APPROVAL OF 2017-2018 TUITION RATES

Action Requested: Consider approval of the proposed tuition rates and related fees for the 2017-2018 academic year as outlined in the memorandum, effective beginning with the Fall 2017 session.

Executive Summary: The Board’s strategic plan calls for adequate support of Regent institutions from all sources and promoting the effective use of resources to meet institutional missions. The two key resource components are state appropriations and tuition revenue.

At its May 8, 2017 meeting, the Board considered the first reading of tuition proposals for the 2017-18 academic year. A \$216 increase to all undergraduate resident students is proposed from the rates previously approved in December 2016. ISU and UNI also propose the same \$216 increase to all other student classifications with SUI proposing a 3.8% increase to the other student classifications. The proposed tuition rates are expected to generate \$25.67 million (\$16.51M at SUI; \$7.12M at ISU, \$2.04M at UNI) in incremental revenue.

In September 2016, the Board proposed a two-year appropriations and tuition plan to demonstrate resource needs while giving consideration to costs that may be absorbed through efficiencies and reallocations. While the multi-year plan was dynamic, it included a proposed 2% increase in resident undergraduate tuition rates for each year and a 2% increase in state appropriations for each year.

In December 2016, the Board approved a 2% increase to the base resident undergraduate tuition rate at each university with varying increases to nonresident and graduate tuition rates.

In February 2017, the General Assembly approved mid-year permanent funding reductions for FY 2017 resulting from lower than projected tax revenues totaling \$20.75 million across the three public universities.

In April 2017, the General Assembly further reduced funding for FY 2018 by an additional \$9.58 million. In total, Regent higher education appropriations for FY 2018 are \$30.33 million less than original FY 2017 appropriated amounts.

Peer Groups

The following tables compare current (2016-17 year) resident and non-resident undergraduate tuition and fee rates with the Board-established peer groups. Generally, the Regent universities are at or near the bottom of their respective peer groups and all rates are significantly below the average. Comparisons for other student classifications are available in the Board Office.
