Weekly TIER Update – July 17, 2014

Deloitte Returns to Campuses in Phase 2 Review

This week the Deloitte team has returned to the University of Northern Iowa (UNI) for additional meetings with campus stakeholders including members of the UNI Sounding Board. The topics of discussion with the Sounding Board include: recapping the Phase 1 report to discuss questions and comments, obtaining feedback on how to best communicate with the university community going forward, and discussing the project timeline.

While at UNI, the focus of Deloitte's work is to gather additional input from campus representatives to develop business cases for the administrative areas. Deloitte plans to undertake similar work at Iowa State University and the University of Iowa in the two following weeks.

The Board and the Deloitte team thank all stakeholders who will be providing additional input for the TIER review during the follow-up visits to the campuses. In addition, they also encourage continued public input on the TIER study at the following web sites:
