* Off-campus students do not attend any on-campus classes (i.e. classes with at least 20% time spent on the main campus of the institution)

Note: This report is based on point-in-time data representing enrollments corresponding to each College/University census date. For example, the census date is the 10th day of classes for The University of Iowa, the University of Northern Iowa and Iowa State University. The community colleges use the 14th day of classes for their census date.

** Adjusted Total Enrollment is calculated by adding the total number of Full-Time students to the number of Part-Time Semester Credit Hours divided by the institution's FTE value (adjusted part-time credit hours). The standard FTE values of 12 semester credit hours for undergraduates and 9 semester credit hours for graduate and professional students are applied to all institutions for the purposes of calculating adjusted part-time credit hours for this report.
