UNIVERSITY OF NORTHERN IOWA
PRESIDENTIAL SEARCH AND SCREEN COMMITTEE

Actions Requested: Consider approval of the change in committee membership as outlined below.

At the September 2012 meeting, the Board approved the membership of the University of Northern Iowa Presidential Search and Screen Committee. The UNI-United Faculty was asked to appoint two members to the committee. Daniel Power, President of the UNI-United Faculty, and Bettina were named by the UNI-United Faculty and approved by the Board.

The UNI-United Faculty President notified the Board Office that it was necessary to replace Bettina Fabos on the Search Committee. Dr. Fabos will be out of the country beginning in January for an extended period and felt she could not adequately represent the United Faculty on the committee. The United Faculty has appointed Jennifer Waldron to replace Dr. Fabos on the committee. Dr. Waldron is Associate Professor in Health, Physical Education, and Leisure Services.
