APPROVAL OF UNIVERSITY PARKING FOR FY 2009

Action Requested: Consider approval of the proposed annual parking rate increases at the three Regent universities as detailed on pages 2 - 4.

Executive Summary: Each university has parking systems that are self-supporting. User fees and fines support operation, maintenance, and capital improvements. The parking systems do not receive any state appropriated funds.

No changes have been made to the parking rate proposals that were presented to the Board for consideration at its March meeting:

- ◆ University of Iowa annual charges would range from \$50 - \$1,980;
- ◆ Iowa State University annual charges would range from \$40 - \$763;
- ◆ Iowa State University Memorial Union annual Ramp Rate would be \$429; and
- ◆ University of Northern Iowa annual charges would range from \$22 - \$354.

Background: Iowa Code Chapter 262 allows the Board to make rules regarding policing, control, and regulation of traffic and parking on the property of any institution under its control. It also requires notification to students 30 days prior to action by the Board to increase charges or fees at the universities. The Board gives preliminary consideration to the parking system rates and parking manual changes in March and considers final approval in May.

Written notification of the amount of the proposed parking rate increases was mailed to the student government president at each of the universities on March 6, 2008.

Each university has a:

- Parking manual that contains rules and regulations for parking on campus and includes information such as vehicle registration, parking permits, and fees and fines.
- System that provides many services including patrol, maintenance, repair, snow removal, resurfacing, construction, as well as meters, signage, salt/sand, equipment, and supplies.
- Committee that oversees parking operations and proposes changes to parking and traffic regulations as well as fees and fines for their comprehensive parking program.
