**UNIVERSITY WEBSITES**

**Action Requested:** Receive an oral update on the status of the University websites.

**Background:** On February 24, 2021, the Board of Regents approved a set of Free Speech recommendations to be implemented by the Board and the universities. The seventh recommendation of the Free Speech Committee was that each university will be required to post the Board's and university policies and procedures on their webpage, including how to appeal to the Board regarding violations of free expression.
