EXECUTIVE SEARCH, CONSULTING, AND TRAINING

July 14, 2016

Robert Donley
Executive Director and Chief Executive Officer
Board of Regents, State of Iowa
11260 Aurora Avenue
Urbandale, IA 50322

Dear Mr. Donley:

Thank you for allowing Greenwood/Asher & Associates, Inc. (G/A&A) the opportunity to present our proposal to provide executive search services for the University of Northern Iowa's next president. We are a women-owned firm as registered in Florida with a diverse consulting team. We have extensive experience in executive search, consulting and training for university systems and campuses. In addition, we have a minority owned consulting firm as a partner. I have been in the executive search business since 1992. Dr. Betty Turner Asher, co-owner of G/A&A and partner, and I have both served as tenured professors and presidents of universities.

In addition to our corporate headquarters in Florida, our consultants are located strategically around the United States including California and Metro DC. Dr. Betty Asher and I, along with our consultants and affiliates, bring both an understanding and awareness of the needs of higher education and an ability to reach out nationally and internationally to identify appropriate candidates. We have approximately 30 members of our team and they have completed over 2,000 searches with an estimated repeat client rate of 97% over 23 years. Each of our consultants works on an average of three searches at a time. This workload allows quality service for our clients. Our references speak to our highly personalized services 24/7.

As examples of quality results of our searches, we are proud to have recently provided to our clients' placements that included four National Academy members (one at an AAU institution and three at non-AAU institutions). Included in these four National Academy placements were a renowned medical doctor and a female dean of engineering. It is very difficult to recruit National Academy Members for universities that are not AAU. Even in the difficult national recruitment climate, which higher education is experiencing due to matters relating to retirements, the majority of our searches are continuing to close on schedule with our clients getting the candidate of their choice.

Our experiences partnering with Master's Large institutions similar to that of UNI is long and broad. We are proud of our 97% repeat customer rate. Within the Master's Large Institution category, we offer examples of institutions so pleased with our process and results on a first presidential search that years later they came back to us for a second presidential search: Edinboro University, Western Washington University, University of Mary Washington, and St. Cloud State University. We have also conducted successful presidential searches for a range of other Master's Large institutions, including Radford University, Chicago State University, Kutztown University, Austin Peay State University, Tennessee Technological University, University of Massachusetts Dartmouth, Suffolk University, James Madison University, Southeastern Louisiana University, West Chester University, Cabrini College, Florida Gulf Coast University, University of Texas Pan American, Winthrop University, Slippery Rock University, Appalachian State University, and Clarion University. For most of these institutions, we were then brought back to conduct provost and other senior level searches.

G/A&A has had a long history of search service for higher education institutions in Iowa. We have partnered with Iowa State University (three searches), University of Iowa (two searches with another

three in process), and Upper Iowa University (five searches). Thus, we are very knowledgeable of the laws in the State of Iowa relating to confidentiality of candidates and the Iowa Open Meetings and Open Records Acts.

We meet your qualifications by subscribing to the highest standards of integrity and principles of quality, diversity, equity and ethical practice. We are proud of our placements of women and leaders of color in more than 55% of our searches, which we believe to be a record among higher education search firms. Our team for this UNI presidential search will be deeply informed about the institution and the requirements of the position of president, and thus able to represent these to candidates.

Desiring to be your search partner, we can begin work on the search immediately and we are committed to exceeding your expectations. We are committed to abiding by all of your policies, including all security and confidentiality agreements. We would be pleased to present our services to you. Please do not hesitate to contact me at 202-746-6987 if you need further clarification on our submission.

Thank you for your consideration of our proposal. We would truly enjoy working with you to find the right individuals to be your next university leaders. A fact sheet on our company is enclosed for your review.

Sincerely,

A handwritten signature in cursive script that reads "Jan Greenwood".

Jan Greenwood, Ph.D.
President & Partner
Greenwood/Asher & Associates, Inc.

5.1.1 EXECUTIVE SUMMARY

You, our client is of utmost importance to us. We listen, we learn and we communicate in a forthright, honest and timely manner. Our responsibility is to bring you highly qualified candidates who match your expectations. We value your knowledge and your openness as together we prepare our recruiting strategies and consider the candidates.

Further, we have an equally important responsibility to candidates, prospects and sources on your behalf. We will communicate necessary and timely information to them and act with dignity and fairness at each step in the process.

G/A&A provides innovative and research-based solutions to clients. While tailored to each client our processes are proven in managing the search, we are a nimble firm, flexible in meeting client expectations and producing quality candidates who meet or exceed expectations.

We believe there are unique attributes that distinguish us as a leading higher education search firm.

- Decades of extensive experience with executive searches in public and private universities;
- Proven track record of 97% repeat business from clients;
- Appointment of a woman or person of color in over 55% of our searches (we believe this to be the best of all higher education search firms) (see section below);
- Searches that close with the client getting the candidate of first choice;
- Partnership model to work with you and to listen to all stakeholders so that the search is a collaborative process;
- Personalized attention from the G/A&A Partner or Principal who leads your search;
- Commitment to not accepting searches that could be viewed as competing with each other at the same time and for not recruiting our own placements;
- Methods and process that are efficient and effective, derived from research-based solutions and best practices of the executive search industry;
- Our tools customized to each client and not used by other firms (e.g. grids, questionnaires); we bring additional information to the committee to assess the candidates;
- Process that allows the search committee to reach agreement efficiently;
- Ability to reach prime candidates for this opportunity through our extensive database, networks and strategic outreach process;
- Cost effectiveness in fees, including measures to reduce expenses and increase effectiveness (e.g., video conferencing and technology support) and performing most administrative functions at our end;
- Ability to perform your requirements in four or five meetings;
- Reputation for accessibility to our clients at all times (e.g., we endeavor to respond to all emails and phone messages from the search committee chair and administration liaison within 24 hours, weekly updates to Search Chair, regular schedule of phone check-in calls); and
- Commitment to excellence in every engagement and to the highest level of professional conduct.

G/A&A philosophy and values of presidential searches

First, our key value is to serve your needs to achieve the most crucial hire in the life and structure of a higher education state system. We desire to serve your needs by working together in partnership with you, our client. We customize each search to situate our work within the culture of the institution, consistent with your organizational values and historical processes. We are a nimble firm, flexible in meeting client expectations. We value your knowledge and your openness as together we prepare our recruiting strategies and consider the candidates.

Second, we see a president search as part of a long-term engagement with an organization that will stand the test of time. Often we place a president and later are retained to search for members of the senior level administrative team and then to provide organizational and leadership development

support for transitioning of senior members of the team, facilitate retreats for the president's team and address other organizational and leadership development issues. Our 97% repeat client rate is evidence of our successful operationalization of this philosophy.

Third, we take very seriously our responsibility to bring you highly qualified candidates who match or exceed your expectations, including leaders who are women and underrepresented minorities of color and physical abilities. Evidence of fulfillment of this value is that our clients have appointed of a woman or person of color in over 55% of our searches, which we believe this to be the best of all higher education search firms.

Fourth, we take very seriously our code of ethics, relating to ourselves and the members of the search committee, as our manifestation of our important responsibility to candidates, prospects and sources on your behalf. We will communicate necessary and timely information to them and act with dignity and fairness at each step in the process. We go to great lengths to protect confidentiality of our candidates, prospects and sources within the laws of your state for executive searches.

Proposed approach

Our process is designed to be efficient and effective in helping clients arrive at the candidate of choice. We begin our outreach by segmenting the market to recruit a diverse prospect pool for consideration, which will include utilizing our databases and contacting reliable sources and organizations for recommendations. G/A&A has developed an effective strategy to identify and obtain qualified candidates, including minorities and women. Based on our experience with international and national searches, we have developed a large network of sources and contacts in the field who will provide nominations of highly qualified candidates. Our database is extensive. We believe that understanding client expectations is a major factor in success. This defines how we advertise the institution and position and how we reach out into the market. Our goal is to seek candidates who most completely meet the qualifications as determined by you. See section on Service for full details.

Our guarantees

- We have the employee capacity, time and resources to begin work immediately and to fulfill any contract that could emanate from this partnership.
- We do not recruit our placements, so you can be assured that we will not come back and raid these placements for other searches.
- We do not accept searches for opportunities that could be viewed as competing with each other at the same time.
- We will stay with you until the search is successful in the hiring of the candidate of your choice, including continuation of the search process at no additional fee, with the client paying only reimbursement for travel and administrative costs relating to the search process.

5.1.5 SCHEDULE/TIME COMMITMENT

Timeline:

Brief overview of the timetable (subject to availability of candidates and client):

* The timeline **can be modified** to meet the needs of the client.

Month 1	Search initiation and establishment of expectations
	↓
Month 2	Research, candidate development and candidate evaluation
	↓
Month 3	Candidate selection, negotiation and search completion

Phase I (Search initiation and establishment of expectations)

- Establish partnership and clarify expectations
- Conduct orientation to the search process
- Discuss application of best practices and search experience
- Establish schedule for the search
- Review client materials
- Discuss how the client wants the process to evolve, including involvement of other departments, such as Human Resources
- Gain consensus on the characteristics and skills desired in the candidate (e.g. based on the culture of the organization)
- Work with the client to design an evaluation checklist (required vs. desired characteristics)
- Meet with constituencies, as needed
- Revise profile with input from appropriate constituencies
- Clarify administrative tasks for the search (e.g. roles and responsibilities for each step of the process)
- Provide assistance with web site, as needed
- Design a communication plan, including a strategy for appropriately informing constituencies of the search process
- Develop advertisement(s) and determine placement
- Exchange information relevant to the search (e.g. important phone numbers)

Phase II (Research and candidate development)

- Develop strategies for the search to encompass a diverse pool of candidates
- Complete original research
- Contact sources and prospects
- Send information to prospects
- Develop communication systems to sources, prospects, and candidates (e.g. thank you letters)

Phase III (Candidate evaluation)

- Pre-qualify candidates
- Obtain resumes and additional materials
- Assess candidates' skills and experience against the profile

Phase IV (Candidate selection)

- Present market feedback report
- Prepare master list of active candidates
- Present and discuss candidates with the client
- Committee determines the client's top candidates to be invited to interview
- Sign off candidates not going forward
- Schedule interviews
- Prepare for and conduct interviews
- Committee determines semi-finalists from the first round of interviews
- Complete preliminary background checks
- Provide feedback on background checks
- Committee selects finalists

Phase V (Negotiation and search completion)

- Review candidate compensation and other considerations with the client
- Conduct final round of interviews
- Gain consensus on final candidate and the offer to be made
- Assist in negotiating final contract
- Confirm candidate acceptance
- Complete additional communications

Timeline Sample for a Search	
Timeline will be amended per academic calendar and availability of search committee members	
Timeline	Activity
July 29, 2016	Assume execution of contract to commence search process
July 29, 2016	Launch phone call with Search Chair to organize process.
August 5, 2016	Orientation & Start-Up Meeting: G/A&A meets with Search Committee; search process outlined and candidate expectations discussed.
Summer or Early Fall 2016	Conduct any forums or meetings with constituencies deemed desirable by the institution to gather information about candidate expectations. <i>Note: If forums are conducted in the first weeks of the fall academic term, then remainder of schedule would be adjusted accordingly.</i>
August 17, 2016	Meet with Search Chair and/or committee electronically or in person to discuss required and preferred qualifications and finalize position description, ad text, and ad plan
By August 22, 2016	Place advertisements to publicly announce search into marketplace. Nominations ought and recruiting conversations begin to be held.
September 30, 2016	Prospect Review Meeting: G/A&A presents the Search Committee with a list of prospects for consideration. The Committee selects candidates for preliminary review and discuss interview strategies (approximately one/two weeks prior to this meeting, each committee member reviews candidate files prior to meeting).
October 8-9, 2016	Round One/Neutral Site Interviews: Search Committee and G/A&A conduct interviews with leading candidates and select candidates for referencing; discuss referencing strategies.

Timeline Sample for a Search	
Timeline will be amended per academic calendar and availability of search committee members	
Timeline	Activity
October 21, 2016	Reference Feedback Meeting: By phone, video or in-person by G/A&A as choice of Search Committee
Week of November 3, 2016	Round Two/Campus Visit Interviews: Candidates visit campus to meet campus community in visit schedule specified by institution. Search Committee members may be actively involved in campus interviews, collecting and compiling campus feedback.
2-3 Days after Visit of Last Candidate	G/A&A and Search Committee Discussion and Recommendation Meeting: By phone, video or in-person by G/A&A as choice of Search Committee
By November 17, 2016	Make offer, negotiate contract, with assistance of G/A&A if desired
No later than November 30, 2016	Publicly announce new president
Date: _____, 2016	Appointment by January 1, 2017 or later as desired by candidate and Board

5.1.6 STAKEHOLDER INVOLVEMENT

APPROACH/METHODOLOGY:

Our approach will be customized to meet the specific needs of the University of Northern Iowa. We are a nimble firm and can be responsive to client needs at all times. Our general approach is as follows:

G/A&A will:

- Meet with the client to gather information and intelligence to customize executive search services. Dr. Greenwood or Dr. Asher will meet with relevant constituent groups in the first phase of any search. Clients have found these meetings particularly helpful as they establish a rapport, enhance the communication between stakeholders, and provide the community with a clear understanding of the University's mandates.
- Collaborate with the client to develop an overall search plan of action, timeline, recruitment materials, and design an interview and selection process, which will present the strengths, challenges, and opportunities of each candidate in order to secure the candidates who best match your criteria.
- Comment on, draft, or collaborate with the client regarding creation or updates to the position profile for any executive level positions.
- If needed, assist in determining how to advertise the position and with the placement of advertisements in international, national, and local papers and publications such as *The Chronicle of Higher Education*, *DIVERSE* (formerly *Black Issues in Higher Education*), *Hispanic Outlook in Higher Education*, *Women in Higher Education*, *The Chronicle of Philanthropy*, discipline specific venues and local newspapers.
- Actively recruit individuals who have a high probability of success in meeting the requirements specified in the position profiles for the executive level positions. Recruit a diverse prospect pool

for consideration, which will include using our databases and contacting reliable sources and organizations for recommendations.

- Screen applicants and nominees and provide supporting documentation of recruitment efforts, including overall market feedback and gender/diversity statistics. Track and manage prospect and candidate information throughout the search process and provide detailed background information on the candidates.
- Compare candidates within a customized matrix (via resume, additional information, and preliminary interviews) with stated characteristics and qualities listed in the position profiles.
- Conduct or assist the client in conducting background checks and coordinate reference checks on selected candidates.
- Provide technical, administrative, and logistical support for the search and interview process, site visits, final selection, contract negotiations, transition considerations, and follow-up. Drs. Greenwood and/or Asher will be available for timely consultation with the client regarding the search, work of the search firm, and the candidates.
- Utilize a specialized client feedback tool that measures client satisfaction. As part of this process, the client evaluates our work in all areas of the search on a four-point scale where 1 is the lowest and 4 is the highest. Our average rating is 3.90.
- Many conferences and meetings can be conducted via video conferencing. We have this capability in the corporate office and have used it successfully with other searches. We also have the capability to place information, including candidate files, on a password-protected website, which allows committee members to access them easily and quickly. Further, many of our clients are using electronic forms of communication as a vehicle for round one of interviews. This can be a significant cost savings to our clients and we have demonstrated success with this audio and video capability

Program plan

- We understand the importance of having the right person to fill positions. Our consultants have a history of 97% repeat business, searches that close with the client getting the candidate of first choice, and a process that allows the search committee (or other representative group) to reach agreement. Many of our client relationships are long-term.
- Drs. Greenwood and Asher will collaborate with the client throughout any searches, from the initial meetings through the recruitment, evaluation, and selection of successful candidates. We understand the unique challenges of search and are prepared to leverage our expertise throughout the process to meet the agreed-upon objectives. Based on our experience with international and national searches, we have developed a large network of sources and contacts that will provide nominations.
- G/A&A will provide master lists of candidates, weekly search updates, market feedback reports, reference reports, and other presentations as needed.
- Partners Drs. Greenwood and/or Asher will attend and direct any search at regularly scheduled meetings. The partners will coordinate with the client on communication strategies and will be able to provide advice on cost-effective ways to conduct a high quality search.

The partners will manage any search with the utmost professionalism. Examples of clients for whom G/A&A consultants have assisted in successfully completing executive level searches include the Systems/campuses of Georgia (including UGA), Mississippi, Maryland, and University of Texas (including UT Austin), and the campuses of University of Kentucky, University of Florida, Fordham

University, The Ohio State University, University of Virginia, and University of Alabama at Birmingham. This list of clients demonstrates our ability to work with search committees, administrators, and Boards in order to come up with a mutually agreeable plan that will be successful.

Milestones, activities, and deliverables

We will prepare deliverables in compliance with Hong Kong University of Science & Technology's requests. The following chart represents potential examples.

Milestones	Related Activities	Deliverables
Initiation of searches and establishment of expectations	Initial meetings with client	Agreement on position profiles, process, format, work plans, schedules, and budget for the searches
Organizational needs analysis	Forums conducted with stakeholders when needed	Agreement on institutional needs
Research and candidate development	Research and targeted outreach to candidates	Establishment of pools of viable candidates
Candidate evaluation: Determination of candidates to interview	Meetings to review prospects (long list)	Resumes and updates on other information gathered on candidates Market feedback report delivered
Candidates selected for first round of interviews	Logistics surrounding interviews and schedules	Advance agreement on list of interview questions and interview process
Semi-finalists candidates selected: Review of background information on the candidates	Coordination of reference checks as requested by client Coordination of background checks as requested by client	Client selects final candidates
Candidate selection: Final round of interviews	Logistics surrounding interview schedule Discussion of communication strategies Intervention regarding any candidate issues	Agreement on pools of acceptable finalists
Negotiation and completion of searches	Contract negotiations	Final candidate selected

6.0 PROFESSIONAL FEES/COST OF SERVICE:

Fees: Greenwood/Asher & Associates, Inc. is a retained executive search firm, which means we are dedicated to you as a client, to the success of your search, and to closure. Our commitment is to stay with you until you have selected a candidate of choice. We bill all fees over the first three months of the contract period.

Our service is based on one-third of the total first year's estimated cash compensation for the individual employed with a minimum fee of \$60,000, whichever is higher. Our fees are competitively based and industry standard. However, negotiable fee adjustments may occur as a result of further discussion.

Reflecting a strong interest in becoming your search partner, we offer options for your consideration.

- Fixed fees/flat fee
- Maximum amount or not to exceed overall amount
- Negotiated fees

Should other placements result from our search(es), a fee of 25% of the first year's compensation will be assessed based on those hired position(s).

Billing: We will bill the professional fees over the first three months of service. Expenses are billed as incurred. Invoices are due and payable upon presentation and will be presented monthly. The first third of the fee will be due upon signing the contract. We offer an "electronic payment" option in lieu of paper checks if this meets the needs of the client.

Indirect Expenses: We charge 12% of the fee for indirect expenses on the search for engagement and administrative assistance. These are difficult to track expenses such as research and internal administration, initial background checks, fax, postage, and photocopying for which there are no receipts.

Overview: All the searches are tailor-made to the needs of the client. We can assist the client in designing a budget for the entire search. Expenditures are based on client requests. The cost of the search will be the fee and indirect expenses plus expenses with receipts based on work requirements as directed by the client.

Greenwood/Asher Expenses: We bill all direct expenses with receipts separately for items such as travel, report reproduction, copying and supplies, research, express mail, and phone/video/telecommunications.

Client Expenses: Additional expenses are not included in G/A&A fees and indirect expenses. These can be invoiced through G/A&A, but are client expenses that are directed by client requests and include the following:

- **Candidates:** Most clients budget \$500-\$1,000 per person per trip. The client will have to decide how many candidates it wishes to see (e.g. five vs. ten) and should budget accordingly. The travel expenses are actual (with evidence of receipt). Some of our clients have a policy that caps daily hotel and food expenses and requires coach airfare. We are able to provide this type of detailed response and accounting if you prefer.
- **Advertisements:** These are not a requirement of the firm, but are placed based on the client's request.
- **Background checks:** Some clients prefer to do part of the background checks themselves, so this cost will vary based on the requirements of the client. We typically coordinate these services for our clients. The services may include degree verification, litigation search, driving record search and credit reports. In general, the cost for the background work (beyond the reference report that is included in the fee) is typically about \$650 per candidate for which the client wants to have reports. The number of candidates for which this verification is done will vary based on needs of clients. Some clients ask that credentials be verified on a single finalist, while others prefer having it done on all those invited for final interviews. We encourage our clients to hire a private investigator and/or conduct additional background work that may be unique to their situation. We recommend and coordinate the services of Mintz Group for criminal reviews. Our background work meets or exceeds the higher education search industry standard; however, we are not a private investigation firm. We can make recommendations for additional services if our clients believe they are needed.
- **Research:** As a part of due diligence, we conduct a review of newspapers for which there is a subscription fee.

APPENDIX I

BUILDING DIVERSE POOLS

G/A&A is committed to delving into a market that is as diverse as the client's position description allows; therefore, the client must consider the position description relative to the market that is available to meet the expectations. The client determines whom to interview and is the selector of the candidate of choice. We have built a reputation as being diversity-friendly. We are a women-owned firm with a diverse consulting team and work with national leadership groups advancing the careers of women and people of color. Our database is rich in minority and women sources and prospects. We have cultivated organizational partnerships with groups who cater to the needs and interests of minority candidates. We reach out to minority and women caucuses at professional societies in higher education for nominees, and make presentations to diverse groups aspiring to advance their careers. A strong, diverse, informal network is a critical part of any successful diversity recruitment effort.

We have developed a specialty area in the placement of university chief diversity officers and recently completed those searches for the University of Virginia, University of Minnesota, University of Michigan, University of Georgia, University of New Mexico, University of California, Berkeley, Susquehanna University, and University of Missouri at Kansas City. These officers are a source for diversity candidates. We have also successfully completed many searches for Hispanic Serving Institutions and Historically Black Colleges and Universities.

Our advertisements are included in publications that reach out to minority candidates.

Examples of diversity placements:

Examples of Diversity Placements Facilitated by G/A&A		
Institution	Position	Diversity Hire
Albany College of Pharmacy & Health Science	Provost	Dr. Tarun B. Patel
Albany State University	President	Dr. Everette Freeman
