PROPOSED 2017-2018 TUITION AND FEES

Action Requested: Consider the proposed conditional tuition and mandatory fees for the 2017-2018 academic year as outlined in this memorandum, effective with the summer session 2017.

Board action is expected to be taken on these proposals during the December 2016 Board meeting.

Executive Summary: Consistent with the Board's strategic plan adopted in July, determining and fulfilling appropriate resource needs are essential in providing high quality public education, cutting-edge research, and needed public services. Predictability, transparency and long-term planning strategies are woven throughout the plan.

The Board's strategic plan calls for adequate support of Regent institutions from all sources and promoting the effective use of resources to meet institutional missions. The two key resource components are state appropriations and tuition revenue. In September, the Board proposed a two-year appropriations and tuition plan to demonstrate resource needs while giving consideration to costs that may be absorbed through efficiencies and reallocations. While the multi-year plan is dynamic, it includes the proposed 2% increase in resident undergraduate tuition rates for each year and a 2% increase in state appropriations for each year.

The Board's tuition policy includes, in part, that the Board will use as a benchmark in evaluating tuition and fee increases, an inflationary percentage range of the projected HEPI (Higher Education Price Index) as determined by the University of Iowa's Institute for Economic Research, in consultation with economists at Iowa State University and the University of Northern Iowa. The Institute of Economic Research has projected HEPI for FY 2018 to range from 1.3% to 3.0% with a mean of 2.2%.

The universities each propose a 2% increase in the base resident undergraduate tuition rate with varying increases to nonresident and graduate tuition rates. Tuition and mandatory fee proposals for major classifications of students are provided on the next page. A comprehensive listing of all proposed rates is provided on pages 7-9.

¹ Most undergraduate students are in the College of Liberal Arts & Sciences

² Agricultural Systems Technology/Industrial Technology

Undergraduate Tuition

The proposed increases for undergraduate base tuition are provided below. Undergraduate resident tuition is proposed to increase 2.0% (\$142) at each of the universities.

Undergraduate Base Tuition Proposals 2017-18 Academic Year						
	Resident			Nonresident		
	<u>Current</u>	<u>Increase</u>	<u>Proposed</u>	<u>Current</u>	<u>Increase</u>	<u>Proposed</u>
SUI	\$ 7,128	\$ 142	\$ 7,270	\$ 27,366	\$ 686	\$ 28,052
ISU	\$ 7,098	\$ 142	\$ 7,240	\$ 20,462	\$ 614	\$ 21,076
UNI	\$ 7,098	\$ 142	\$ 7,240	\$ 17,640	\$ 142	\$ 17,782

In addition to the base undergraduate resident and nonresident tuition increases, the universities request the following supplemental tuition rates for specific higher cost programs: (see comprehensive list on following page)

STATE UNIVERSITY OF IOWA

- ❖ Engineering - The College of Engineering proposes to increase first year tuition by \$1,000 for both resident and non-resident students. The College proposes an increase of \$1,316 for second year resident engineering students and \$1,548 for second year non-resident students, to match the rates for upper division undergraduates. (Note: this assumes a 2.0% base increase for resident students and 2.5% base increase for non-residents.)

IOWA STATE UNIVERSITY

- ❖ International Students – ISU is seeking an additional \$500 increase assessed to all International Students (non-immigrant status, defined as non-citizen students, as well as non-permanent residents). This is the second of a three-year plan approved last year to implement a \$1,500 supplemental increase. This is in addition to the proposed rates for the various tuition types, and would be assessed for current as well as new international students. Tuition charged by peer institutions for international students indicates that even after full implementation of the \$1,500 supplement, ISU’s rates would still be competitive.
- ❖ Architecture – ISU proposes to increase the Architecture differential tuition rate to \$1,600 from \$1,282 over a 3 year period. The proposed first year increase for 2017-18 is \$98 for residents, and \$106 for nonresidents.
- ❖ ISU is requesting approval for a new differential tuition structure and rate for upper division students in the following five programs: Animal Science, Biology, Computer Science, Industrial Design, and Natural Resources Ecology & Management majors. The differential rate will be implemented over a 3-year period and will equal the Architecture differential tuition rate (\$1,600) when fully implemented. The proposed first year supplement for 2017-18 is \$534. Students in these programs benefit from an intensive laboratory, studio, or hands-on model of instruction, which is associated with a higher cost of instruction. In addition, the costs associated with animal science education include the purchase, care, and feeding of livestock, which are significant.
- ❖ Iowa State proposes to increase the Business differential tuition rate for upper division students to the Engineering differential tuition rate over a 3-year phase-in period. The proposed first year increase for 2017-18 is \$190 (2.15%) for residents, and \$180 (0.81%) for nonresidents.

UNIVERSITY OF NORTHERN IOWA

- ❖ UNI is requesting a 2% increase (\$34) to the existing differential rate for upper division students in the College of Business Administration.

Graduate and Professional Tuition

The proposed increases for graduate base tuition are as follows:

Graduate Base Tuition Proposals 2017-18 Academic Year						
	Resident			Nonresident		
	<u>Current</u>	<u>Increase</u>	<u>Proposed</u>	<u>Current</u>	<u>Increase</u>	<u>Proposed</u>
SUI	\$ 8,856	\$ 222	\$ 9,078	\$ 26,460	\$ 662	\$ 27,122
ISU	\$ 8,474	\$ 254	\$ 8,728	\$ 21,786	\$ 654	\$ 22,440
UNI	\$ 8,592	\$ 142	\$ 8,734	\$ 19,066	\$ 142	\$ 19,208

In addition to base tuition increases for graduate/professional programs, the universities have requested the following for the 2017-2018 academic year:

STATE UNIVERSITY OF IOWA

- ❖ Iowa Dental Advanced Standing Program (IDASP) - The College of Dentistry proposes a new tuition category for the IDASP. This new program offers dentists who are graduates of dental schools outside the United States the opportunity to obtain a DDS degree. It is a two-year program. Four students will be selected for the first year of the program - the 2017-18 academic year. The College proposes a tuition rate of \$77,150, which is equivalent to the non-resident DDS degree plus \$10,000.

IOWA STATE UNIVERSITY

- ❖ ISU is requesting approval for a new differential tuition structure and rate for graduate students in the following five programs: Animal Science, Biology, Computer Science, Industrial Design, and Natural Resources Ecology & Management majors. The differential rate will be implemented over a 3-year period and will equal the Architecture differential tuition rate (\$1,124) when fully implemented. The proposed first year supplement for 2017-18 is \$374.
- ❖ International Students – ISU is seeking an additional \$500 increase assessed to all International Students (non-immigrant status, defined as non-citizen students, as well as non-permanent residents). This is the second of a three-year plan approved last year to implement a \$1,500 supplemental increase.

UNIVERSITY OF NORTHERN IOWA

- ❖ UNI is requesting a \$34 increase to the existing differential rate for graduate students in the College of Business Administration.

Projected Tuition Revenue

The proposed tuition rates for 2017-18 are projected generate approximately \$28.8 million in incremental revenue for FY 2018, approximately 1.86% of the current year budget. In September 2016, the Board approved an appropriation request increase for FY 2018 of \$12.8 million (2% increase plus an additional \$2.5M for UNI). The projected incremental tuition revenue and requested state funding results in a combined 2.7% increase over the current budget.

Mandatory Fees

Mandatory fees, charged to each student, provide a distinct resource to respond to specific needs of students.

Fee increase proposals for the 2017-2018 academic year that are greater than \$5 are highlighted below:

STATE UNIVERSITY OF IOWA

- ❖ Technology – The proposed 2.2% increase to the technology fees will support Information Technology personnel providing support to students.
- ❖ Student Health – A \$10 increase is requested to support additional mental health counseling services to students who need them to succeed at the University. Adding more counselors is a top priority for the student government.
- ❖ Recreation – The proposed \$7 increase will meet the debt service schedule for the Campus Recreation and Wellness Center in accord with the financial plan approved for the project.

IOWA STATE UNIVERSITY

- ❖ Technology – The requested \$30 increase will support a significant technology upgrade to a mobile-first, secure, encrypted, software-as-a-service platform that will create secure access for students and academic planning and performance. The technology fee has been at current levels since Fall 2009.
- ❖ Health – A \$24 fee increase is requested to meet the significant mental health service needs as identified by students and the Division of Student Affairs. The additional fee revenue will fund an expansion of mental services on campus and will include the additional of several mental health service providers.

UNIVERSITY OF NORTHERN IOWA

- ❖ Health – A \$14 increase is requested to support salaries for health service personnel in the Student Health Clinic and Counseling Center.
- ❖ Student Activities – The addition of \$5 to this fee will provide additional funding to student organizations, fine arts programs, student conference attendance, homecoming activities, diversity programming, and numerous student activities.
- ❖ Recreation – The proposed \$6 increase will allow programs to be maintained at their current level and add new ones in response to student interests. The fee funds drop-in recreation, intramurals, and other fitness programs for which no additional fee is charged to students.

Estimated Cost of Attendance

Iowa Code §262.9(18) requires the Board to publish the estimated total cost of attending the Regent universities, including room and board and other costs, at the same time that it publishes final tuition and mandatory fees.

Based on the preceding tuition proposal and university projected increases for room, board, and other costs, the following table estimates the total cost of attendance for a resident undergraduate student.

Other costs, as quantified for financial aid calculations, include the universities' estimates of student costs for books, supplies, transportation, and personal expenses.

2017-18 Academic Year Resident Undergraduate Estimated Cost of Attendance						
	Tuition & Mandatory Fees*	Room & Board**	Other Costs**	Estimated Totals**	\$ Increase	% Increase
SUI	8,746.00	9,557.00	3,205.00	21,508.00	440.00	2.1%
ISU	8,419.90	8,607.00	3,425.00	20,451.90	451.50	2.3%
UNI	8,483.00	8,759.00	2,950.00	20,192.00	304.00	1.5%
Average	8,549.63	8,974.33	3,193.33	20,717.29	398.50	2.0%

* Proposed ** Estimated

Peer Groups

The following tables compare current resident and non-resident undergraduate tuition and fee rates with the Board-established peer groups. Generally, the Regent universities are at or near the bottom of their respective peer groups and all rates are significantly below the average. Comparisons for other student classifications are available in the Board Office.
