

MEMORANDUM

To Board of Regents
From: Board Office
Subject: Request for a hearing related to a personnel matter
Date: March 1, 2004

Recommended Actions:

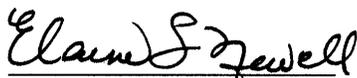

Deny the former employee's request for hearing.

Executive Summary:

A former employee is requesting a hearing related to his allegation that an institution has failed to implement a hearing officer's decision on his grievance. Both the former employee and the institution have submitted documentation related to this request, and that material had been read and considered.

Based on the record presently before the Board, found in a CONFIDENTIAL exhibit in the Regents Exhibit Book, the Board Office recommends that the request for a hearing be denied.

If the Board adopts the recommended action, this will complete agency action and the individual may appeal the decision to Iowa District Court as permitted by law.
