

MEMORANDUM

To: Board of Regents
From: Board Office
Subject: Student Appeal
Date: July 7, 2003

Recommended Actions:

- (1) Deny the appeal of a student from a decision at the university; and
 - (2) Deny the request for a hearing before the Board on this matter.
-

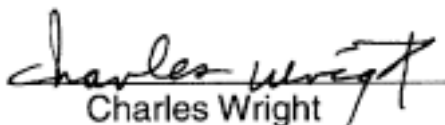

Executive Summary:

This matter was before the Board in September 2002. Upon the recommendation of the Board Office, the Board remanded the matter to the university for further investigation and/or proceedings.

The university has completed the investigation and proceedings and the record now appears complete.

Based on the record presently before the Board, contained in a CONFIDENTIAL exhibit in the Regents Exhibit Book, the Board Office recommends denial of the student's request for review.

If the Board adopts the recommended action, this will complete agency action and the student may appeal the decision to Iowa District Court as permitted by law.
