

Home Base Iowa Postsecondary Education Reporting

Fulfilling the requirement stipulated under Iowa Code, Section 261.9(1)(i), for private and independent colleges and universities; Iowa Code, Section 262.9, subsection I, for public universities; and Iowa Code, Section 260C.14, for community colleges.

Prepared by the Iowa Department of Education, Division of Community Colleges and Workforce Preparation, on behalf of the Iowa Coordinating Council for Post-High School Education (ICCPHSE)—November 2016

Background

The Home Base Iowa (HBI) initiative is intended to help veterans make a smooth transition to civilian life in Iowa. Iowa's higher education community is supporting the effort by recruiting veterans, ensuring appropriate credit is awarded for military education and experience, and providing campus veteran support services. More details about the Home Base Iowa initiative can be found at: <https://www.homebaseiowa.gov/>.

All public postsecondary institutions and Iowa Tuition Grant (ITG)-eligible private and independent colleges must participate in Home Base Iowa Postsecondary Education Reporting, per Iowa Code, Section 261.9(1)(i), for private and independent colleges and universities; Iowa Code, Section 262.9, Subsection I, for public universities; and Iowa Code, Section 260C.14, for community colleges, if they plan to remain eligible as ITG institutions.

Iowa Code, Sections 261.9(1)(i), 262.9, Subsection I, and 260C.14 were amended to include the following:

Beginning December 15, 2015, annually file a report with the governor and the general assembly providing information and statistics for the previous five academic years on the number of students who are veterans per year who received education credit for military education, training, and service, that number as a percentage of veterans known to be enrolled at the institution, the average number of credits received by students, and the average number of credits applied towards the award or completion of a course of instruction, postsecondary diploma, degree, or other evidences of distinction.

The HBI Education Working Group, which includes representatives from community colleges, public universities, and private and independent colleges, recommended a broader definition of veteran for reporting purposes. The recommended definition was proposed as a bill in the 2014 Iowa Legislative Session. The bill was adopted as an amendment to Iowa Code, Title I, Chapter 35, Section 1, by including the following:

For purposes of this subsection, "veteran" means a veteran as defined in section 35.1 or member of the Reserve Forces or National Guard who have served at least one year of their commitment and are eligible for or exhausted federal veterans education benefits under 38 U.S.C. Chapters 30, 32, 33, or 36 or 10 U.S.C. Chapters 1606 or 1607.

The updated definition for veteran, as amended in Iowa Code, Section 35.1, is present in Appendix A. With the above amendment adopted into law (Senate File 303), all public postsecondary institutions and ITG-eligible private and independent colleges were mandated to collect and report aggregate data prior to October 1, 2015, for five fiscal years (i.e., fiscal years 2011-2015).

Data Collection and Reporting

All Iowa public postsecondary institutions and ITG-eligible private and independent colleges were all sent guidance and were asked to use a data reporting template for the five-year period initially (2010 to 2015). This year, they were asked to provide data pertaining to only fiscal year 2016 in the same format. The five questions were as follows:

1. What is the number of first-time ever enrolled (post-high school graduation) and verified **veteran undergraduate students** at your institution (this will be the main cohort)?
2. Continuing with main cohort from #1, what is the total **number of veteran undergraduate students who received transcribed credits** (by the end of first-term ever enrolled, post-high school) for military training, service, or education (this becomes the sub-cohort)?
3. Using sub-cohort from #2, what is the **average number of total credits** applied to the student's first-time enrolled for military training, service, or experience?
4. What is the average number of **military credits applied toward the first intended major** of an academic credential? Applied credits are defined as credits that meet major/degree program requirements.
5. What is the **total number of veterans** served through credit enrollment* in fiscal year 2016 (**do not include veteran spouse or family members**). This may include additional students not counted in the main cohort?

*Some institutions have non-credit enrollment.

It should be noted measuring military credits against a first-intended major/degree may not be the best measurement when considering both community colleges and four-year colleges and universities. Both provide students with a different focus and intent when applying military credits. Often times, a student may enter with a particular degree intent, then change their focus after a couple of semesters; this may change how military credits are applied toward a degree. Further, veterans enter colleges at different times in their lives, depending on the length of their service in the military.

Moreover, like all other students, the goals of military students may change from the time they enter the institution, as they complete courses within programs and majors, and by the time they leave the institutions after meeting their education goals, which may include either completing an academic credential or simply to enhance skills in order to reenter the workforce. The HBI Education Working Group discussed these and other issues before arriving at the above five questions in order to provide institutions a common framework and template for collecting and reporting data on veterans/military students. Appendix B reports in the aggregate by all Iowa public postsecondary institutions and ITG-eligible private and independent colleges the number of veterans for each of the above questions for fiscal 2012 to fiscal year 2016 (noting that question #5 above is answered only for fiscal years 2015 and 2016).

The tables on page 3 summarizes the data by institution type for each of the above five questions, and for the number of veterans who received credit for military education, training, and service, expressed as a percentage of veterans known to be enrolled at the institution.

Appendix A: Iowa Code, Section 35.1: Definition of Veteran

35.1 DEFINITIONS.

As used in this chapter and chapters 35A through 35D:

1. "*Department*" means the Iowa department of veterans affairs created in section 35A.4.
2. a. "*Veteran*" means a resident of this state who served in the armed forces of the United States at any time during the following dates and who was discharged under honorable conditions:

- (1) World War I from April 6, 1917, through November 11, 1918.
- (2) Occupation of Germany from November 12, 1918, through July 11, 1923.
- (3) American expeditionary forces in Siberia from November 12, 1918, through April 30, 1920.
- (4) Second Haitian suppression of insurrections from 1919 through 1920.
- (5) Second Nicaragua campaign with marines or navy in Nicaragua or on combatant ships from 1926 through 1933.
- (6) Yangtze service with navy and marines in Shanghai or in the Yangtze valley from 1926 through 1927 and 1930 through 1932.
- (7) China service with navy and marines from 1937 through 1939.
- (8) World War II from December 7, 1941, through December 31, 1946.
- (9) Korean Conflict from June 25, 1950, through January 31, 1955.
- (10) Vietnam Conflict from February 28, 1961, through May 7, 1975.
- (11) Lebanon or Grenada service from August 24, 1982, through July 31, 1984.
- (12) Panama service from December 20, 1989, through January 31, 1990.
- (13) Persian Gulf Conflict from August 2, 1990, through the date the president or the Congress of the United States declares a cessation of hostilities. However, if the United States Congress enacts a date different from August 2, 1990, as the beginning of the Persian Gulf Conflict for purposes of determining whether a veteran is entitled to receive military benefits as a veteran of the Persian Gulf Conflict, that date shall be substituted for August 2, 1990.

b. "*Veteran*" includes the following persons:

(1) Former members of the reserve forces of the United States who served at least twenty years in the reserve forces and who were discharged under honorable conditions. However, a member of the reserve forces of the United States who completed a minimum aggregate of ninety days of active federal service, other than training, and was discharged under honorable conditions, or was retired under Title X of the United States Code shall be included as a veteran.

(2) Former members of the Iowa National Guard who served at least twenty years in the Iowa National Guard and who were discharged under honorable conditions. However, a member of the Iowa National Guard who was activated for federal duty, other than training, for a minimum aggregate of ninety days, and was discharged under honorable conditions or was retired under Title X of the United States Code shall be included as a veteran.

(3) Former members of the active, oceangoing merchant marines who served during World War II at any time between December 7, 1941, and December 31, 1946, both dates inclusive, who were discharged under honorable conditions.

(4) Former members of the women's air force service pilots and other persons who have been conferred veterans status based on their civilian duties during World War II in accordance with federal Pub. L. No. 95-202, 38 U.S.C. § 106.

(5) Former members of the armed forces of the United States if any portion of their term of enlistment would have occurred within the time period specified in paragraph "a", subparagraph (9), but who instead opted to serve five years in the reserve forces of the United States, as allowed by federal law, and who were discharged under honorable conditions.

(6) Members of the reserve forces of the United States who have served at least twenty years in the reserve forces and who continue to serve in the reserve forces.

(7) Members of the Iowa National Guard who have served at least twenty years in the Iowa National Guard and who continue to serve in the Iowa National Guard.
