1,500.00
Textiles and Clothing:	
Professor, Iva L. Brandt.....	\$ 3,000.00
Professor, Katherine Cranor.....	2,500.00
Associate Professor, Marie Stephens.....	2,400.00
Associate Professor, Olive Settles.....	2,400.00
Instructor, Maude Fetherston.....	2,100.00
Assistant Professor, Lula M. Brandt.....	2,200.00
Instructor, Mary Gabrielson.....	2,000.00
Instructor (half), Viola Sykes.....	900.00
Vocational Education in Home Economics:	
Associate Professor, Marcia Turner.....	\$ 2,600.00
Associate Professor, Regina J. Friant.....	2,500.00
Instructor, Dorothy Proctor.....	2,000.00
Instructor, Elsie Wilson.....	2,100.00
Instructor, Daisy F. Kilgore.....	2,100.00
Instructor, Pauline H. Drollinger.....	1,900.00
Instructor (half), Marie P. Ringle.....	800.00
Instructor (part), Maude Williamson.....	
Homemakers Unit Courses:	
Associate Professor, Georgia B. Elwell.....	\$ 2,500.00
Instructor, M. Orine Johnson (to full time).....	1,800.00
Instructor, Mrs. Henry Ness (to full time).....	1,800.00
Janitress, Mrs. Harry Thurber.....	700.00

INDUSTRIAL SCIENCE

Industrial Science Dean's Office:	
Dean and Professor, S. W. Beyer.....	\$ 4,500.00
Secretary, Lean B. McCulley.....	900.00

Professor, Rex Beresford	\$ 3,600.00
Associate Professor, C. W. McDonald	3,000.00
Associate Professor, E. L. Quaife	3,000.00
Assistant, R. W. Snyder	2,700.00
Stenographer, Ellen Hauge	480.00
(Project 16)—Vegetable Crops	
Professor, C. L. Fitch	\$ 2,900.00
Professor, C. V. Holsinger	1,450.00
(Project 17)—Apilary Work:	
Assistant, A. D. Worthington	\$ 1,400.00
Stenographer, Ellen Hauge	480.00
(Project 18)—Visual Aids:	
Visual Instructor, W. I. Griffith	\$ 2,100.00
Assistant, H. L. Kooser	900.00
(Project 19)—Plant Diseases:	
Assistant, M. H. Burns (part time)	\$ 1,200.00
(Project 21)—Information Service:	
Extension Information Service, H. J. Metcalf	\$ 3,000.00
Stenographer, Mary Fox	510.00
(Project 22)—Landscape Architecture:	
Associate Professor, J. R. Fitzsimmons	\$ 2,600.00
(Project 23)—Injurious Insects:	
Extension Entomologist, F. D. Butcher	\$ 2,600.00
(Project 24)—Rural Organizations:	
Associate Professor, W. H. Stacy	\$ 3,000.00
(Project 25)—Forestry:	
Associate Professor, I. T. Bode	\$ 1,500.00
(Project 26)—Radio Expenses	\$ 2,000.00

APIARY INSPECTION FUND

(State Appropriation)

Assistant Apiarist, A. D. Worthington.....\$ 1,200.00

SALARY BUDGET FOR THE FISCAL YEAR ENDING JUNE 30, 1928,
AS APPROVED BY THE BOARD OF EDUCATION

AGRICULTURAL DIVISION

Agricultural Dean's Office:

Dean and Director, C. F. Curtiss.....\$ 3,000.00
Secretary, Amy Moats.....900.00
Stenographer, Dorothy Muzzy.....600.00

Agricultural Engineering:

Head and Professor, J. B. Davidson.....\$ 3,850.00
Professor, E. M. Mervine.....4,000.00
Associate Professor, Q. C. Ayres.....3,200.00
Associate Professor, F. C. Fenton.....3,200.00
Assistant Professor, M. A. Sharp.....2,500.00
Instructor, E. G. Johnson.....2,000.00
Instructor, S. S. Sutherland.....1,500.00
Fellow, Daniel W. Teare.....540.00
Mechanician, A. R. White.....1,600.00
Farrier, Harry Cameron.....1,560.00
Toolkeeper, E. E. Gray.....1,200.00
Stenographer, Mary Allen.....960.00
Stenographer (half), Ellen Davis.....480.00

Animal Husbandry:

Head and Professor, H. H. Kildee.....\$ 3,550.00
Professor, J. M. Evvard.....1,000.00
Professor, P. S. Shearer.....4,100.00
Professor, M. D. Helser.....3,700.00
Professor, W. F. LaGrange.....3,750.00
Associate Professor, A. B. Caine.....3,500.00
Associate Professor, A. L. Anderson.....3,800.00
Associate Professor, R. S. Stephenson.....3,700.00
Instructor, C. A. Burge.....2,400.00
Instructor, J. C. Holbert.....2,400.00
Fellow, L. A. Kauffman.....540.00
Fellow, J. W. G. MacEwan.....540.00
Scholar, M. R. McSpadden.....270.00
Scholar, S. W. Jones.....270.00
Scholar, Eugene L. Harms.....270.00
Scholar, M. W. Staples.....270.00
Stenographer, Ruby Noel.....1,320.00
Stenographer, Mona Griffith.....960.00
Farm Superintendent, J. G. Hammer.....3,600.00
Cattle Herdsman, George Edwards.....2,000.00
Horseman, Albert Wilkins.....2,000.00
Shepherd, Edward Uhl.....1,800.00
Swine Herdsman, Harold Williams.....1,800.00
Assistant Herdsman, G. C. Powell.....1,260.00
Teamster, Elmer Koons.....1,020.00
Teamster, Austin Tanner.....1,140.00
Teamster, Glen Lend.....1,140.00
Assistant Meat Laboratory, F. L. Newell.....600.00

Dairy Husbandry:

Professor, Earl Weaver.....\$ 2,375.00
Associate Professor, Burt Oderkirk.....3,200.00
Instructor, C. A. Matthews.....1,080.00
Scholar, Robert Kay.....270.00
Farm Foreman, C. C. Davis.....900.00
Stenographer, Marie Granner.....840.00

Poultry Husbandry:

Professor, H. A. Bittenbender.....\$ 2,250.00
Assistant Professor, R. L. Cochran.....2,450.00
Instructor, C. W. Knox.....2,000.00
Instructor, Donald Brazie.....600.00
Farm Foreman, M. L. Jones.....850.00
Stenographer, Lela M. Reed.....1,020.00
Stenographer, Mayo Clark.....450.00

Dairying:

Head and Professor, M. Mortenson.....\$ 2,925.00
Professor, B. W. Hammer.....2,650.00
Associate Professor.....3,750.00
Assistant Professor, Merle P. Baker.....2,500.00
Instructor, F. C. Hinze.....2,200.00
Instructor, Rush B. Locke.....2,250.00
Instructor, E. E. Kelley.....900.00
Associate Professor, C. A. Iverson.....3,400.00
Fellow, H. A. Derby.....540.00
Fellow, V. H. Patil.....540.00

Bookkeeper, Kirby Shadle.....	2,000.00
Stenographer, Leora Dickinson.....	540.00
Truck Driver, C. A. Harper.....	1,200.00
Buttermaker, G. C. Hussong.....	1,500.00
Sales Clerk, Gladys Welke.....	900.00
Farm Crops and Soils:	
Head and Professor, W. H. Stevenson.....	\$ 2,300.00
Professor, P. E. Brown.....	2,250.00
Associate Professor, Paul Emerson.....	3,500.00
Assistant Professor, F. B. Smith.....	300.00
Associate Professor, D. R. Johnson.....	2,750.00
Associate Professor, B. J. Firkins.....	2,750.00
Fellow, D. I. Aquino.....	540.00
Stenographer, Olive Troup.....	480.00
Farm Crops:	
Professor, H. D. Hughes.....	\$ 2,500.00
Associate Professor, John B. Wentz.....	3,600.00
Associate Professor, R. M. Vifquain.....	3,300.00
Assistant Professor, J. C. Eldredge.....	2,750.00
Assistant Professor, Charles Dorchester.....	2,750.00
Assistant Professor, E. R. Henson.....	2,500.00
Instructor, Stuart N. Smith.....	600.00
Graduate Assistant, Arthur Eddins.....	800.00
Fellow, C. W. Bower.....	540.00
Stenographer, Ruth Smith.....	540.00
Genetics:	
Acting Associate Professor, W. V. Lambert.....	\$ 1,400.00
Instructor, M. R. Irwin.....	1,200.00
Instructor, Ralph G. Schott.....	600.00
Greenhouse Assistant, Bryan O. Dale.....	500.00
Fellow, Vernon Curtis.....	540.00
Horticulture:	
Head and Professor, B. S. Pickett.....	\$ 2,850.00
Professor, H. W. Richey.....	4,500.00
Professor, J. C. Cunningham.....	4,150.00
Professor, E. C. Volz.....	4,500.00
Instructor, J. C. Schilleter.....	2,400.00
Instructor, E. M. Emmert.....	1,100.00
Graduate Assistant, Max B. Hardy.....	800.00
Graduate Assistant, Kenneth E. Post.....	720.00
Field Superintendent, L. L. Wherry.....	800.00
Gardener (part), John Reardon.....	700.00
Greenhouse Assistant, J. H. Bechtel.....	1,400.00
Greenhouse Assistant, William Jeffrey.....	1,500.00
Assistant, Louis Cooper.....	1,180.00
Assistant, Bryan O. Dale.....	200.00
Teamster, John Zwiefel.....	520.00
Teamster, A. C. Jerdeman.....	1,080.00
Stenographer, Letha Seymour Englehorn.....	1,140.00
Clerk, Ethel Olson.....	510.00
Forestry:	
Professor, G. B. MacDonald.....	\$ 3,000.00
Associate Professor, D. S. Jeffers.....	3,000.00
Assistant Professor, J. A. Larsen.....	2,150.00
Instructor, Perkins Coville.....	2,500.00
Fellow, Walter F. Sullivan.....	540.00
Stenographer, Luella Ahrens.....	510.00
Landscape Architecture:	
Professor, P. H. Elwood Jr.....	\$ 3,600.00
Assistant Professor, Ralph Rothacker.....	2,600.00
Assistant Professor, H. F. Kenney.....	2,400.00
Student Assistant, Russell H. Riley.....	270.00
Stenographer, Thelma Gaston.....	1,080.00
Technical Journalism:	
Head and Professor, Blair Converse.....	\$ 3,000.00
Assistant Professor, C. R. F. Smith.....	2,800.00
Instructor, W. K. Charles.....	2,200.00
Assistant, Thomas Gilders.....	600.00
Stenographer, Marjorie Nordstrom.....	450.00
Scholarship, Loren Donnelson.....	400.00
Vocational Education in Agriculture:	
Head and Professor, W. H. Lancelot.....	\$ 4,750.00
Associate Professor, Cora B. Miller.....	3,600.00
Associate Professor, H. M. Hamlin.....	3,200.00
Instructor (half), Mrs. Georgia D. Robertson.....	1,350.00
Assistant Professor, Barton Morgan.....	2,900.00
Assistant Professor, W. F. Cramer (half).....	1,400.00
Assistant Professor, H. B. Swanson.....	2,750.00
Assistant Professor, (half), Paul I. Barker.....	1,375.00
Instructor (half), H. M. Byram.....	1,200.00

Instructor (half), A. A. Sather.....	1,250.00
Stenographer, Lucinda Foster	1,200.00
Stenographer, Florence Harley	900.00

ENGINEERING DIVISION

Engineering Dean's Office:

Dean and Director, Anson Marston.....	\$ 5,550.00
Professor, F. D. Paine.....	450.00
Secretary, Gladys McKibben.....	1,200.00
Stenographer, Margaret Arends.....	450.00
Study Room Assistant, Mrs. J. H. McGlumphy.....	810.00

Architectural Engineering and Rural Structures:

Head and Professor, A. H. Kimball.....	\$ 4,800.00
Associate Professor, C. H. Cowgill.....	3,000.00
Associate Professor, R. M. Bailie.....	2,700.00
Instructor, G. M. Pratt.....	2,400.00
Instructor, Mable H. Cowgill.....	2,400.00
Instructor, Dale Phillips.....	1,800.00
Graduate Assistant, Louis K. Thompson.....	800.00
Instructor, Charles F. Bowers.....	1,800.00

Ceramic Engineering:

Head and Professor, Paul E. Cox.....	\$ 4,500.00
Assistant Professor, D. A. Moulton.....	2,250.00
Instructor, Mary L. Yancey.....	2,500.00

Chemical Engineering:

Head and Professor, O. R. Sweeney.....	\$ 6,000.00
Assistant Professor, H. A. Webber.....	3,000.00
Instructor, Paul Bruins.....	1,800.00
Graduate Assistant, Paul Bird.....	800.00
Stenographer, Margaret Goosman.....	960.00

Civil Engineering:

Head and Professor, A. H. Fuller.....	\$ 6,000.00
Professor, T. R. Agg.....	3,300.00
Associate Professor, J. S. Dodds.....	4,000.00
Associate Professor, W. L. Foster.....	4,000.00
Associate Professor, Harry N. Jenks.....	3,600.00
Associate Professor, R. A. Caughey.....	3,300.00
Professor, J. H. Griffith.....	3,000.00
Associate Professor, Frank Kerekes.....	3,300.00
Assistant Professor, R. A. Moyer.....	2,400.00
Assistant Professor, L. O. Stewart.....	2,400.00
Instructor, E. E. Ebling.....	2,100.00
Instructor, W. M. Dunagan.....	2,100.00
Instructor, W. E. Galligan.....	2,000.00
Instructor, Frederick E. Klotz.....	1,800.00
Graduate Assistant, C. C. Oleson.....	800.00
Graduate Assistant, Donald H. Mattern.....	800.00
Graduate Assistant, James R. Ayres.....	800.00
Utility Man, W. E. Paley.....	880.00
Stenographer, M. Lucille Sawyer.....	1,020.00

Electrical Engineering:

Head and Professor, F. A. Fish.....	\$ 4,750.00
Professor, F. D. Paine.....	1,600.00
Professor, J. K. McNeely.....	2,000.00
Instructor, Ralph Knouf.....	2,400.00
Associate Professor, F. H. McClain.....	3,600.00
Associate Professor, E. R. McKee.....	2,700.00
Assistant Professor, Ben S. Willis.....	2,400.00
Instructor, Oral A. Brown.....	2,200.00
Instructor, V. P. Hessler.....	2,000.00
Instructor, J. A. Cunningham.....	2,025.00
Graduate Assistant, Hobert M. Johnson.....	800.00
Graduate Assistant, P. A. Devine.....	800.00
Mechanician, R. R. Clem.....	1,800.00
Stenographer, Lucile Grove.....	1,020.00

General Engineering:

Professor, Forest C. Dana.....	\$ 3,600.00
Associate Professor, E. H. Willmarth.....	2,800.00
Instructor, Merrill R. Good.....	2,100.00

Mechanical Engineering:

Head and Professor, W. H. Meeker.....	\$ 6,000.00
Professor, Earl B. Smith.....	2,000.00
Professor, M. P. Cleghorn.....	3,600.00
Professor, R. A. Norman.....	3,600.00
Associate Professor, J. G. Hummel.....	3,300.00
Associate Professor, R. E. Roudeshush.....	3,200.00
Assistant Professor, Lynn T. Brown.....	3,200.00
Associate Professor, C. C. Major.....	2,700.00
Assistant Professor, John Hug.....	2,500.00
Assistant Professor, O. A. Olson.....	2,500.00
Assistant Professor, F. C. Miller.....	2,500.00

Assistant Professor, L. O. Doerr.....	2,000.00
Instructor, W. Maitland	1,700.00
Instructor, T. B. Hines.....	1,700.00
Instructor, E. M. Spangler.....	1,700.00
Instructor, A. Maitland	1,700.00
Instructor, O. W. Reinholz.....	1,700.00
Instructor, Carl Gesser	1,700.00
Instructor, E. C. Potter.....	1,500.00
Instructor, W. R. Haines.....	1,500.00
Instructor, H. J. Miller.....	1,500.00
Assistant (half), E. O. Slater.....	900.00
Graduate Assistant, C. H. Yohe.....	800.00
Student Assistant, J. E. Young.....	800.00
Engineer, Martin Osam.....	1,800.00
Stenographer, Mrs. F. A. Nisewanger.....	1,140.00
Mining Engineering:	
Acting Head and Associate Professor, A. K. Friedrich.....	\$ 3,300.00
Trades and Industries:	
Head and Professor, Adolph Shane.....	\$ 4,000.00
Associate Professor, G. I. Mitchell.....	3,000.00
Assistant Professor, E. C. Flynn.....	2,700.00
Assistant Professor, R. C. Riedesel.....	400.00
Assistant Professor, Harold Diemer.....	2,200.00
Instructor, Virgil Gunder.....	1,800.00
Auto Mechanic, Thurlow Mason.....	2,000.00
Stenographer, Mrs. F. N. Masters.....	1,080.00
HOME ECONOMICS DIVISION	
Home Economics Dean's Office:	
Dean, Genevieve Fisher.....	\$ 5,000.00
Assistant, Elva Crockett.....	1,800.00
Secretary, Maude M. Sharf.....	1,600.00
Divisional Stenographic Service:	
Stenographer, Olive Pride.....	\$ 960.00
Stenographer, Thora J. Mosness.....	960.00
Stenographer, Ethel Nessa.....	1,020.00
Hourly Help.....	950.00
Applied Art:	
Head and Professor, Joanna M. Hanson.....	\$ 3,700.00
Associate Professor, Mable Fisher.....	2,400.00
Assistant Professor, Mable Russell.....	2,200.00
Assistant Professor, Anna M. Henderson.....	2,200.00
Assistant Professor, Edna O'Bryan.....	2,200.00
Instructor, Alice Waugh.....	1,900.00
Instructor, Marguerite M. Stotts.....	1,800.00
Instructor, Emma G. Kitt.....	1,800.00
Instructor, Edna Rhoads.....	1,900.00
Instructor, Marian C. Lepley.....	1,700.00
Foods and Nutrition:	
Head and Professor, Mable Nelson.....	\$ 3,700.00
Associate Professor, Laura McLaughlin.....	3,300.00
Associate Professor, Linda S. Brown.....	2,700.00
Associate Professor, Belle Lowe.....	2,400.00
Associate Professor, Viola Bell.....	2,300.00
Assistant Professor, Margaret Haggert.....	2,400.00
Assistant Professor, Ida M. Shilling.....	2,300.00
Instructor, Lela Joy Bennett.....	2,100.00
Assistant Professor, Alma Plagge.....	2,000.00
Instructor, Eva Montgomery.....	2,200.00
Instructor, Mrs. Dikka Ely (half).....	900.00
Instructor, Mrs. Vida Wentz.....	1,000.00
Instructor, Keo A. Minert.....	1,800.00
Fellow, Elizabeth Lowenberg.....	540.00
Assistant, Madge Harding.....	1,800.00
Janitress, Mrs. E. A. Ersland.....	700.00
Household Administration:	
Associate Professor, Elizabeth Hoyt.....	1,600.00
Associate Professor, Lulu R. Lancaster.....	1,200.00
Assistant Professor, Lydia V. Swanson.....	1,800.00
Instructor, Edith Carse.....	2,000.00
Assistant Professor, Helen A. Bishop.....	2,500.00
Instructor, Harriet Brigham.....	2,200.00
Instructor, Mrs. Vida Wentz.....	900.00
Instructor (half), Medora Grandprey.....	1,600.00
Instructor, Mrs. Vivian Brashear.....	1,000.00
Fellow, Grace Pennoek.....	540.00
Janitress, Mrs. Tom Fultz.....	750.00
Physical Education for Women:	
Head and Professor, Winifred Tilden.....	3,700.00
Assistant Professor, Ruth C. Miller.....	2,200.00
Instructor, Mildred Shouldice.....	2,100.00

Assistant Professor, Myrtle Hinderman.....	2,100.00
Instructor, Madge E. Hill.....	1,800.00
Instructor, Elizabeth H. Maybury.....	1,600.00
Instructor, Marguerite Schwartz.....	1,500.00
Textiles and Clothing:	
Head and Professor, Frances A. Sims.....	\$ 4,000.00
Professor, Eva L. Brandt.....	3,000.00
Professor, Katherine Cranor.....	2,500.00
Associate Professor, Marie Stephens.....	2,400.00
Associate Professor, Olive Settles.....	2,400.00
Instructor, Florence Faust.....	2,200.00
Instructor, Maude Fetherston.....	2,100.00
Instructor, Mary Gabrielson.....	2,000.00
Graduate Assistant (half), Grace E. Baker.....	800.00
Vocational Education in Home Economics:	
Associate Professor, Marcia Turner.....	\$ 2,600.00
Associate Professor, Regina J. Friant.....	2,600.00
Instructor, Elsie Wilson.....	2,100.00
Instructor, Hazel McKibben.....	1,600.00
Instructor, Dorothy Proctor.....	2,000.00
Instructor, Pauline H. Drollinger.....	1,900.00
Graduate Assistant, Marie P. Ringle.....	800.00
Fellow, Zoe O'Leary.....	540.00
Homemakers Unit Courses:	
Associate Professor, Lucille M. Horton.....	\$ 2,500.00
Instructor, M. Orinne Johnson.....	2,000.00
Instructor, Mrs. Henry Ness.....	1,800.00
Janitress, Mrs. Harry Thurber.....	700.00
Laura Spelman Rockefeller Memorial Fund:	
Professor, T. F. Vance.....	\$ 1,750.00
Associate Professor, Lulu R. Lancaster.....	2,000.00
Assistant Professor, Alma H. Jones.....	2,700.00
Assistant Professor, Lydia V. Swanson (part).....	700.00
INDUSTRIAL SCIENCE DIVISION	
Industrial Science Dean's Office:	
Dean and Professor, S. W. Beyer.....	\$ 4,500.00
Secretary, Lena B. McCulley.....	900.00
General Stenographic Service:	
Stenographer, Mrs. John Day.....	960.00

FINANCES OF THE IOWA STATE COLLEGE OF AGRICULTURE AND MECHANIC ARTS REPORT OF THE TREASURER

Receipts and Disbursements of All Funds from July 1, 1926 to June 30, 1927

HERMAN KNAPP, TREASURER

Educational Support

State Funds	Balance July 1, 1926	Fiscal Year Receipts	Combined Totals	Fiscal Year Expenditures	Balance June 30, 1927
Agriculture:					
Appropriation		\$ 222,500.00	\$ 222,500.00		
Transferred from Contingent Fund		3,500.00	3,500.00		
Agricultural Dean's Office				\$ 4,556.38	
Agricultural Engineering				19,970.54	
Animal Husbandry				50,367.72	
Dairy Industry				14,825.95	
Dairy Husbandry				7,658.15	
Farm Crops				12,584.97	
Forestry				14,314.05	
Genetics				8,518.26	
Horticulture				25,558.22	
Landscape Architecture				11,449.69	
Poultry Husbandry				9,103.78	
Soils				15,334.88	
Technical Journalism				11,068.31	
Vocational Education in Agriculture				20,689.10	
		\$ 226,000.00	\$ 226,000.00	\$ 226,000.00	
Engineering:					
Appropriation	\$ 2,223.15	\$ 167,500.00	\$ 169,723.15		
Transferred from Contingent Fund		20,000.00	20,000.00		
Engineering Dean's Office				\$ 7,767.29	
Architectural Engineering and Rural Structures				18,342.61	
Ceramic Engineering				9,211.09	
Chemical Engineering				11,680.08	
Civil Engineering				44,989.09	
Electrical Engineering				25,519.03

REPORT OF THE SUPERINTENDENT, SCHOOL FOR THE BLIND

F. E. PALMER, SUPERINTENDENT

Section 2717 of the Code requires that I should report the following: Number of pupils in attendance, name, age, sex, residence, place of nativity, cause of blindness, studies pursued, trades taught, expenditures made, and the number, kind and value of articles manufactured and sold.

Herewith are submitted the statistics and other facts required by law, as well as some other items which may prove of interest to the State Board of Education.

1926-1927

Name of Pupil	Age	Sex	Residence	Nativity
Abdo, Mike	8	Male	Sioux City	Minnesota
Allison, Lloyd	26	Male	Iowa Falls	Missouri
Anderson, George	28	Male	Lorah	Iowa
Anderson, Ruth	25	Female	Melcher	Iowa
Baker, Alberta	22	Female	Des Moines	Iowa
Baker, Maxine	20	Female	Lamoni	Iowa
Banks, James	25	Male	Fort Dodge	Iowa
Baird, Robert W.	15	Male	Lohrville	Iowa
Barr, Maizie	17	Female	Duncombe	Iowa
Bedwell, Dwight	26	Male	Spring Hill	Iowa
Bennett, Bertha	23	Female	Osceola	Iowa
Blank, Gladys	19	Female	Cedar Rapids	Iowa
Borup, Harold	14	Male	Clinton	Iowa
Briggman, Tarleton	10	Male	Manchester	Iowa
Brower, Doris	11	Female	Adel	Iowa
Carey, Ambrose	11	Male	Storm Lake	Iowa
Carroll, Howard	11	Male	Iowa City	Iowa
Carstens, Ora	25	Female	Anita	Iowa
Clark, Lella	24	Female	Dunkerton	Iowa
Cramer, Georgia	20	Female	Council Bluffs	Iowa
Creighton, Harold	13	Male	Adair	Iowa
Croghan, Glad	17	Female	Crescent	Iowa
Cronce, Curtis	9	Male	Clinton	Iowa
Cundiff, Woodrow W.	13	Male	Mason City	Iowa
Cundiff, Paul Pay	11	Male	Laurens	Iowa
Cundiff, Vale	15	Male	Laurens	Iowa
Dagit, Clark	17	Male	Jefferson	Illinois
Day, Grover	19	Male	Davenport	Iowa
Dillayou, Leslie J.	16	Male	Dow City	Iowa
Drake, Naomi	17	Female	Vinton	Iowa
Eastridge, Maxine	11	Female	Marengo	Iowa
Eggers, Merlyn	8	Male	Vinton	Iowa
Fauble, Delbus	18	Male	Council Bluffs	Iowa
Feldstein, Freda	17	Female	Waukon	Iowa
Ferguson, Ralph	18	Male	Council Bluffs	Iowa
Ferrie, Robert	7	Male	Spirit Lake	Iowa
Findley, Robert	24	Male	Bettendorf	Illinois
Fitkin, Lois	21	Female	Waterloo	Iowa
Flaherty, William	15	Male	LeRoy	Iowa
Foley, Edgar	11	Male	Jolley	Iowa
Forsythe, Clarence	22	Male	Strawberry Point	Iowa
Fortsch, Hazel	18	Female	Sumner	Iowa
Franklin, Marie	21	Female	Williams	Iowa
Freeman, Howard	18	Male	Clarinda	Oklahoma
Freeman, Verta	20	Female	Clarinda	Oklahoma
Gerhold, Eldred	8	Male	Palo	Iowa
Gesland, Helen Lucille	7	Female	Cherokee	Iowa
Glad, Ruth Evelyn	25	Female	Vinton	Kansas
Greenwood, Charles A.	11	Male	Marshalltown	Iowa
Hamilton, Everett	16	Male	Winfield	Iowa
Haveman, Alice	11	Female	Hull	Iowa
Hedger, Helen	9	Female	Anita	Iowa
Hedger, Leo	11	Male	Anita	North Dakota
Hedger, Velma	13	Female	Anita	Iowa
Herfurth, Esther	23	Female	Waterloo	Iowa
Hess, Bernice	18	Female	Grundy Center	Iowa
Hickson, Paul	9	Male	Davenport	Iowa
Hochstatter, Edward	25	Male	Sheldon	Iowa
Hogan, Eva	15	Female	Iowa Falls	Iowa
Hughes, Evelyn June	9	Female	Cedar Rapids	Iowa
Hunter, Cecile	22	Female	Lorimor	Iowa
Huting, Evelyn Ruth	12	Female	Cedar Falls	Iowa
Jensen, Lester	14	Male	Holstein	Iowa

1926-1927—Continued

Name of Pupil	Age	Sex	Residence	Nativity
Johnson, Glenn	21	Male	Little Cedar	Iowa
Jones, Goldie	21	Female	Mason City	Iowa
Kauffman, Ralph	8	Male	Maquoketa	Iowa
Kelser, Harley	22	Male	Manson	Iowa
Kempf, Hazel	14	Female	Noble	Iowa
Klostermann, Joseph	18	Male	Dyersville	Iowa
Klostermann, Marcella	11	Female	Dyersville	Iowa
Knox, Edward Pierce	6	Male	Washington	Iowa
Kucera, John	16	Male	Elberon	Iowa
Lalley, Ambrose	10	Male	Adair	Iowa
LeeWar, Lillian	16	Female	Des Moines	Iowa
Leininger, Arnold	19	Male	Boone	Iowa
McArtor, Harold	13	Male	Riverside	Iowa
Marquis, Russell	21	Male	Marshalltown	Iowa
Martin, Edward	10	Male	Vinton	Iowa
Martin, Mabel	12	Female	Athelstan	Iowa
Matthews, Kenneth	19	Male	Fairbank	Illinois
Mattox, Lyle	8	Male	Tama	Iowa

CAUSES OF BLINDNESS

Regarding the causes of blindness. I am in doubt as to whether the statute requiring a report of this character contemplates the original cause of blindness or the immediate cause. I have concluded to make the report on the original cause so far as that can be determined.

It is as follows for the entire list of students enrolled during the biennium:

Ophthalmia neonatorum.....	31	Infantile glaucoma.....	2
Trachoma	1	Congenital cataract.....	21
Interstitial keratitis.....	6	Other congenital troubles.....	52
Optic nerve atrophy.....	19	Zerodermo-pigmentosa.....	2
Accidents	12		

STUDIES PURSUED

In many respects the School for the Blind follows the same line of studies as the schools for the sighted. We have not only the usual eight grades admitting to high school standing, but the high school as well, and any boy or girl graduating from the academic department of the School for the Blind is prepared to enter the State University or any of the colleges of Iowa. The course of study is practically the same as that of schools for the sighted. Mathematics, English, History, Spelling, Writing, Geography, Science and Latin are all included in the course of study.

However, there are some important differences. In the Iowa School for the Blind each pupil, unless excused by the nurse or the School physician, is required to take physical training work and for this purpose an hour a day is given to gymnastics. I believe that this work has been of great value to the pupils of the Iowa School for the Blind, not only from the standpoint of health but also from the standpoint of muscular movement. A great many blind children are naturally timid, others are inclined to inactivity because of blindness, and the training that they get in the gymnasium has been of incalculable benefit to them in overcoming either timidity or inactivity.

Every pupil is required to take some industrial work, unless there are other handicaps than blindness. This requirement is based upon two conclusions: first, we believe that such industrial work has an educational value outside of its vocational value; second, we believe that every pupil should be trained in the means of self-support. It is perhaps true that all of our pupils will not enter the vocations for which the School for the Blind prepares them. Some of them will, as experience has shown, and all of them should go from the school prepared for some useful occupation along the lines of our instruction, useful at least until some more inviting opportunity presents itself, as also experience has shown. To this end we offer a course in basket-making, rug and carpet weaving,

chair caning, broom making, hammock tying, piano tuning, and dictaphone operating. We have done some work in the field of floriculture since the greenhouse has been built. However, as yet, the work has not been systematized and I cannot make an intelligent report along this line. We are hoping in the near future to make an intelligent and valuable use of the greenhouse for educational purposes. I am of the opinion that many of our totally blind boys and girls may come into a fine appreciation of flowers through the sense of smell. And then, there are others who have some sight who may be able to reap some practical rewards as a result of the study of floriculture.

In this connection I may say that we have had under consideration the establishment of a model store for the blind, where our boys and girls may be taught correct business methods, as well as some of the fundamental principles of salesmanship. Too often it is taken for granted that a blind boy or girl is limited to the simple occupations that require training in touch only, while experience has shown that blind men and women have become successful in business. It is not a question of blindness; it is a question of the boy and the girl, a question of their natural tendencies, a question of their individual capacities. There have been eight reunions held in Vinton since I have had charge of the work of the School for the Blind. To these reunions have come blind men and women, most of them graduates of the School, from all parts of the state, as well as from other states. Most of them would be called successful. There have come successful business men, successful lawyers, successful osteopaths and chiropractors, successful teachers, successful preachers, successful industrial workers, successful musicians, successful homemakers. The point is, that we cannot, nor do we want to, educate the child contrary to his natural tendencies, provided those tendencies be wholesome and serviceable; but, on the contrary, we must endeavor to draw out the best that is in him, until every static force for good becomes dynamic. There are perhaps many, many lines along which blindness is not insuperable and I feel that our work should have a very broad educational basis.

I have referred to important differences when the Iowa School for the Blind is compared to the schools for the sighted. This is nowhere better illustrated than in the department of music. In this department the work has a two-fold purpose: first, to train the child in a proper interpretation and appreciation of music; second, to test the pupils with reference to a musical career. Some work is required of all, and all musical studies are within the election of all unless, in the judgment of the teachers, it would be a waste of time to continue the study of music. In the pursuance of these purposes we are conscious of the fact that mistakes have been made; but on the whole it has had beneficial results. It has led to the discovery of one or two students who may be highly successful in the field of music. We are offering, under the guidance of competent teachers, instruction in voice, violin, piano and organ, and orchestra. Every student is required to take some voice work; all are encouraged to test themselves in other lines. Several years ago we organized among the small boys a "kinder band". It was a mere experiment in the effort to teach rhythm, tone and time. It was an experiment that succeeded beyond our expectations and the work has been extended to include the small girls. The original band consisted of eight primary boys. Three of them played the mouth organ; two the bones; one the snare drum; one the triangle; and one the cornetina. After eight weeks' practice these boys, under the leadership of Mr. Charles Olson, teacher in the tuning department, played at Chapel, much to the delight of all present. Since that time other instruments have been added. In this connection permit me to say, that blindness is no asset in the field of music. It is commonly supposed that the blind are more musical than the sighted. I do not believe that this is true. If the blind achieve greater results it is because of closer and more persistent application, as well as superior instruction on the part of teachers.

However, music is a wonderful asset to the blind and should be encouraged.

SOCIAL AND RELIGIOUS TRAINING

Social, moral and religious development are to a certain extent the result of habit and environment but, on the other hand, they are somewhat the result of example. Therefore, it is of the utmost importance that teachers, officers, matrons, supervisors, and employees should be men and women who are not only efficient in the several departments of work but who, also, are examples worthy of emulation. To this end the utmost care and caution have been exercised to bring to the employment of the Iowa School for the Blind men and women not only of educational equipment but whose standards of morality are high. While no preference is ever expressed regarding church affiliations, yet an attempt has been made to secure for all departments men and women who have the Christian bias and belief. While no attempt is ever made to prescribe the opinions of any employee of the school, yet it is the policy of the school to guard our children, who are yet, as a rule, within the ages of immaturity, from religious questions that belong only to maturity. There are so many fundamental and beautiful truths of religion that are accepted by all truth seeking men and women that there is little excuse for surrounding little children and adolescent boys and girls with an atmosphere of doubt and unbelief.

On six days of the week, pupils and teachers meet for worship in the Chapel. Here some of the great hymns of the Church are sung, prayer is offered, an address based upon moral considerations is given, and frequently special music by students is heard. A sincere attempt is made to create a wholesome religious atmosphere.

On Sunday, classes meet for the study of the Bible; the students meet for devotional services in the afternoon; and attendance at some one of the churches is required, unless inclement weather or sickness excuses. The afternoon devotional services are optional; and the church which the pupil attends is subject to student or parental choice. These attempts to surround our students with religious and moral influences do not always reach the sanctuary of the heart, but for the most part they have been beneficial and helpful.

EXTRA-CURRICULAR ACTIVITIES

It has been the policy of the administration of the Iowa School for the Blind to keep in mind not only the preparation of students for usefulness as citizens of our beloved commonwealth, but also to give them opportunities for participation in various activities, as students, outside the regular prescribed course of study. To this end the Jordan society for high school students was organized a few years ago. The officers of this society are students, and its activities are planned by student committees. There are the Prayer Meeting committee, which plans the Sunday afternoon devotional programs; the Literary committee, which helps to plan for periodical literary programs; and the Social committee, which helps in planning social entertainments. At frequent intervals this society meets as a whole for parliamentary practice. Usually these meetings have been full of interest and profit.

During the years of the biennium there have been glee club concerts, piano recitals, orchestra recitals, choir recitals, voice recitals, dramatic and literary entertainments, and concerts in which there appeared students from all the different parts of the music and literary departments of the School. Thanksgiving, Christmas, Easter, Mother's Day, and Lincoln's and Washington's birthdays were observed with appropriate programs which were open to the public. During the year 1926-1927 the children of the primary school presented the operetta "Peter Rabbit" to the great joy and delight of all who heard them. During the biennium the following plays have been dramatized: "Exchange", "Mask of the Two Strangers", "The Valiant", "Midsummer Night", and "Spreading the

News". At Christmas time, 1926, "The Nativity" was presented in pageant form. It is not necessary to give the musical programs in detail, but that you may have some idea of the type of programs given at the Iowa School for the Blind the following are reproduced:

PIANO RECITAL BY LELIA MARY CLARK, MAY 22, 1928
PROGRAM

Prelude and Fugue in D.....	Bach
Andante from Sonata, Op. 14, No. 2.....	Beethoven
Hunting Song, Op. 19, No. 3.....	Mendelssohn
Prelude, Op. 28, No. 6; Mazurka, Op. 7, No. 1.....	Chopin
Butterfly; Norwegian Bridal Procession.....	Grieg
Traumerei	Schumann
Spring Song	Liebling
Kamennoi-Ostrow	Rubinstein

EASTER VESPERS GIVEN BY THE CHOIR APRIL 17, 1927

Order of Service

Organ Prelude

Processional—"All Hail the Power of Jesus Name"

Short Communion Service in E flat—Chas. E. Allum

Kyrie

Sursum Corda

Sanctus

Agnes Dei

Gloria in Excelsis

A CANTATA FOR EASTER—"HAIL THE VICTOR"

By Alfred Wooler

PART I

1. God So Loved the World.....Tenor Solo
Dwight Bidwell
2. Behold, I Show You a Mystery.....Chorus
Choir
3. Then Cometh Jesus.....Tenor Solo
Dwight Bidwell
4. Gethsemane and Calvary.....Quartet
Robert Findley, Pauline Pirtle, Georgia Cramer, Lloyd Allison
5. From the Sixth Hour.....Bass Recitative
My God, My God, Why Hast Thou Forsaken Me?.....Tenor Solo
Lloyd Allison, Dwight Bidwell
6. Behold, the Veil of the Temple Was Rent in Twain.....
Choir
7. He Was Wounded for Our Transgressions.....Alto Solo
Georgia Cramer
8. The Wondrous Cross.....Choral
Choir
9. In the Tomb the Savior Lay.....Women's Voices
Semi-Chorus
10. Intermezzo

Organ

PART II

11. As It Began to Dawn.....Chorus
Choir
12. He Is Risen.....Soprano Solo and Chorus
Ruth Glad and Choir
13. The Easter Bells Are Ringing.....Soprano Solo
Pauline Pirtle
14. Hail the Victor!.....Final Chorus
Choir

Recessional—Crown Him with Many Crowns

Organ Postlude

ANNUAL CONCERT MAY 21, 1928

PROGRAM

- I. Organ and Piano Duo
Kamennol OstrowRubinstein
(Arranged by Wm. Mason)
Organ, Ruth Glad
Piano, Lelia Mary Clark
- II. Piano Duet
Theme with Variations, from Op. 8.....Beethoven
(Arranged by H. Germer)
Primo, Maisie Barr
Secondo, Cecile Hunter
- III. Violin Solo
Air for the G String.....J. S. Bach
Ruth Glad
- IV. Songs
 1. Who Treads the Path of Duty, from "The Magic Flute"...Mozart
Lawrence Schaefer
 2. Sleep and Rest.....Mozart
Alberta Baker, Maisie Barr
Nellie Moore, Cecile Hunter
 3. The VioletMozart
Georgia Cramer
 4. What Is This Feeling, from "The Marriage of Figaro"...Mozart
Pauline Pirtle
 5. The Minuet, from "Don Juan".....Mozart
Alberta Baker, Nellie Moore
Ralph Ferguson, Lawrence Schaefer
- V. Piano and Organ Duo
Pastorale, Op. 26.....Guilmant
Piano, Earl Scharry
Organ, Lawrence Schaefer
- VI. Piano Solos
 1. Air Castles } from "The Land of a Thousand Lakes"....Sibelius
 2. Sunset }
Lelia Mary Clark
- VII. Orchestra
Overture, "Poet and Peasant".....Von Suppe
School Orchestra

STUDENT SERVICES

As a rule students are not required to serve to any great extent in connection with the domestic duties of the School. Each student is taught to make his own bed and to care for his own room. Students are also asked to assist with the dining room service at meal time. All this service is, of course, without compensation except what may come from experience. It has not been thought best to require our students to assist in the kitchen except in cases of emergency. The following program of a day's activities will show that, if the school duties are faithfully discharged, the students at the Iowa School for the Blind lead a very busy life:

6:00 A. M.	Rising Bell
6:45 A. M.	Breakfast
7:15 A. M. to 7:45 A. M.	Care of rooms
7:45 A. M. to 8:00 A. M.	Preparation for Chapel and School
8:00 A. M.	Chapel
8:25 A. M. to 11:35 A. M.	Classroom activities
11:35 A. M. to 11:45 A. M.	Preparation for dinner
11:45 A. M. to 12:15 P. M.	Dinner
12:15 P. M. to 1:10 P. M.	Rest
1:15 P. M. to 4:00 P. M.	Classroom activities

4:00 P. M. to 6:00 P. M.....	Rest and Outdoor Recreation
6:00 P. M.	Supper
6:15 P. M. to 7:00 P. M.....	Rest and recreation
7:00 P. M. to 9:00 P. M.....	Study and reading
9:00 P. M. to 9:30 P. M.....	Recreation and preparation for bed

TRADES TAUGHT

This part of the report has probably been made with sufficient fullness under the topic "Studies Pursued", but it may not be out of place to restate them for the sake of clearness. We have been teaching the following trades:

Broom making, chair caning, pattern weaving, rug and carpet weaving, basket making and hammock tying. Besides these, not to be considered as trades, but preparation for future occupation, there are typewriting and dictaphone operation, together with music. When dictaphone operation and typewriting are mentioned it is at once concluded by many people that they are useless as occupations for the blind; but it must not be forgotten that there are a great many boys and girls who have sight enough to enable them to correct their own work. Besides they are not wholly impracticable for pupils who are totally blind. Experience has demonstrated that the totally blind may make successful typists and dictaphone operators. In the teaching of these occupations we have not lost sight of the great educational value of hand-training through such occupations. I refer to this fact because frequently we have parents who bring pupils to us to whom these trades and occupations seem foreign to their own plans for their children. However we believe that they give important means of education in the broad sense of the term.

During the year 1927-28 brush-making and Navajo rug weaving and the fibre chair caning were introduced, more as a matter of experiment than anything else. It is yet too early to determine whether these activities will be continued permanently or not.

EXPENDITURES AS RELATED TO TRADES TAUGHT

There was spent the following:

Rug Yarns	\$ 210.54
Cotton Chenille	46.25
Knitting Cotton	4.56
Art Cord	33.27
Reed	325.70
Cane, Hickory Bark, Pith.....	104.83
Carpet Rags and Carpet Warp.....	338.05
Splint	25.00
Broom Corn and Brush Materials.....	80.65
Hammock Cord, Spreaders and Rings.....	103.44
Needles and Thread, Patterns, Samples.....	16.73
Tray and Basket Bottoms, Bases and Frames.....	41.09
Pillow Tubing, Muslin and Linen.....	10.79
Leather	12.65
Grass and Braids.....	5.31
Wood Stains	2.05
Instruction Books	9.30
Manual Training Bench.....	38.00
Player Action and Tuners Supplies.....	128.18
Chair Caning Vises, etc.....	48.05
Looms and freight on same.....	318.30
Total	\$1,902.74

Received from sales of rugs, doll hammocks, large hammocks, etc., Mr. Jordan's shop				164.15
Received from sales of articles manufactured in Miss Hanson's shop				61.88
Received from sales of shop materials, Miss Carlson's shop				12.05
Totals	313	1,039	\$1,041.15	\$ 955.28

The foregoing tables showing shop work give a fair representation of the work done in the Industrial Department. The tables are based upon selling price or marked price. In connection with the foregoing tables it should be remembered that much of the materials manufactured is requisitioned by the School and therefore is not accredited to the amounts under the column "Amounts received from Sales". Besides there still remain in the industrial rooms many articles that have been kept for exhibit purposes or which have not been sold. Were these all to be sold the total would be very greatly increased.

SCHOOL FOR THE BLIND—SUPERINTENDENT'S REPORT 437

During the Biennial Period 1926-1928 the following Household Stores were produced.

	1926-1927		1927-1928	
	Amount Produced	Approx. Value	Amount Produced	Approx. Value
Milk.....	103,250 lbs.	\$4,130.00	104,255 lbs.	\$ 4,170.20

REPORT OF PHYSICIAN

Superintendent F. E. Palmer,
Iowa School for the Blind, Vinton, Iowa.

I have the honor to submit the following report of the Medical Department of the Iowa School for the Blind for the Biennial Period closing June 30, 1928:

Each pupil, on admission to the school, was given a physical examination. This was done to discover any evidence of contagion or any defect that may be corrected. Every pupil in the school has been immunized against smallpox, diphtheria, and scarlet fever.

Doctor C. S. O'Brien, of the State University, made several visits to the school, each year and examined the eyes, diagnosed conditions, and recommended treatment when indicated.

YEAR OF 1926-1927

There were 67 hospital cases: Mumps 1, measles 5, chickenpox 15, pneumonia 1, fracture femur 1, nephritis 1, mastoid 1, and 42 other cases of minor importance.

During the year 18 patients were sent to the University Hospital: eye clinic 12, nose and throat 1, orthopedic 1, medical 1, appendectomy 1.

YEAR 1927-1928

During this year the school suffered an epidemic of so-called influenza. There were 134 hospital cases and 11 cases taken care of in one of the dormitories because of a lack of room. During the year there were 865 hospital days. There were 5 cases of otitis media and one of pneumonia, with satisfactory recoveries in all the cases of the year.

Attention is called to the fact that immunization has been effective. During the year 36 patients were sent to the University Hospital: eye clinic 12, nose and throat 20, surgical appendectomy 1, medical 1, dermatology 1.

Very respectfully,

(Signed) J. E. Luckey, M. D.

June 27, 1928.

DENTAL REPORT, IOWA SCHOOL FOR THE BLIND, 1927-1928

The following report is submitted by me as an accurate report concerning the dental condition and work completed at the Iowa School for the Blind during the period from October 1, 1927, to June 1, 1928:

Beginning October first and in the following weeks 128 mouth examinations were made, and all of the work that was needed was charted upon a special chart for the purpose. Out of the 128 mouths examined, the chart revealed that 56 per cent of the cases required filling or extraction or other dental attention. At the time of examination each mouth was given a thorough prophylaxis and cleaning. During the course of the year 13 more students entered and they were examined in the same manner.

The following table will show the amount and kind of work completed during the year:

Amalgam or alloy fillings.....	106
Porcelain or synthetic.....	29
Gold inlays	6
Total	141
Extractions	102
X-ray made use of in.....	12 cases
These pictures were taken in my own office down town.	
Orthodontia work is being carried on in one case.	

At the end of the year each student was given another thorough examination and mouth prophylaxis.

With the above routine work each student receives proper attention and cleaning every six months, and it is proving very beneficial in their cases.

At all times individual care of the teeth is emphasized, and this has helped greatly to improve the condition of their mouths.

Time spent: each Tuesday and Friday, 8:30 A. M. to 11:30 A. M.

(Signed) L. E. Weyer, D. D. S.

On the whole the biennial period has been one of satisfactory progress, all of which I am pleased to report to you.

Respectfully submitted,

F. E. Palmer, Superintendent.
