**Background:**

Board of Regents investment policy: <http://www.regents.iowa.gov/Policies/Chapter%207/chapter7.04.htm>

The Board of Regents employs an investment advisor for periodic review and evaluation of investment policy, strategy, and performance. Marquette Associates, Inc. was approved by the Board at its October 2015 meeting to be the investment advisor to the Board and Regent institutions. The investment advisor assists with the evaluation of the Board's investment policies and provides quarterly portfolio summary reports on fund and investment manager performance.

**OPERATING PORTFOLIOS**

The primary goals for investment prudence of the operating portfolios include safety of principal, maintenance of liquidity to match expected liabilities, and a reasonable return. The operating portfolio is to be managed to ensure funds are available to support operational needs.

**RESTRICTED BOND ACCOUNTS**

Bonds accounts include proceeds from bond issues. Accounts include project construction funds, sinking funds, and reserves. Each individual bond has specific investment restrictions which may vary by type of account with reserve accounts being the most restrictive as to types of authorized investment.

**INTERMEDIATE TERM PORTFOLIOS**

Intermediate term pools provide added flexibility for long-duration asset investment including quasi endowments, which are longer-term in nature but have no externally-imposed restriction that the principal remain intact.

**ENDOWMENT PORTFOLIOS**

The Board's investment policy defines endowment funds as primarily donor gifts and other funds received for specific purposes. The purpose of endowment funds is to provide:

- ▶ Intergenerational equity of income in perpetuity; and
- ▶ A stable income sufficient to meet the reasonable spending needs of the component endowments by keeping pace with inflation and not degrading the real value of the corpus over time.
