APPROVAL OF TUITION AND FEES FOR 2015-2016

Action Requested: Approve the proposed conditional tuition and mandatory fees for the 2015-2016 academic year as outlined in this memorandum, effective with the summer session 2015.

The proposed tuition rates reflect a tuition freeze for a third year for Undergraduate Resident students, and a reduction in projected revenues of \$4.5 million from the October proposal.

If the Board of Regents chooses to extend a tuition freeze to:

- All Resident students, \$6.3 million in revenues would be relinquished
- All students, \$14.5 million in revenues would be relinquished

Executive Summary: The Board of Regents advocates for adequate support for Regent institutions from all sources for high-quality, accessible educational opportunities for Iowans, research and scholarship, service activities, and economic development efforts.

For the last five years, from FY 2009 to FY 2014, the average annual increase in tuition and mandatory fees for undergraduate resident students has been 3.0% compared to a national increase of 5.4%¹. For three years, tuition rates for these students remained the same; a freeze that had not been done since the early 1970s.

Tuition revenues now comprise 60.7% of the combined operating budgets of the Regent universities.

At its September 2014 meeting, the Board reviewed the proposed spending and funding plans that support strategic goals and maximize available resources, and approved the request for FY 2016 state appropriations. The requested 1.75% increase for General University operating support allowed for a modest inflation as projected by the Higher Education Price Index (HEPI).

The Board of Regents is committed to working with the State to secure the requested additional appropriations. Based on funding actions of the legislature, tuition rates may be adjusted subsequent to the 2015 legislative session.

Current and Proposed Tuition and Mandatory Fees for major classifications of students are shown in the table on the next page.

Tuition Revenues

- For the current year, undergraduate tuition revenues make up:
 - 75% of total tuition revenues at SUI;
 - 84% at ISU; and
 - 92% at UNI.

- Resident tuition accounts for 40% of total tuition revenues; broken down by individual university as:
 - 36.0% at SUI
 - 37.3% at ISU
 - 79.9% at UNI

To evaluate proposed tuition and fee increases, the Board’s policy uses the inflationary percentage range of the projected Higher Education Price Index (HEPI), which is 1.6% to 3.2% for FY 2016. The median of this projected range is 2.4%. The universities are proposing to increase nonresident tuition between 1.20% and 1.75%.

No new supplemental or differential tuition rates are being requested for the FY 2015-2016 academic year:

In addition to base tuition increases for graduate/professional programs, the universities have requested the following for the 2014-2015 academic year:

IOWA STATE UNIVERSITY

- ❖ College of Veterinary Medicine – increase at the upper end of HEPI of 3.2% for resident and nonresident students. As the only college that provides a professional veterinary medicine program in Iowa, this education is an intense mix of classroom-based instruction plus clinical learning in a modern, tertiary referral teaching hospital. Veterinary graduates typically have a 91% placement at the time of graduation; the class of 2012, the last year with reliable data, had a placement rate of 97% within a year of graduation, and an average starting pay increase of almost \$6,000 over the previous year. 81% of practicing veterinarians in Iowa are graduates from ISU.

Tuition increases will better prepare students for a competitive marketplace by:

- Supporting and maintaining state-of-the-art clinical and diagnostic equipment and information technology
- Providing field-based experiences in shelters, satellite specialty clinics, and university and client farms
- Allowing for hands-on experiences for students under the supervision of clinical faculty who are specialists in their respective areas
- Providing innovative teaching tools for basic clinical and surgical skills
- Partnering with Blank Park Zoo for exposure to exotic animals
- Revising pharmacology curriculum in anticipation of changes in federal requirements for veterinary oversight of antimicrobials and restrictions on extra-label use of antimicrobials
- Strengthening animal welfare education programs on the scientific, ethical and evolving societal issues in this area
- Increasing opportunities for students to attend national meetings where they can network, be mentored, improve communication skills and receive exposure to potential employers
- Providing on-line curriculum for personal financial management

To help offset tuition increases, the scholarship pool has been enhanced; in FY 2014, over \$620,000 in endowed and annual named scholarships and awards were provided. Over 50% of eligible veterinary students received an average award of \$2,300.

For FY 2015, ISU’s College of Veterinary Medicine resident tuition and fees ranked 22nd out of 30 accredited colleges of veterinary medicine in cost for first through third year students.

Unit Cost of Instruction versus Tuition

Board policy requires that tuition for nonresident undergraduate students should, at a minimum, cover the full cost of their education at each Regent university. The Board has historically used university-compiled information regarding the cost of instruction per student (“unit cost”) to measure compliance.

The unit cost represents general fund supported cost of instruction of a full-time equivalent student at a given level and includes certain assumptions relative to instructional costs at the various student levels (i.e., lower division undergraduates, upper division undergraduates, graduate, and professional). Costs such as building repairs, public service, scholarships and fellowships, auxiliary enterprises, health care units, indirect cost recovery, and capitals are excluded from the unit cost calculations.

The most recent unit cost study, based on FY 2013 expenditures, was presented to the Board in April 2014. Proposed tuition for nonresident undergraduates exceeds the current projected unit costs of instruction at all three universities.

	FY 2016 Undergraduate Tuition Only		Estimated FY 2015 Undergraduate Unit Cost
	Resident	Nonresident	
SUI	\$6,678	\$26,464	\$11,428
ISU	\$6,648	\$19,768	\$10,611
UNI	\$6,648	\$16,836	\$13,324

Regents Student Financial Aid

The Board’s tuition policy mandates that student financial aid be provided to meet enrollment and tuition cost calculated as a minimum of 15% of tuition revenues. Iowa Code §262.9(19) (2013) prohibits the designation of a portion of the tuition moneys collected from resident undergraduate students by institutions of higher education governed by the board for use for student aid purposes.

A combination of need-based and merit-based aid is essential for the universities to attract high achieving students, as well as provide affordable higher education. The proposed financial aid for all students totals \$200.3 million. Each university has met or exceeded the minimum requirements for financial aid during the last several years.

Projected Tuition Revenue Increases

Based on Fall 2014 enrollments, the combined additional revenues from the proposed undergraduate nonresident and graduate/professional tuition rate increases are expected to provide additional revenues and financial aid for the 2015-2016 academic year.

Incremental tuition revenues for the Regent universities are estimated to be \$9.96 million consisting of:

- Increase in base tuition for nonresident undergraduate - \$6.82 million
- Increase in base tuition for graduate and professional resident/nonresident students - \$3.14 million

After allocating funds for student financial aid, the incremental net tuition revenues are approximately \$8.5 million, a 1.2% increase.

Enrollment increases projected for FY 2016 could add another \$18 million in gross tuition revenues; half of the potential increase due to enrollment is in nonresident undergraduate students at ISU.

Mandatory Fee Increases

Mandatory fees, charged to each student, provide a distinct resource to respond to specific needs of students.

Fee proposals for the 2015-2016 academic year that are above the high end of the identified HEPI rate of 3.2% are highlighted below:

STATE UNIVERSITY OF IOWA

- ❖ Arts & Cultural Events – an additional \$1 to keep the price of tickets at or close to zero for students; maintain the number of performances available to students; continue to provide high quality outreach programming; increase the number of guest artists who will attract, teach and inspire students; and support the new Public Digital Arts initiative to provide cutting-edge technology and highly competitive experiences for students. This fee has not been increased since it was instituted in FY 2010.
- ❖ Recreation – the increase of \$13 will meet the debt service schedule and on-going operating and maintenance expenses for the Campus Recreation and Wellness Center in accord with the financial plan approved by the Board of Regents in September 2006.

UNIVERSITY OF NORTHERN IOWA

- ❖ Technology – the increase of \$20 in this fee will cover increased costs for students, including assistive technology; allow for integration of active learning through CAT (Collaborative, Active Learning) classrooms to improve student learning; allow full implementation of a Learning Commons and a Digital Media Commons in the library; and improve access to online course delivery.
- ❖ Health – this fee increase of \$15 will support student access for health services, including clinic, counseling and health educator consultations. Students are able to see medical providers, counselors and other staff without an individual fee.
- ❖ Student Services – to align fees more closely to the structure at SUI and ISU, identified activities and services will be separated into the Student Activities Fee and the Student Services Fee. The re-purposed Student Services Fee will support Panther Shuttle, Weekend SafeRide, and Intercollegiate Athletics. \$82.30 will be transferred to Student Activities and an increase of \$6.30 is proposed to fund contractual obligations for bus transportation.
- ❖ Student Activities – the addition of this fee classification will provide funding to student government, student organizations, the student newspaper, homecoming and family weekend activities. The fee of \$101 is made up of \$82.30 transferred from Student Services and \$18.70 to provide additional funding to student organizations, fine arts programs, conference attendance for students, the student newspaper, homecoming and family weekend activities.
- ❖ Recreation – the proposed \$3 will allow programs to be maintained at their current level and add new ones in response to student interests. The fee increase will cover increases in student wages, utilities, equipment and administrative overhead.

Estimated Cost of Attendance

Iowa Code §262.9(18) requires the Board to publish the estimated total cost of attending the Regent universities, including room and board and other costs, at the same time that it publishes final tuition and mandatory fees.

Based on the preceding tuition proposal and university projected increases for room, board, and other costs, the following table estimates the total cost of attendance for a resident undergraduate student.

Other costs, as quantified for financial aid calculations, include the universities' estimates of student costs for books, supplies, transportation, and personal expenses.

Part-time Tuition and Mandatory Fees

The Regent Policy Manual §8.02A directs that residents and nonresidents be charged the same tuition for 0 to 4 credit hours. A flat rate is charged to students taking 0 to 1 credit hours, with charges for 2, 3 and 4 credits progressively higher but remaining the same for resident and nonresident students. Resident and nonresident rates are different for 5 credit hours and above, with the rate differential based on full-time tuition rates.

The intent of the policy is to encourage enrollment at the Regent universities on a part-time basis. Nonresidents in states bordering Iowa are encouraged to take Regent courses at the graduate study centers located in the Quad Cities, Sioux City, and Council Bluffs.

The proposed 2015-16 part-time tuition and fee rates for resident and nonresident undergraduate and graduate courses at the three universities are consistent with the proposed tuition and mandatory fee rates for full-time students.

Undergraduate and professional part-time tuition and mandatory fees are based on 12 credit hours, while graduate part-time rates are based on 9 credit hours.

The proposed mandatory fees for part-time students as well as summer semesters are assessed differently among the universities.

Student Health fees – All universities

- Full fee assessed to all students taking 5 or more hours per semester; for SUI, ISU and UNI; no fee assessed to student taking less than 5 credit hours.

Student Health Facility fees

- SUI – full fee assessed to all students taking 5 or more hours per semester; no fee assessed to student taking less than 5 credit hours
- ISU – full fee assessed to all students regardless of the number of credit hours taken
- UNI - full fee assessed to all students taking 5 or more hours per semester; half of the fee assessed for 4 or fewer credit hours

All other mandatory fees

For undergraduate students:

- SUI and ISU – assessed at 75% of the full semester rates for 6 through 11 hours and at 50% for less than 6 credit hours
- UNI – assessed at 75% of full semester rates for 9 through 11 credit hours, at 50% for 6 through 8 hours, and at 25% for less than 6 hours: exception – Building and Recreation fees assessed at full semester rates to all students taking 5 or more hours per semester and at 50% for less than 5 credit hours

For graduate students:

- SUI – assessed at 75% of full semester rates for 4 through 8 hours and 50% for less than 4 credit hours
- ISU – assessed at 75% of full semester rates for 5 through 8 hours and 50% for less than 5 credit hours
- UNI – assessed at 75% of full semester rates for 7 and 8 hours, 50% for 5 and 6 hours, and 25% for less than 5 credit hours; exception – Building and Recreation fees assessed at full semester rates to all students taking 5 or more hours per semester and at 50% for less than 5 credit hours

Summer school

- SUI & ISU – computer fees assessed at full semester rate; maximum of other fees at 50%
- UNI – assessed at 75% of the full semester rate

Additional Information:

Board Tuition Policy: The Board tuition policy includes, in part:

The Board will use, as a benchmark in evaluating tuition and fee increases, an inflationary percentage range of the projected HEPI (Higher Education Price Index) as determined by the University of Iowa's Institute for Economic Research, in consultation with economists at Iowa State University and the University of Northern Iowa.

Higher Education Price Index: HEPI measures the average relative level in the prices of a fixed market basket of goods and services purchased by colleges and universities through current educational and general expenditures excluding research. HEPI documents inflation affecting the higher education industry, allowing colleges and universities to specifically determine the increase in funding required each year to maintain real investment.

Since the Board determines tuition increases well in advance of the actual expenditure of funds, the Board has utilized inflation projections. The Institute for Economic Research at the University of Iowa prepares these projections, which include a range for HEPI.
