

MEMORANDUM

To: Board of Regents
From: Board Office
Subject: Final Approval of Miscellaneous Fees and Charges
Date: April 8, 2002

Recommended Actions:

1. Approve the proposed miscellaneous fees and charges for 2002-2003 as shown on Attachment A.
 2. Approve the proposed changes to the Iowa Administrative rules to increase Iowa State University's and the University of Northern Iowa's application fees from \$20 to \$30 for domestic student applications.
-

Executive Summary:

In accordance with the Regent Policy Manual, the Board reviews miscellaneous fees and charges for the coming academic year after it has acted upon tuition rates in the fall of each year. The Board has authority to set institutional or college-wide fees over \$1 per semester and all department fees over \$10 per semester.

Miscellaneous fees include both tuition-related and non-tuition-related fees. Tuition-related fees were approved in November 2001 with tuition and mandatory fees.

Proposed Fees Unchanged	This month, the Board is requested to approve the non-tuition related fees, which are unchanged from those presented at the March meeting.
Non-Tuition Related	Non-tuition related fees include a variety of items ranging from course delivery fees to private music lessons. In each category, students pay only for miscellaneous fees and charges that apply to them, with variances in type and amount dependent on each student's program, needs, and interests.
SUI Fees	The University of Iowa requests five new fees for FY 2003, increases in 21 fees ranging from \$1 to \$175, and two decreases in fees.
ISU Fees	Iowa State University requests two new fees for FY 2003, increases in 13 fees ranging from \$1 to \$50 and decreases in three fees.
UNI Fees	The University of Northern Iowa University requests 11 new fees for FY 2003, increases in 12 fees ranging from \$1 to \$100 and decreases in six fees.

Student
Notification

Iowa Code §262.9 (18) requires notification to students 30 days prior to action by the Board to increase tuition, charges and fees at the Regent universities. The student government offices at each of the Regent universities received written notification of the proposed increases and a copy of the March 2002 docket memorandum on March 5, 2002.

Miscellaneous fees and charges reported in this memorandum do not include:

- Regent-wide mandatory student fees approved by the Board in November with tuition rates;
- Student fees developed by each university in consultation with its students and brought to the Board for approval in May as part of designated tuition; and
- Course fees for payment of materials used, fees that represent returnable deposits, fees assessed for damage or breakage by individual students, and fees assessed to pay for services external to the university (e.g., fraternity/sorority fees).

An alphabetical listing of miscellaneous fees and charges for each university is presented in Attachment A starting on page 12.

Strategic Plan:

Review and approval of miscellaneous fees and charges is consistent with the Board's strategic plan to provide effective stewardship of institutional resources (4.0.0.0) while advocating for resources needed to provide access to educational, research, and service opportunities (2.0.0.0).

Background:

Authority

Iowa Code §262.9(18) and Regent Policy Manual §7.24A require that the Board review and approve miscellaneous fees and charges annually after acting upon tuition rates for the coming academic year.

Application fees must also be modified through the Iowa Administrative rules process. Both Iowa State University and the University of Northern Iowa are proposing to increase application fees from \$20 to \$30 for domestic student applications. The University of Iowa current domestic student application fee is \$30 (increased in 1998).

Analysis:

University of Iowa

NEW FEES The University of Iowa requests the addition of the following new non-tuition-related fees:

	<u>Proposed FY 2003</u>
Deferred Billing Administrative Fee (summer)	\$15
Financial Aid Account Receivable Reissue Check	10
Graduation Fee	15
Registration Fees (Drop-add) – Day 16 onward	16
Thesis Fee – Masters	100

Deferred Billing (summer) SUI is proposing a change in the summer billing procedure that would allow students to spread tuition over two payments. A summer deferred billing charge would be consistent with billing procedures during the academic year and would give students the opportunity to pay their summer bill in two equal installments instead of a single installment.

Reissue Check There are high administrative costs to stop payment and reissue financial aid and accounts receivable refund checks. This fee would defray University costs in providing this service to students.

Graduation Each degree application requires clerical processing as well as a careful review of the student's academic record. Costs for personnel and mailings to process the applications continue to increase. A graduation fee would defray some of the costs.

Registration (Drop/Add) The new drop add structure reduces the number of free days to drop and add courses from 10 down to 5. Starting with day 16 of the semester, a \$16 charge for dropping and adding courses is proposed.

The \$16 fee after the 15th day of the course should motivate students to make decisions regarding their final schedule at an earlier time during the semester. Waivers may be made for an extenuating circumstance.

Thesis The University proposes a new Masters thesis fee. This fee would be used by the Graduate College to support the staff that are critical in providing thesis-related student services. This fee is comparable to the Ph.D. and Doctorate of Musical Arts (DMA) thesis fees and the DMA essay fee.

INCREASED / The University of Iowa requests the following adjustments to existing non-
DECREASED FEES tuition-related fees:

	<u>Actual FY 2002</u>	<u>Proposed FY 2003</u>	<u>Dollar Change</u>	<u>Percent Change</u>
Course Delivery Fee				
Off-campus MBA Instruction (per credit)	\$91	\$69	-\$22	-24.2%
RN to BSN Completion (per credit)	43	51	8	18.6%
Dentistry Fees (DDS Students)				
ADA Dues	40	45	5	12.5%
Instrument Management System				
First Year – Class of 2003	4,750	4,925	175	3.7%

Thesis Fees – PhD, DMA	75	175	50	133.3%
Transcript – First and Additional copies	6	7	1	16.7%
Transcripts				
Surcharge for Rush copies	\$2	\$-	-\$2	delete

Course Delivery - The University proposes to reduce the off-campus MBA course delivery fee
MBA due to competitive market conditions. The College wants to remain price
 competitive for this professional degree program and continue to encourage
 employers to support the educational aspirations of their employees. The
 University believes this action will help accomplish that objective while
 continuing to meet the costs of delivering a quality MBA experience.

Course Delivery - The University proposes an increase in the RN to BSN completion program
RN to BSN fee to help cover the additional costs of running the completion program. The
 original intent of the fee was to enable the program to be self-supporting. The
 current resident tuition and fee do not provide sufficient revenue to cover the
 cost of running the program. This increase will help put the program on a
 self-supporting basis.

Dentistry	The University proposes to increase fees due to increased costs associated with the operation of College of Dentistry instrumentation and central sterilization service and facilities. An increase in the lab supplies for DDS students is due to increased costs associated primarily with the new simulation clinic. The clinic has greatly expanded dental procedure opportunities for the dental students with a corresponding increase in use of clinical supplies by each student. The increase in the American Dental Association (ADA) dues is a pass through of the fee.
Deferred Billing Charge (spring and fall)	The University proposes to increase deferred billing fees. Deferred billing is an attractive option for students and their families, enabling them to spread tuition payments over a longer period of time. The proposed \$5 increase per semester is the first increase since the fee was initiated in 1994.
Diploma Replacement	The University proposes to increase the fee for a replacement diploma which has not been increased since 1980. It is a labor-intensive task to replace a diploma including checking the student's academic record and verifying the authenticity of the request. The diploma is the main credentialing document for international students and therefore the request for additional diplomas has increased greatly. The fee increase would help to offset the cost of providing this service.
Essay—(DMA)	The University proposes to increase the essay fee for Doctorate of Musical Arts. This fee would be returned to the Graduate College to be used specifically to support the staff who are critical in providing these services. The review process for these essays is equivalent to dissertations.
Fax	This is the first increase in the Fax fee since it was initiated in 1991.
ID Card Replacement	The ID card replacement fee has not been increased since 1996, while the costs for providing this service continue to grow.
Orientation Services	This is the third year of a three-year request (\$15 increments) to cover the program cost. The University proposes an additional \$20 increase to reduce the General University subsidy of this program.
Registration (Drop/Add)	<p>The new drop add structure reduces the number of free days to drop and add from 10 down to 5, and increases the charge to do so from \$5 to \$8 for days 6-15 of the semester.</p> <p>The charge for dropping and adding courses has not changed since 1993 when it was revised downward. While students need some time at the beginning of the semester to fine-tune their schedules, faculty feel instruction would benefit if classes were more settled at an earlier stage. Waivers may be made for extenuating circumstance.</p>
Late	Enrolling in a class after the deadline date is never academically desirable. The \$20 late fee has not increased since the fee was initiated in the fall of 1988. Waivers may be made for extenuating circumstances.
Reinstatement	Students who have been delinquent in paying their university bills as well as students who have written checks with insufficient funds to the University incur reinstatement fees. The reinstatement fee was last increased in 1992. Waivers may be made for extenuating circumstances.

Study Abroad	The proposed increases for participants in study abroad programs would allow continued growth in study abroad staff and services as the number of University of Iowa students participating in study abroad programs increases. At these fee levels, the Office for Study Abroad will be able to meet the target indicators in the strategic plans developed by the University of Iowa.
Thesis – Ph.D. and DMA	The University proposes to increase the Ph.D. and DMA thesis fees to support the staff who are critical in providing thesis-related student services. In addition, this fee will support microfilming, copyrighting of dissertations, mailing and insurance, and binding charges.
Transcript	The transcript fee was last increased in May 2000. This increase will help defer cost increases in salaries and supplies.
Transcript Surcharge	The premium charged for rush copies is being eliminated. By modifying some internal procedures, SUI has been able to offer students transcripts while they wait with no additional cost or charge to the student.

Iowa State University

NEW FEES	Iowa State University requests the addition of the following new non-tuition-related fees:								
	<table border="0"> <tr> <td></td> <td style="text-align: right;">Proposed</td> </tr> <tr> <td></td> <td style="text-align: right;"><u>FY 2003</u></td> </tr> <tr> <td style="padding-left: 40px;">Deferred Billing Administrative Fee (summer)</td> <td style="text-align: right;">\$15</td> </tr> <tr> <td style="padding-left: 40px;">Veterinary Medicine – Career Services</td> <td style="text-align: right;">20</td> </tr> </table>		Proposed		<u>FY 2003</u>	Deferred Billing Administrative Fee (summer)	\$15	Veterinary Medicine – Career Services	20
	Proposed								
	<u>FY 2003</u>								
Deferred Billing Administrative Fee (summer)	\$15								
Veterinary Medicine – Career Services	20								
Deferred Billing - Summer	The University proposes to add a deferred billing fee for the summer term. This fee has not previously been assessed for summer term. The addition of the summer fee would assist in defraying the cost of data processing, mailing and staff time.								
Veterinary Medicine – Career Services	The University proposes to add a career services fee for students in the College of Veterinary Medicine. This one-time fee of \$20 will cover expenses such as resume development and referral, web site placements, on-campus interviews, and automatic messaging.								

INCREASED / Iowa State University requests the following adjustments to existing non-
DECREASED FEES tuition-related fees:

	Actual FY 2002	Proposed FY 2003	Dollar Change	Percent Change
Application Fee	\$20	\$30	\$10	50.0%
Convenience Fee	5	-	-5	delete
Deferred Billing Administrative Fee	15	20	5	33.3%
Developmental Courses	260	308	48	18.5%
Diploma Replacement Fee	10	20	10	100.0%
Fax Fee	5	7	2	40.0%
Graduation Fee	15	20	5	33.3%
ID Card Replacement	15	20	5	33.3%
Installment Payment Plan	40	50	10	25.0%
New Student Programs/Matriculation Fee	105	131	26	24.8%
Registration Fees				
Change Day 6 of classes and later	5	8	3	60.0%
Study Abroad Administrative	50	95	45	90.0%
Thesis Fee				
Doctoral	100	70	-30	-30.0%
Masters	50	15	-35	-70.0%
Transcripts (first and additional copies)	6	7	1	16.7%
Veterinary Medicine Advance Payment	250	300	50	20.0%

Application The University proposes to increase the domestic undergraduate application fee that was last increased in 1988. The revenue raised will be used to continue improving workflow processes associated with the application process through the use of improved technology. Additionally, the proposed increase would assist in defraying the costs associated with an increased reliance on electronic processes and site license renewals.

Convenience Delete the current fee and replace it with a “percent of sales convenience fee” (approximately 3%) charged by a third party processor for interactive voice response payments. With this change, the University will not charge and collect a convenience fee. Instead students will be charged a fee by the third party processor based upon the amount of their transaction. This fee will be a percentage of the total sale.

Deferred Billing Administrative The University proposes to increase the deferred billing fee for fall and spring semesters. The deferred billing fee has not increased since 1994 but the cost of providing students with the option to spread their payments over three installments has increased. The proposed increase would assist in defraying the cost of data processing, mailing and staff time.

Developmental Courses The University proposes to increase the Developmental Mathematics fee to cover the cost of the remedial math courses in high school algebra and geometry. These courses are offered as a convenience for students who were not adequately prepared in mathematics in high school and do not generate credit toward meeting graduation requirements.

Diploma Replacement The University proposes to increase the diploma replacement fee to cover the increased costs associated with diploma production and postage.

Fax The University proposes to increase the fax fee due to rising costs of materials and personnel.

Graduation	The University proposes to increase the graduation fee to defray costs associated with improved commencement ceremonies such as music, announcers, college banners, and staging.
ID Card Replacement	The University proposes to increase the fee for replacing a lost or misplaced identification card. All students receive their first student identification card free of charge. This increase will cover the cost of replacement, which includes the cost of materials, processing, and personnel associated with the replacement process.
Installment Payment Plan	The University proposes to increase the fee for the installment payment plan, which is competitive in relation to other institutional/third party installment plans. A recent evaluation of the installment payment plan showed that more time was spent than anticipated in counseling both parents and students in setting up plans for individual needs. This proposed increase would cover additional costs associated with printing materials, mailing the bill, and processing the payments.
New Student Programs/ Matriculation	<p>The University proposes to increase the new student programs/matriculation fee. Given the timing associated with applicants accepting their offer of admission, the increase will be effective for those students entering in the summer term of 2003.</p> <p>Since the inception of new student days three years ago, the program has been heavily subsidized by annual contributions of over \$40,000 each from both the Office of the Vice President for Student Affairs and the Office of the Vice Provost for Undergraduate Programs. This year's subsidy will total \$96,184.</p> <p>The current budget situation will likely lead to the withdrawal of this financial support, therefore the Destination Iowa State (formerly new student days) program must become self-supporting. The proposed increase will enable expenses to be covered, thus allowing Enrollment Services to continue to provide and improve service to new and prospective students and their families.</p>
Registration Change	The University proposes to increase the registration change fee to defray costs associated with improving web registration and schedule change services. The fee was last changed in 1975.
Study Abroad Administrative	The University proposes to increase the study abroad administrative fee due to the budget shortfall that this office incurred during FY 2002. This administrative fee is assessed to students participating in Iowa State sponsored "group study abroad" programs. This fee is in addition to the study abroad program fee. It covers various administrative costs associated with these programs, such as registration and special processing.
Thesis	The University proposes to reduce the thesis fee for master's students and Ph.D. students. Currently, the fee is used to fund the salary of a thesis examiner and to cover thesis office expenses. This proposed reduction in fee is made possible by new tuition monies directed to the Graduate College.
Transcripts	The University proposes to increase the transcript fee. This increase is requested due to rising costs of materials and personnel.
Veterinary Medicine Advance Payment	The College of Veterinary Medicine proposes an increase in the non-refundable Veterinary Medicine Advance Payment fee. To reduce the incidence of late withdrawals, admitted students are assessed a non-refundable payment toward tuition.

University of Northern Iowa

NEW FEES The University of Northern Iowa requests the addition of the following new non-tuition-related fees:

	<u>Proposed FY 2003</u>
Deferred Billing Administrative Fee (summer)	\$15
Graduation Fee	15
Placement Services	
Business and Liberal Arts Alumni User Fee	20
Education	
Credentials (per set)	5
Credentials (per set of ten)	25
Registration Change Drop Day 1-5	8
Student Teaching Fee	25
Study Abroad	
Academic Year	400
Non UNI Sponsored Program Participants	100
One Semester	300
Summer Session	125

Deferred Billing Administrative - Summer The University proposes to add a new deferred billing fee for summer. Deferred billing has just recently been added as an option for summer sessions, and therefore the need exists to cover the expenses associated with this service.

Graduation The University proposes a new fee to offer commencement ceremonies that meet the expectations of students and their families.

Placement Services The University proposes several changes to placement fees including the elimination of some, increases for others, and the addition of new fees to establish uniform user fees across academic disciplines and uniform credential fees. The new fees the University is proposing include a Business & Liberal Arts Alumni User Fee and fees for Education Credentials.

Registration Change The University proposes a new fee to drop a course from day 1 to day 5. The goal is to encourage students to drop courses earlier so that other students may add the available course.

Student Teaching The University proposes a new fee to fund an increase in compensation to those master teachers who supervise student teachers.

Study Abroad The University proposes to add new study abroad fees to cover costs such as telephone, postage, printing, copying, advertising, personnel expenses and program development.

INCREASED / DECREASED FEES The University of Northern Iowa requests the following adjustments to existing non-tuition-related fees:

	Actual FY 2002	Proposed FY 2003	Dollar Change	Percent Change
Application Fee	\$20	\$30	\$10	50.0%
Career Service Fee				
Alumni Career Consulting Services	\$30	-	-\$30	delete
Deferred Billing Administrative Fee	15	20	5	33.3%
Diploma Replacement Fee	10	20	10	100.0%
Fax Fee	5	7	2	40.0%
Orientation Services	45	60	15	33.3%
Placement Services				
One set of credentials (active application)	3	-	-3	delete
One set of credentials (inactive application)	5	-	-5	delete
Ten sets of credentials	30	-	-30	delete
Education				
Alumni user fee	45	20	-25	-55.6%
Liberal Arts				
Alumni user fee (3 months)	45	-	-45	delete
Price Laboratory School (annual rates)				
Driver Education Course Fees				
Price School Student	135	150	15	11.1%
Non-Price School Student	210	250	40	19.0%
K-12 Fee	200	240	40	20.0%
Nursery Fee	800	900	100	12.5%
Registration Change Drop day 6 on	5	16	11	220.0%
Restricted Enrollment Fee	20	25	5	25.0%
Transcripts – First and additional copies	6	7	1	15.7%

- Application The University proposes to increase the domestic application fee, a common fee associated with the filing of an application for admission.
- Career Service The University proposes to eliminate this fee in the process of establishing uniform placement services fees across academic disciplines.
- Deferred Billing Administrative The University proposes to increase the deferred billing administration fee to cover increased cost in administering the program. This fee enables a student to pay their bill in installments.
- Diploma Replacement The University proposes to increase this fee due to increased personnel and material costs associated with replacing lost diplomas.
- Fax The University proposes to increase the Fax fee to cover the cost to the institution of faxing documents for students. The requests by students to have multiple page documents faxed have substantially increased in recent years.
- Orientation Services The University proposes an increase in the orientation services fee to provide for increased personnel and programming costs associated with orientation services for new first year and transfer students.
