Subject: September Meeting of the Iowa Coordinating Council for Post High School Education
Date: October 8, 2001

Recommended Action: Receive the report on the October meeting of the Iowa Coordinating Council for Post High School Education

Executive Summary: The Iowa Coordinating Council for Post High School Education met on September 26, 2001.

The Council accepted a report on 34 new programs proposed by the constituent institutions.

The Council heard a panel discussion representing staff and students from the University of Iowa, Buena Vista University and Iowa Valley Community College discuss problems, issues and solutions to the abuse of alcohol by college students.

The Council discussed the problems related to reductions in appropriations and agreed to have the ICCPHSE Executive Committee develop recommendations for review by the Council concerning possible collaborative efforts to address the contribution of higher education to the State of Iowa and strategies for a united approach in the next legislative session.
