### **Dual Degree Fee for DVM/MPH Students**

Since 2003, the University of Iowa College of Public Health (CPH) has offered a combined Doctor of Veterinary Medicine/Master of Public Health (DVM/MPH) degree program in collaboration with Iowa State University (ISU). UI Master of Public Health students who are not in combined programs are assessed a tuition supplement of \$6000. Since the DVM/MPH combined students do not pay a tuition supplement when they are enrolled at ISU, they are only being assessed half of the total tuition supplement (\$3000) for the UI summer sessions. However, as MPH students, they derive the same benefits from the tuition supplement funds as students who pay the full amount.

To assure student equity and to recover funding essential to the mission of the MPH program, students in the combined DVM/MPH program are assessed a flat fee of \$3000 to make up the difference between the actual tuition supplement collected (\$3000) and total tuition supplement other students pay (\$6000). A portion of this fee will be assessed each semester a student enrolls at UI and is not paying UI tuition. Since students generally take six 3 credit hour courses in this manner, a flat fee of \$500 for each semester the student takes a 3 credit hour course at UI when also enrolled at ISU ( $\$500 \times 6 = \$3000$ ) is assessed.

### **Dual Degree Fee for MPH/All Others**

The University of Iowa College of Public Health Master of Public Health (MPH) program offers combined degrees with the UI Colleges of Law, Pharmacy, Medicine, and Nursing. MPH students who are not in combined programs are assessed a tuition supplement of approximately \$6,000 over the course of their studies. Law, Pharmacy, Medicine and Nursing combined students do not pay the MPH tuition supplement since they are assessed tuition for their respective primary degree. However, as MPH students, they derive the same benefits from the tuition supplement funds as non-combined MPH students. To assure student equity and to recover funding essential to the mission of the MPH program, the College of Public Health all combined degree MPH programs students are assessed a flat fee of \$500 per semester whenever the student is enrolled in MPH courses and not designated as an MPH student for tuition purposes. A similar proposal was approved and initiated for the Doctor of Veterinary Medicine and MPH combined program between the University of Iowa and Iowa State University in FY2009.
