

MEMORANDUM

To: Board of Regents
From: Board Office
Subject: Final Approval of Non-Tuition-Related Miscellaneous Fees and Charges
Date: March 31, 2003

Recommended Actions:

Approve:

1. Changes to miscellaneous fees and charges for 2002-2003 as shown in Attachment A beginning on page 10.
 2. Revisions to the administrative rules and submission of a Notice of Intended Action regarding university graduate application fees for ISU.
 3. Recommended combined MBA fees as listed on page 3.
-

Executive Summary:

Miscellaneous fees include both tuition-related and non-tuition-related fees. Most tuition-related fees were approved in November 2002 with tuition and mandatory fees.

Fees Unchanged	This month, the Board is requested to approve the non-tuition related fees, which are unchanged from those presented at the March meeting.
Non-Tuition Related Fees	Non-tuition related fees include a variety of items ranging from course delivery fees to private music lessons. In each category, students pay only for miscellaneous fees and charges that apply to them, with variances in type and amount dependent on each student's program, needs, and interests.
SUI	The University of Iowa requests four new fees for FY 2004, increases in seven fees ranging from \$1 to \$100, and the elimination of three fees.
ISU	Iowa State University requests one new fee for FY 2004, increases in five fees ranging from \$1 to \$54, and the elimination of nine fees.
UNI	The University of Northern Iowa University requests two new fees for FY 2004, increases in 16 fees ranging from \$1 to \$104, and the elimination of three fees.
Requested Information	At its March meeting, the Board requested information on total costs for three programs at the University of Iowa: Education, Pharmacy, and Dentistry. Total costs for these programs may be found in Attachment B on page 17.
MBA Fees	The changes to the proposed combined MBA fees are explained on page 3.

Student
Notification

Iowa Code requires notification to students 30 days prior to action by the Board to increase tuition, charges and fees at the Regent universities. The student government offices at each of the Regent universities received written notification of the proposed increases and a copy of the March 2003 docket memorandum on March 6, 2002.

Miscellaneous fees and charges reported in this memorandum do not include:

- Regent-wide mandatory student fees approved by the Board in November with tuition rates;
- Student fees developed by each university in consultation with its students and brought to the Board for approval in May as part of designated tuition; and
- Course fees for payment of materials used, fees that represent returnable deposits, fees assessed for damage or breakage by individual students, and fees assessed to pay for services external to the university (e.g., fraternity / sorority fees).

An alphabetical listing of miscellaneous fees and charges for each university is presented in Attachment A starting on page 10.

Strategic Plan:

Review and approval of miscellaneous fees and charges is consistent with the Board's strategic plan to provide effective stewardship of institutional resources (4.0.0.0) while advocating for resources needed to provide access to educational, research, and service opportunities (2.0.0.0).

Background:

Authority

Iowa Code §262.9(18) and Regent Policy Manual §8.04 require that the Board review and approve miscellaneous fees and charges annually after acting upon tuition rates for the coming academic year.

Changes to the ISU graduate application fees must also be modified through the administrative rules process.

In accordance with the Regent Policy Manual, the Board reviews miscellaneous fees and charges for the coming academic year after it has acted upon tuition rates in the fall of each year. The Board has authority to set institutional or college-wide fees over \$1 per semester and all department fees over \$10 per semester.

MBA Related
Issues

In November, the Board approved the 2003-2004 academic year Extension/Continuing Education fee of \$280 on a per credit hour basis for graduate level courses. That was an increase of \$44.

As reported to the Board during the March meeting, the Extension Course/Continuing Education fees for the MBA program normally had been modified at the time of the tuition discussion in the fall. The MBA program fees were based on a combination of a tuition-related amount plus delivery fees on a per credit hour basis. For the 2002-2003 academic year, the MBA rate was \$318. Last month, an attempt was made to split the two components of the MBA fee, which prompted concerns at the universities.

In March, the Board was requested to consider an increase in the delivery component of the MBA fee from \$74 to \$85 per credit hour. As reported to the Board in March, the combined MBA tuition and delivery costs for the 2003-2004 academic year would be \$365 per credit hour.

The University of Iowa, other than its full time MBA program, only offers part-time MBA program courses off campus. In previous years, the Board had approved an additional delivery fee for SUI's MBA off-campus courses.

The Board Office is recommending that the following combined MBA fees be approved and that future consideration of MBA fees be during the tuition discussions in the fall.

Proposed MBA Fees for the 2003-2004 Academic Year

Extension Courses/Continuing Education MBA Program (per credit)	SUI	ISU	UNI
	\$409	\$365	\$365

This action would supersede previous Board action on part-time tuition related to the SUI MBA Program.

Analysis:

University of Iowa

NEW FEES The University of Iowa requests approval for the following new non-tuition-related fees:

	<u>Proposed FY</u> <u>2004</u>
Admission / Tuition Deposit	
College of Law (JD – Second deposit June 1)	\$150
College of Pharmacy (PharmD)	\$250
College of Education e-Portfolio (per selected course)	\$20
Registration Fees/Automated Change-day 6 onward (effective 8-1-03)	\$10

Admission / Tuition Deposit Establishes non-refundable payments toward tuition to reduce late student withdrawals in the Colleges of Law and Pharmacy. These deposits are credited toward tuition upon entering the programs.

- The College of Law proposes to establish a second deposit of \$150 (due June 1.) The College currently charges a \$250 deposit (due April 1.) This second deposit is common practice among the University's peer institutions to address enrollment management concerns.
- The College of Pharmacy proposes to establish a \$250 deposit beginning with the fall 2003 PharmD entering class.

College of Education Establishes a new \$20 fee per course (not per credit) to students enrolled in core courses in teacher education. The fee applies to 21 different courses. Students will pay the fee for four courses in year three (\$80 total) and for five courses in year four (\$100 total). A list of the courses for which ePortfolio charges apply may be found in Attachment C on page 18.

- Revenues will be used to maintain and enhance ePortfolio, and cover the incidental costs associated with finger-printing, criminal background checks, and standardized testing, all of which are mandated by the State Department of Education.
- ePortfolio is a web-based project that enables students to demonstrate their competency and display their work on web sites that the College provides and helps them design. The ePortfolio project is open only to teacher education students.
- The ePortfolio project will be ready for full implementation in Fall 2003.
- The ePortfolio project is widely cited across the state and across much of the country as one of the freshest and most intelligent efforts to manage the state's new performance mandate.

Registration Fees Establishes one automated fee for course registration changes. The new process will be on-line and is not anticipated to generate additional revenue.

INCREASED /
DECREASED FEES

The University of Iowa requests approval for the following adjustments to existing non-tuition-related fees:

	Actual FY 2003	Proposed FY 2004	Dollar Change	Percent Change
Application Fee				
Graduate / Prof College – Domestic	\$30	\$50	\$20	66.7%
Graduate / Prof College – International	50	75	25	50.0%

Graduation Fee	15	25	10	66.7%
Registration Fees				
Day 6 of classes and later (effective 8-1-03)	8	0	-8	- 100.0%
Day 16 onward (effective 8-1-03)	16	0	-16	- 100.0%
Transcripts				
First and Additional Copies	7	8	1	14.3%

Application Fee

Increases the graduate and professional student application fee for domestic and international applicants.

- Revenue from the increase of applications from the graduate and professional programs will be used to improve and enhance student service programs and for increased administrative expenses.
- Revenue from the increase of applications from international applicants will be used to cover the cost of compliance with new federal regulations regarding the tracking of foreign students and their families. The University of Iowa has purchased new hardware and software (SEVIS) to assist with this effort and will incur recurring costs as staff has been added in International Programs to manage this effort.

Course Delivery

- RN / BSN Courses - Increases delivery fees for RN and BSN courses (per credit hour) to correspond with the tuition percentage increase approved by the Board in November 2002.
- A.D.A. Dues - Increases A.D.A. Dues. The American Student Dental Association's House of Delegates approved an increase in annual membership dues effective January 1, 2003. This fee increase is simply a pass through.
- Laboratory Supplies - Increases laboratory supplies fees due to the costs associated with the operation of College of Dentistry instrumentation and central sterilization service and facilities.

Graduation

Increases graduation fees to cover increased costs associated with personnel and mailings and to provide improved diploma production.

Registration

Eliminates the two current separate registration fees for course changes and establish one automated fee. The new process will be on-line and is not anticipated to generate additional revenue.

Transcripts

Increases the transcript fee to help cover the increased costs of paper and enhanced web self-service development.

Iowa State University

NEW FEES Iowa State University requests approval for the following new non-tuition-related fee:

Proposed FY 2004

Praxis I Preparation tutorial \$25

Praxis I Preparation Establishes a new fee for students needing more preparation prior to taking required tests for the Teachers Education Program. The fee will be charged only to those students utilizing the tutorial.

The Praxis I Preparation replaces the Learning Plus Program tutorial. (See below.)

Application	Increases the international graduate student application fee. Revenue from this fee will be used to establish web-based recruiting and prospect management capabilities at the graduate level and eliminate the current surcharge for applying electronically. This change will need to be modified through the <u>Iowa Administrative Code Process</u> .
Course Delivery	Electrical Engineering Kirkwood C.C./Engineering Videotape Lecture — Eliminates two delivery fees and convert them into one special course fee based on the actual cost of course delivery.
Deferred Billing Administrative	Increases the deferred billing administration fee to cover increased costs in administering the program such as data processing, mailing, and staff time. This fee enables a student to pay their bill in installments.
Departmental Exam	Increases the departmental exam fee to help defray administrative and staffing costs.
Developmental Courses	Increases in the Mathematics fee are derived from tuition. Approval should be moved to fall submission when other tuition-related fees are submitted and approved by the Board.
Learning Plus Program	Eliminates the Learning Plus Program tutorial and replaces it with the Praxis I Preparation tutorial as described above.
Placement Services	Eliminates this fee. Placement services are now provided free of charge to students.
Registration Fees	Eliminates this fee due to on-line registration. The Registrar no longer prints and mails registration materials.
Student Activity Privileges	Eliminates this fee due to its new mandatory fee status as approved by the Board at its November 2002 meeting.
Transcripts	Increases the transcript fee to help fund the increased costs such as personnel and materials.

University of Northern Iowa

NEW FEES The University of Northern Iowa requests approval for the following new non-tuition-related fees:

Proposed FY 2004

Thesis Fee	
Doctorate	\$35
Masters	25

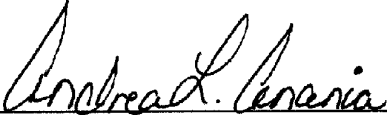

Establishes separate Doctorate and Masters fees to totally fund the expenses generated with thesis production. These costs include: printing the Thesis/Dissertation Manual, telephone, paper, photocopying, and postage.

* Optional in FY 2003 – Required in FY 2004.

Applied Music	Increases lesson fees and instrument rental to be consistent with peer institutions and to reflect increases in replacement costs.
Developmental Courses	Increases developmental course fees to be consistent with the current tuition schedule. This fee will be considered with tuition in the future.
Diploma Replacement	Increases diploma replacement fees due to increased personnel and material costs associated with replacing lost diplomas.
Graduation Fee	Increases the graduation fee to be consistent with the other institutions. This fee provides for all aspects associated with graduation materials and commencement ceremonies.
Orientation Services	Increases the orientation services fee to increase compensation to orientation student staff, fund a Parents Guide and Newsletter, increase support to "First Year Student" programming, and cover the transfer of a Merit staff employee from the general fund to this account.
Perkins Loan Fees	Increases Perkins Loan fees to cover fee increases such as labor, postage, and materials fees.
Price Laboratory School	Increases Price Laboratory School fees to cover increased costs, such as drivers education expenses, student materials, books, supplies, transportation, technology and to more accurately reflect the services that are provided.
Registration Fee	Increases registration fee changes to provide more application consistency and reduce student confusion.
Student Teaching Fee	Increases the student teaching fee to assist with the expenses associated with student teaching placement such as transportation, communications, travel and housing, personnel, and cooperating teacher compensation.
Thesis Fee	Eliminates the general thesis fee and instead implement separate Doctorate and Masters thesis fees.
Transcripts	Increases the transcript fee to help fund the increased costs such as personnel, computer resources, materials, and postage associated with providing this service.
