The ICCPHSE is a voluntary coordinating group composed of CEOs and trustees of public and independent colleges and universities in Iowa, the College Student Aid Commission, the Iowa Department of Education and Iowa Public Television.

New Programs
Received

The ICCPHSE received reports on various new program requests that had been distributed on the ICCPHSE's list serve for new programs. A list of these programs is provided in an attachment to this memorandum (page 3).

Substance Abuse
Committee
Established

The Council established a Committee on "Substance Abuse" to develop recommendations for the ICCPHSE on student substance abuse.

Concerns raised were:

- Binge drinking
- Use of illegal drugs

It was felt that a coordinated effort might be helpful in reducing this problem. Initial effort will focus on binge drinking.

Economic
Development
Activities

The ICCPHSE Executive Committee was requested to develop a charge for the Council regarding an economic development effort to coordinate economic development activities between the various sectors. This will be an 8-9 month effort to develop recommendations on how the sectors can work together. Consideration will also be given to developing an aggregate economic impact statement.

Educational
Roundtable

Ted Stilwill, Director of the Iowa Department of Education, and Gregory Nichols, Executive Director of the Board of Regents, State of Iowa, discussed the need for greater coordination and collaboration in the various stages of transition from birth through employment.
